SPORT NEWS OF A DAY, HOME AND ABROAD

Football King's vs. U. N. B.

The King's College football team will play the U. N. B. fifteen at the college grounds in Fredericton on Saturday.

Kennel General Building Standard.

At the recent show of the British Bulldog Club at Leeds, there was a general meeting of the Federation of the Allied Bulldog Clubs of the United Kingdom. Other clubs which have notified their accession to membership include the Bulldog Club of France, the Verrier Oesterreichischer Bulldog Club, with headquarters in Vienna, and the South African Bulldog Club. The federation proposes to draw up a uniform standard and description of the pure bred bulldog, which will be free for the use and education of all lovers of the breed, unhampered by the present complications of copyright.

News of the Horses.

Joe Patchen is to show at Phoenix, Ariz., next month. Braden Direct is sure of the crown for the four-year olds. Massachusetts takes pride in the remarkable season's record of the great trotter Baden.

Baseball Greg's in Edmonton.

Edmonton, Alta., Oct. 22—Vern Gregg, star pitcher for the Cleveland American League team, is in Edmonton today, carrying a contract from the Nave for 1913 and a lot of plasterer's tools. He was accompanied by his father, formerly of Lewiston, Idaho. He will go into the contracting business here during the winter and early spring months, returning to Cleveland in time for the training season.

Child's Dying; Loss Home.

Baldmore, Oct. 22—Because Clarence T. Childs, known family to baseball fans several years ago as Cupid, was unable to keep up payments on the house he was trying to buy here, where he has been living at the point of death for weeks, the house has been sold over his head. The price paid at the auction was \$2,225, and Childs' indebtedness was \$1,631.83.

Brush Out of Danger.

New York, Oct. 22—John T. Brush, owner of the New York National League Baseball Club, who several times has been reported dying, is announced to be out of danger. At the Hotel Imperial it was said that Mr. Brush had not recovered since he had been out for a dive both Saturday and Sunday.

Diamond Sparkles.

It is reported that Dodo Fitzgerald, who caught for the Fredrickton baseball team last season, has been signed with the Detroit team and will report there next season.

Billy Evans, one of the umpires who officiated at the world's series baseball games passed through the city yesterday on his way to Sydney, C. B., to spend a vacation. He was accompanied by Mr. and Mrs. George Bickerton, the latter his sister.

New Blood for the Cubs.

Chicago, Oct. 22—President Murphy of the Cubs, has issued a statement which indicates that several new faces will be seen in the 1913 line-up, as well as a new manager. He declares the team lacks speed, and the changes are to be made with an idea of getting faster men on the

HOME FOR CHILDREN WHILE MOTHERS ARE OUT EARNING LIVING

Montreal Has Only One Permanent Day Nursery; New York Has Ninety-Two

(Montreal Witness.) A model day nursery in miniature, complete in every detail, is attracting large numbers every day at the Child Welfare Exhibition. Children and mothers are keenly interested in the kindergarten, the bathroom, the kitchen, the infant's room, with its little cribs and safety rocking horses, the roof garden-plant, and other equipment which shows how children are cared for in a modern day nursery.

Off Till Thursday.

The bout between Abe Attell and Jimmy Walsh, which was scheduled to take place at the Pilegrim A. Boston, was put over till Thursday evening. Attell asked Matchmaker McLean to give him two days more in which to get into condition for the go. The former featherweight champion realizes that he will have to be at his best in order to hold his own with Walsh.

Flynn After McCarty.

Chicago, Oct. 22—Sam Citron, a local heavyweight, knocked out Tom Macksey of Bangor, Me., in the fourth round of a scheduled ten round bout at the New Star Athletic club, last night. McCloskey, with an advantage of twenty pounds, was out-punching his opponent, when a hard right overhand swing to the point of the jaw forced him to take the full count.

Chicago, Oct. 22—Johnny Dundee, featherweight boxer, was nineteen years old Saturday. Johnny was exactly \$12,483 richer this day than he was twelve months ago.

The amount is the prize money the boy has drawn down in outside in a year, a big sum for a lad not yet out of his teens. He did not pull in the money in any very great big lots. He had many a battle before he accumulated it and here is the way it came to him:

Table listing boxing records and earnings for various fighters like Ty Cobb, Frank Paddy, Eddie O'Keefe, etc.

Dundee has always been a good liver, and never a spendthrift. The big share of money he has made he has put in the bank, and today boasts of a bank account of close to \$10,000.

He has been boxing professionally for just two years and has had 100 bouts.

AFTER KIP.

When the husband meets his helpmeet every morning in debate, and he's trying to explain to her why he was out so late, there is never any question that his argument will fail.

For the female of the species can talk faster than the male.

When the argument is hottest and they get down to brass tacks, and they land each other's relatives a lot of pungent whacks, you would think that hers were angels and that his should be in jail.

For the female of the species can think faster than the male.

When they're winking up the hoodle that he's earned throughout the week, and deciding how to spend it, he's a pretty helpless geek.

It is sad for him to look at his percentage of the kill.

For the female of the species can grab quicker than the male.

When they do their weekly shopping and they linger 'round the store, till the husband thinks that living is a most decided bore.

She can take a 50-cent piece and get dry goods by the bale.

For the female of the species can buy cheaper than the male.

When it comes to information on the gossip of the day, on the neighborhood activities and things that people say, she has got her husband beaten when she gets upon the trail.

For the female of the species can "hear" lots more than the male.

DIPLOMATIC.

On the day when the courier brought the news of the signature of the peace of Amiens, Talleyrand thrust the impatiently awaited document in his pocket, went to the emperor, and engaged him in current affairs. When these were all disposed of, he said: "Now I have good news for you. Read!" "And you could not tell me this immediately?" exclaimed the astonished Napoleon. "Certainly not, for then you would listen to nothing else."

Bangor Section Has Profited By Automobile Tax Fund in Highway Work

(Bangor Commercial.) Penobscot county and this section of Maine has profited by the automobile tax work in the state. The allotment of the money has been in the hands of the governor and council, and through this body thousands of dollars have been expended in improving the highways of eastern Maine as well as other parts of the state.

In many cases the amount appropriated by the council has represented only a part of the actual money expended as cities and towns have raised large amounts, and there have been several instances where private subscriptions have helped to swell the total. The result is that the roads are showing the effect of the work being done and there is a general improvement throughout the state.

One of the most notable improvements made in this section during the season was the work done on the road through Ettaog. This has always been a bad piece of road, but through expenditure of \$5,000 allotted to the town from the automobile tax fund it is now in great deal better shape than it has been for a long time.

Up in the town of Greenbush, through the sand hills, where the road has been particularly bad at times, the state has laid out \$3,000 more, and a good piece of gravel and clay road has been constructed through the worst of the sandy places.

At Boyd Lake and Oranville, \$800 has been expended in much needed repairs to the state highway from this fund, and in Carroll \$500 was appropriated for work on the road and several new culverts, which are a great improvement over the former arrangements.

The towns of DeLham and Holden received \$3,000 to use on their roads, with the result that the roads are considerably improved. The roads in the town of Oranville are usually kept in excellent shape, and the state has assisted the town to the extent of \$300 this year for work in the lower end, where the highway needed repairing.

On the road from Millinocket through Medway \$1,200 has been expended and \$1,000 has been used on the Orland road. The Kingman received \$2,000 and \$400 has gone to Lincoln for repairs. Stockton Springs received \$1,000 from the fund and \$1,500 was used on the road between Belfast and Camden.
