Athletics' Slump Not Likely To Lose Them the Pennant

But They Have Had a Bad Time of It From Catchers To Outfielders—The New York Giants' Position

By JOHN J. MCGRAW, Manager of the Champion Giants.

New York, Aug. 24.—The Athletics have been badly beat within the last week, when they dropped three out of four to Cleveland and had a tough time with the other clubs in the west which have been rated as easy picking.

The principal grounds for my belief that the Athletics will play the Giants in the world's series are that they have the natural strength which, combined with the lead that they possess at present, is a great little handicap to be overcome by any club in second place in the letter part of August.

The same conditions have put the Giants comfortably far in advance of Philadelphia now. The Phillies hung on to my club all the last season, as if they intended to make a race of it.

Gonnie's Tough Proposition "Gonnie" Mack is up against a tough proposition at present. The proposition is for him to have faced it himself, in fact did last August when the Cubs crept up to within a few runs of him.

LEAGUE ENDS; LEADERS

Three Big Battles Postponed

FROM T. S. ANDREWS

Milwaukee, Aug. 21.—It seems rather a peculiar incident that three big battles scheduled for the first week in September, two of them on Labor Day, should be postponed on account of one of the contestants in each bout being injured.

Vanover, for the international championship on Labor Day, but the British champion got into an altercation with a big 200-pound lumberman, and as a result injured his ankle, necessitating a postponement, which Ritchie agreed to.

and from this out all clubs will pay their legitimate bills and stand on their own bottom, as they can look somewhere else for money to finance it, as the management have invested so much money in this matter now that they fail to see why they should be called upon for any more.
