TEACHERS GET MORE PAY—Sussex Records—There will be an increase of \$500 made in the salaries of the Sussex teaching staff next year. For some time it has been getting harder and harder to hold good teachers at the salaries that have prevailed in former years. The West has been taking many a district in the maritime provinces. It has become necessary to make an addition here, particularly in view of the fact that Sussex is now possessed of a splendid staff. The increases are general and in the aggregate reach the sum named.

FISHING INDUSTRY

DEMANDING INQUIRY

Mr. H. S. Clements, M. P., Wants the Asiatic Excluded, or at All Events Rendered Less Mosopolistic

(Victoria Colonist)

H. S. Clements, M. P., who arrived in the city yesterday to interview the Hon. J. D. Hazen, minister of marine and fisheries, is taking up a strong attitude upon the question of Asiatic fishing in the province of British Columbia, and intends during the next few days to impress upon the minister the desirability, in the interest of the white population of the province, of having the granting of licenses to Asiatics stopped permanently.

"I want total exclusion in this matter," he said, in conversation with a Col- onist representative, "and if I cannot have it I want the next best thing to it and that is the stopping of the issuance of further licenses to Asiatics for fishing in the province. And, for that matter, I intend to urge that the department should investigate the licenses at present held, because I am convinced that in a great many cases they are being held and operated illegitimately—that is to say, they are being operated in the names of white people.

"Now, the fishing industry in the province of British Columbia is one of the greatest assets the country has. As such it affords an opportunity for white labor which is not surpassed by any other industry, and I think it is unfair that it should be exploited by the Asiatic to the detriment of the white population. It is a great deal worse than they should be doing so under false pretences, as I am advised they are in a great many cases.

"It is my intention to bring this matter before the minister of marine and fisheries, and to ask him to have it thoroughly investigated. I do not know what the government's attitude may be in regard to this matter, but I approach it from the point of view of member of parliament for Comox-Alton, and in that capacity, my contention stands that the exploitation of the fishing industry by the Asiatic element should be allowed to go on, but should be, at all events, curtailed as far as possible consistent with international rights.

"Apart from this and some minor questions, the fishing industry of the section of the province which I have the honor to represent is in a splendid condition. The catches are well up to the average, and the returns are also a pair with the best. On Monday next the Hon. J. D. Hazen will leave Victoria and visit Prince Rupert, from which point I propose to conduct him over the various fishing stations on the coast of White and the return he will also make a call at the canneries and have a look at the conditions existing there. While little may be heard of the cannery business in these parts, it is safe to say that it is forging ahead at a tremendous rate, and I am sure that the minister will be amazed at the sight in store for him."

Governor Toner of Pennsylvania was so engrossed in a ball game on Saturday that he forgot until some time after the game that it was the last of the thirty days in which he had to sign bills. In a tremendous race, and I am sure that he signed 528 bills, most of them carrying appropriations which he cut down. Governor Toner was once a professional ball player.

It is proposed to extend Birmingham, Eng., Municipal Technical School at a cost of £105,000.

SWISH! BIFF! BANG! Another Milk Pail Gone To Grass

DON'T blame the cow when the flies are holding a convention on her hide. She can't stand still with every nerve on edge and every muscle braced to resist. Under such circumstances you are lucky to get half the usual quantity of milk, for she simply can't let it down unless she's comfortable.

Pratts "Fly Chaser" will drive away the flies and keep them off. It is safe, sure and easy to use. Does not taint the milk or cause the fat to mat. Used on horses, cows and hogs, it prevents ill-nature and ensures perfect health during the trying summer season.
