The Child's Protection Act Endorsed Today

IMPORTANT SESSION

Norton Griffiths Financial Matter in Connection With Building of Larger Dock Taken Up—Parish Officers Appointed and Rates Fixed

The Children's Protection Act received hearty endorsement from the members of the municipal council this morning. The bill was read over and Rev. H. E. Thomas and A. M. Belding were heard in explanation.

A rough draft of the terms under which Norton Griffiths & Co. would undertake extension of the dry dock to 1,200 ft. for a guarantee of \$80,000 a year for 35 years for a sinking fund for the same and offer 50 per cent. of the surplus stock of the company and their undertaking to establish a ship building plant in return.

Parish officers for 1913 were appointed at various reports were submitted. The matter adjourned at one o'clock to meet at 2:30 o'clock this afternoon.

Wardens Carson presided and there were present Councillors Frink, McLellan, Goff, Wigmore, Agar, Fong, Longward, Stephenson, Bryant, Golding, W. Black, Conradien, Shillington, and County Secretary Kelly.

The first business was the consideration of the bill to provide for an act for the protection of children. It was read by county clerk and on motion of County Wigmore, was taken up section by section.

McLellan moved that the council committee to hear Rev. H. E. Thomas and A. M. Belding as representatives of those promoting the bill. This carried and the gentlemen were asked to address the committee.

Thomas said: "What we seek is endorsement of this council. We are not asking for a private bill, but we are asking for a public bill which will be of benefit to all children."

Belding said: "I am sure that the council will endorse this bill. It is a bill which will be of benefit to all children."

THEY WILL GIVE UP ADRIANOPLE

PEACE IS NOW IN SIGHT

Majority of Ottoman Ministers Reported in Favor of Giving up Disputed Fortress—Austria Hears That it Has Been Decided

(Canadian Press)

Constantinople, Jan. 22.—The grand council of the Ottoman Empire decided today in favor of accepting the proposals put forward by the European powers for the purpose of bringing about the conclusion of peace.

London, Jan. 22.—The "Times" believes that a majority of the Turkish ministers are now in favor of accepting the powers' advice, and that the Porte will recommend the national assembly to report in that sense. It is expected therefore, that Turkey's reply to the note of the powers will acquiesce implicitly in the cessation of Adrianople.

Constantinople, Jan. 22.—The Turkish losses in the battle with the Greeks in the Dardanelles on January 18, killed four officers and thirty-six men.

A Greek shell exploded inside one of the towers of the Turkish batteries at the Helles, killing and wounding every man in it and disabling both of the 13-inch guns. Severe damage was also inflicted by the Greek projectiles on the Turkish battleship Asar-Tawfik.

The Turkish gunners declared that they included important losses on the Greco-Turkish front, Jan. 22.—Turkey has decided to surrender Adrianople to the Greeks, according to a semi-official telegram from Constantinople through an Austrian source.

The acceptance on the other hand, of one of the three alternative amendments would probably result in the defeat of all the definite suffrage amendments, which would cause the government the most immediate, though not the most serious, embarrassment.

WEDDINGS TODAY

A very pretty wedding was solemnized in the Cathedral of the Immaculate Conception at 7:30 o'clock this morning, when Rev. A. W. Meahan, D.D., united in marriage Miss Martin V. Clancy and George P. Gambell, both of this city.

A wedding of much local interest will be solemnized this evening at 7:30 o'clock, in St. Luke's church, when Rev. H. P. McKim will unite in marriage Percy K. Moore, of this city, and Miss Sadie, daughter of Mr. and Mrs. G. A. Vincent, of North End.

A wedding of interest to St. John people took place in Hartford, Conn., on Monday, Jan. 21, when Miss Elizabeth May McKee, daughter of Mr. and Mrs. John McKee, was united in marriage to Hugh Richey, son of the late Hugh Richey, both of St. John.

CABLE REPORTS CRISIS IN BRITISH CABINET POSSIBLE

Suffrage Bill May Be Cause Of Trouble

RESIGNATION TALK

Sir Edward Grey, Says Rumor, May Resign if Amendment Defeated Except on Its Merits—Meanwhile, Campaign Over Votes for Women is Furious

(Canadian Press)

New York, Jan. 22.—A cable to the Tribune from London says: "The woman suffrage agitation has developed an exceedingly grave aspect. The following statement was made on high authority last night."

If the suffrage amendment is defeated and Sir Edward Grey feels that the decision has not been arrived at on the merits of the franchise bill, on the third reading and resign.

It was on the understanding that no consideration except that of suffrage should be allowed to enter into the division that Sir Edward Grey agreed to the course advised by the cabinet on this question, and Mr. Asquith will probably make it plain this week that this is the attitude adopted by the cabinet.

With regard to the general question of suffrage, the House of Commons may be divided roughly into four great parties: First—Those opposing woman suffrage. Second—Those supporting woman suffrage. Third—Those supporting woman suffrage in a limited degree. Fourth—Those who support Premier Asquith before anything else.

There are three possible main developments. In the first place, Sir Edward Grey's amendment to omit the word "male" may be defeated. In the second place, it may be passed without consideration of the woman suffrage amendments may be passed in committee.

Of the three alternatives, the defeat of Sir Edward's amendment would cause the government the least embarrassment. Its acceptance, followed by the defeat of all the definite suffrage amendments, would cause the government the most immediate, though not the most serious, embarrassment.

