I could not get the ointment. I was in the hospital about a month of January. One day I changed to room the patient a on a like mine, but I gave no credence. At 11 I said, 'I will try the Cuticura ointment.' The doctor washed and ointment. I got one box of the Cuticura ointment, and in less than two days the skin was all right, and I was out. I have not had a return of the same skin, and I shall never part with the Cuticura ointment. I have the means of my life."

In a further letter Mr. Tyrrell adds: "The first appearance of my skin was a burning itch which I tore and let my body, legs and arms one mass of sores. It cured sleepless nights, but now I can sleep as well as ever."

TWO WONDERFUL CURES

Zam-Buk Heals Terrible Injuries

Just think of a little fellow of two years burned so badly that the flesh peeled off! That was the case of the two-year-old son of Mrs. A. Peters, of Wilton, Ont. The little one's arm, from his hand to his shoulder, was terribly burned, and the tendons and muscles of the arm badly injured. He received medical treatment, but the shocking burn did not seem to get better. The family turned to Zam-Buk and note the result. Mrs. Peters says: "A few days after getting him Zam-Buk the sore had begun to heal. In a few weeks the arm was completely healed. Not only so, but Zam-Buk had had a beneficial effect on the injured tendons and muscles, so that these too recovered their usual functions, although they had previously become shrivelled and almost useless."

Zam-Buk cures eczema, ulcers, blood-poison, abscesses, skin eruptions, scalp sores, chapped places, neuralgic pains, cuts, burns, bruises, and all skin injuries and diseases. All druggists and stores sell it, or you may order it from Zam-Buk Co., Toronto, for price. Refuse harmful imitations and substitutes. Try Zam-Buk Soap, 25¢ per box, 25¢ per box, 25¢ per box.

SAFETY BOARD BUSINESS

A short session of the safety board was held last night, at which only routine business was transacted. A communication was read from J. G. Harrison with reference to some city property on Malborough road which he wished the council to put a price on. This was laid on the table for further information.

The chairman and Ald. Potts were named a committee to see Miss Beattie De Roe with reference to some land which was being offered to the city adjoining No. 1 engine house.

Policeman Fred L. O'Neill was granted half pay as was Sergt. Hastings, for time lost through illness, and Policeman Totten full pay as he was injured while making an arrest Feb. 27.

It was decided to grant renewals of a license to P. B. Williams for lot 1044 in St. John street, Brooks ward, and Frederick Sullivan of lots 474 and 475, Brooks ward. The chairman with the director and the two side aldermen were appointed a committee to look into a request by the municipality of Lancaster for leave to lay a sewer through certain lands belonging to the city.

An application from L. G. Crosby for the lease of land lots near Courtenay Bay was, on motion of Ald. Potts, filed, on the ground that he understood that Mr. Crosby had secured land from Mr. Magee.

The director was authorized to procure half a dozen alarm bells for No. 2 Salvage Corps, and to change the single horse hitch on the Carleton ladder truck to a double horse one. Chief Kerr said that with the assistance of the district engineer he was drawing up a new running card for the department.

Samuel Miller wrote, asking for the lease of ten feet of lot 17 in Prospect street, Fairville, for which he offered 40 cents a foot. H. E. Merryweather had an application in for the balance of the lot, offering 80 cents. The director recommended that leases be issued, provided that Mr. Miller was willing to pay 80 cents a foot and Mr. Merryweather 80 cents.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who feeds to the front for his country with a weak stomach will be a weak soldier and a faint leader.

A sound stomach makes for a good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

AMUSEMENTS FOR OURSELVES AND OTHERS

NICKEL

The thousands who braved yesterday's unpleasant elements to enjoy the Nickel programme appeared particularly well pleased. The combination of motion pictures and Verdi's music in presenting the superb operatic story, Il Trovatore, worked charmingly and a treat as rich as it was novel. The film was one of Pathé-Freres' exquisite art productions, hand colored and magnificently staged in the open air. The players were renowned Parisians. Special Il Trovatore music was furnished by the Nickel orchestra, under A. E. Jones' leadership, and from the specially arranged score supplied by Keith's orchestra in Boston. Today the Il Trovatore feature will be shown for the last time, and those who really like operatic music and stories should not fail to see and hear it. In addition to the special feature the Nickel presented an exceptionally fine Indian western film, The Lost Ribbon, by the Kalem Co. The scenic embellishments of this picture were grandeur itself. Edison's farce, The Try-Out, a theatrical skit, seemed to please everybody. Those who really like operatic music and stories should not fail to see and hear it.