WANT RECIPROCITY

Bermuda and Bahama Islands Representatives Before Washington Tariff Committee -- Cut in Some Schedules Sure

(Special to Times and Montreal Star)

Washington, Jan. 22.—Representatives of the governments of the Bahama Islands, and of Bermuda made a virtual appeal for trade reciprocity with the United States at yesterday afternoon's sitting of the Bermuda committee of ways and means.

The plea of the three was for such reciprocity as would secure for them the duties of the United States. "It is the aim of Bermuda to enter into reciprocal trade relations with the United States," said Mr. Spurling.

Mr. Spurling, in urging for a reduction in the duties on sponges, pineapples, grapefruit, oranges and salt made the statement that "if you drive us from your doors we might go across to the Canadian border and that does not suit the Bahama, nor does it suit Bermuda. We are simply citizens of the United States, and we have got to pay in kind."

Mr. Spurling declared that "the commerce of the colony is conducted almost wholly with the United States, which nation is treated in regard to tariff duties on exactly the same terms as the United Kingdom, Canada and the British West India Islands."

The premier arrived in the city today from Woodstock, to attend a meeting of the Sanitarium Commission. The first opening of the remainder of the buildings would not take place until later in the year.

The premier smiled when asked concerning the rumor that he was soon to retire from active political life, and said that he had already answered the question to the effect that "it would not be for some time at least." The house would meet on February 13, but he said complete arrangements had not yet been made. A meeting of the government will be held before that time.

(Special to Times)

Dalhousie, N. B., Jan. 22.—A very pleasing event took place on Tuesday evening at the residence of Hon. C. H. Labillois, when a committee of friends presented to him an address, accompanied by a purse, on the occasion of his completion of thirty years of public life.

The presentation was made by A. E. G. McKean, of Campbellton, who presided as chairman of the committee. The address was read by Mr. Labillois, who made a fitting reply, speaking at length and thanking those who had presented to him the address and the purse.

Mr. Labillois, who made a fitting reply, spoke at length and thanked those who had presented to him the address and the purse. He said that he was grateful to the committee for their address. He said that his happiest feelings in relating for the present from politics was because of the number of witnesses who declared themselves as Democrats.

FIFTH AVENUE AND BOWERY IN ACCORD

Join in Interest in Wedding of Miss Helen Gould

Wealth of Gifts to Bride—As Mrs. Shepard Her Philanthropic Work Will go on—Still Has Nearly all Her \$10,000,000

(Canadian Press)

New York, Jan. 22.—The Bowery and Fifth avenues form a common focus for their interest today in the wedding of Helen Miller Gould, daughter of the late Jay Gould, to Finley J. Shepard, of St. Louis, son of a New England clergyman. Society was interested because the wealthy Gould family has been considered part of it; the Bowery poor and the thousands of others in needy circumstances, who have benefited by Mrs. Gould's philanthropies were interested because they considered Helen Gould as their friend.

The number of witnesses who declared themselves as Democrats hailing from the democratic south, was legion, and practically they all believed in the virtues of protection where their own industries were concerned. "We voted the democratic ticket in spite of programs and politics," a Texas cattle raiser declared.

Mr. Spurling, in urging for a reduction in the duties on sponges, pineapples, grapefruit, oranges and salt made the statement that "if you drive us from your doors we might go across to the Canadian border and that does not suit the Bahama, nor does it suit Bermuda. WEDDING OF PARENTS; DIES IN THE DEPOT

Henry Calvin Stricken This Morning While Checking Trunk

The summons of death came swiftly this morning in the Union Depot to Henry Calvin, of New York, formerly of Grand Bay, who with his wife, had just entered the baggage room to attend to the checking of his trunk. He was seized with a hemorrhage and died within a few minutes. The burning of a blood vessel caused so great a loss of strength that it was impossible for him to have medical attention before he had expired. Mr. Calvin was barely 50 years of age and had been in New York for the last few years working with his brother, John, in the erection of gas tanks. His wife is two years younger, and is a native of Scotland, without any relatives here, and was practically a stranger makes the circumstances all the harder.

Besides his parents, Mr. Calvin is survived by four brothers, Bruce and James, at Grand Bay, Joseph, of Indianapolis, and John, of New York, and three sisters, Mrs. Elizabeth Harkins and Mrs. Sarah Morrow, of Grand Bay, and Mrs. Alonzo Stewart, of Adelaide street. The news of his death was sent to his old home this morning, and it is expected that the body will be taken there for burial.

WORK OF 1912 REVIEWED

Commissioner Agar's First Annual Report

COST OF WORK IN CHARLOTTE AND KING STREETS ELSEWHERE—MAIN STREET PROBLEM—PLANS FOR EAST AND WEST SIDE—THE PARKS AND PLAYGROUNDS

In his first annual report to the common council M. E. Agar, commissioner of public works, presents some interesting facts and figures regarding the work done by his department during the year 1912, showing the large amount of new work which has been accomplished, in addition to carrying on the usual features of the work. His 1913 forecast of the work which is to be undertaken by this important department is also of much interest.

Your Worship and Gentlemen— I have the honor to present my first annual report of the expenditure in the public works department for the year just closed.

The department as now constituted under the new form of government, which was inaugurated on May 7 last, is confined to the control of, and construction and upkeep of, streets, parks and playgrounds.

The care of streets involves the greater part of the energy of the department. The mileage of the streets on the east and west sides being about fifty-one miles. The topography of St. John is a city of hills and valleys, making it quite difficult and expensive, therefore, to build and maintain streets.

The parks under the control of the city are not large, but sufficient so to be worthy of care and pride and should be carefully maintained.

The playgrounds are only a late development, but must surely become an important feature in the future welfare of the city.
