

EDITOR REFUSES TO MAKE RETRACTION Grand Jury Takes Exception to Articles in Portland Newspaper.

Portland, Ore., July 5.—The Multnomah grand jury, now sitting in Portland, is being openly criticized for its action in summoning Edward Moriarty, managing editor of the Portland Daily News, before that body in the hope of compelling him to retract certain articles, one of them referring to District Attorney Cameron as a "bone-head" and another scolding the authorities for jailing a woman simply because she refused to testify at a murder trial.

At the request of District Attorney Cameron, Moriarty appeared before the jury Thursday. The jurors, in the presence of the district attorney, demanded that the Daily News print a retraction of the two stories referred to. In reply to a question asked by one of the inquirers, the editor declared that he would stand by the stories that seemed to offend the jury.

There was a ripple of laughter when District Attorney Cameron, in reading one of the articles discovered that the word "bone-head" referred to himself. Finally, after the jurors had exhausted their supply of questions, they sought to compromise by obtaining Mr. Moriarty's consent to the publication of a retraction framed by the jury's secretary.

At this juncture Mr. Cameron, after disclaiming any responsibility for the editor's appearance before the jury, announced that as far as he was concerned he was able to let the matter drop, insisting, however, that he was not a "bone-head." Moriarty was then dismissed, but the jury promises to take further action.

BOMB EXPLOSION.

Woonsocket, R. I., July 5.—A dynamite bomb thrown into the midst of a crowd surrounding a street vendor Saturday night injured nine persons, one of whom will die. The bomb thrower was not arrested and his motive in throwing the missile is a mystery. The police are inclined to attribute the outrage to an anarchist, who chose the eve of the Fourth of July for his murderous demonstration.

GYPSUM PLANT DESTROYED.

Winnipeg, Man., July 5.—Fire, which started at 9 this morning in the Manitoba Gypsum Company's plant, resulted in a total loss of the building and plant, amounting to \$60,000. It is covered by insurance, of which \$5,000 apiece is carried by the Phoenix and British-American companies. The plant, which was isolated, was situated on William avenue, on the city limits beyond the water pressure zone, and little could be done to save it.

GARNISHEE ORDER ON GARDINER MONEY

Theatrical Company Sued by Local Dry Goods Firm.

The troubles of the Edmund Gardiner Company are not over yet. An account of some \$421 is claimed by David Spencer, Limited, to be due by the company, whose engagement here has come to an abrupt close.

In order to satisfy their claim the company has served a garnishee order upon Thomas Hill, who holds some monies belonging to the Gardiner Company, directing him to pay these over to David Spencer, Limited, in satisfaction of their bill.

FOUND IN THE NIAGARA. Body of Unidentified Man Taken From River.

Niagara Falls, N. Y., July 5.—The river on Saturday afternoon gave up its fifth body within a month and the fourth within a week. Never before in the history of the river have so many bodies been found floating in the lower Niagara in a week, and the record of 1908, when 13 suicides occurred at or near the cataract, bids fair to be broken.

The body recovered was floating near the Maid of the Mist landing. It is that of a man about 40 years old, 5 feet 9 inches in height, weight 140 pounds, nude except for a pair of black socks and one black shoe. It had not been in the water long. Identification may be established by the teeth, which contain considerable gold.

HENRY'S Nurseries advertisement listing various plants and bulbs for sale.

A GRAND KIDNEY MEDICINE "Fruit-a-tives" Cured Him When Everything Else Failed.

Uliverton, Que., March 17th, 1908. I wish to place on record, for the sake of others who may be suffering in the same way that I suffered, that no medicine I ever took did me so much real good as "Fruit-a-tives" did.

I suffered for many years with Kidney Trouble, with bad pain in the back. I was advised to try "Fruit-a-tives" and did so—and this medicine cured me when everything else failed.

I used altogether fifteen boxes of "Fruit-a-tives," and from the outset they gave me relief and I am now practically well again, no pain, no distress, and all symptoms of kidney disease have entirely left me.

CLARENCE J. PLACEY. Fifty cents a box, 6 for \$2.50, or Mail size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

BANKER'S SON SUED FOR BREACH OF PROMISE

Young Woman Begins Action for Fifty Thousand Dollars.

Oakland, Cal., July 5.—Startling tales of undying love and protestations of constancy, stories of journeys together to Washington, D. C., and Seattle, marked the recounting of the love affair of Philip Ernest Bowles, Jr., and Miss Clara Haggert, when Bowles' deposition was made preliminary to the actual trial of a \$50,000 suit for alleged breach of promise brought by Miss Haggert.

Bowles is the son of P. E. Bowles, president of the First National bank of Oakland. He was private secretary of Victor Metcalf while Metcalf was secretary of the navy under President Roosevelt.

Miss Haggert's suit for damages was filed January 19th. Bowles' deposition was taken in San Francisco and filed in this city with the court clerk.

Bowles met Miss Haggert a year before the San Francisco fire. He admits that he and the girl went to Seattle together and that the tide of their financial affairs ebbed so rapidly in that city that Miss Haggert secured articles belonging to both, with the full knowledge of Bowles, for their support. It also was alleged that the girl accepted employment as a housekeeper to raise needed funds. The defendant further admitted that Miss Haggert had been with him in Washington, D. C., while he was acting as private secretary to Metcalf.

The single letter that was introduced into the records was fraught with sensational passages. In it Bowles affirmed his loving affection for her, and his desire to live always as his girl.

National Association Convention Will Be Held at Seattle This Month.

Seattle, Wash., July 5.—The twenty-fourth annual convention of the National Editorial Association is scheduled to meet in Seattle July 19th-24th. The local Press Club is making elaborate preparations for the entertainment of the visitors while in the city. Numerous side trips, visits to various points of interest, including the Alaskan-Yukon-Pacific exposition, which in itself would seem sufficient, banquets, automobile rides over the splendid streets and through the magnificent parks of the exposition city are planned.

The association has prepared a splendid programme upon which place has been given to many of the leading speakers and writers of the United States. Assurances have been received that the attendance will be a record-breaker in the history of the association, many of the members intending to bring families and friends.

In addition to all the pleasures and delightful enjoyment which a visit to Seattle and the exposition will afford, the Alaska Steamship Company has planned an excursion on its steamer "Northwestern" to the "Land of the Midnight Sun," Alaska. This is bound to prove one of the most interesting and delightful trips attempted by the association since its organization.

The funeral of the late Percy Wollaston, sr., took place this morning at 10:30 o'clock from the family residence, 1732 Oak Bay avenue, and at 11 o'clock at Christ Church cathedral. Services were conducted at the church and the graveside by the Right Rev. Bishop Perrin, assisted by Rev. J. Grundy. The choir was in attendance, and the following hymns were sung: "A Guide With Me," "Peace, Perfect Peace," and "On the Resurrection Morning." There was a large attendance of friends and many beautiful flowers were sent. The following acted as pallbearers: Dr. Hasell, W. Wilson, J. J. Shallercock, Major Walsh, L. H. Hardie and D. H. Russell.

MOB THREATENS STREET CAR CREW Motorman and Conductor Are Blamed for Accident to Passenger.

San Francisco, Cal., July 5.—Throwing a McAllister street car over on its side to extricate Leo Schaefer, aged 28, who was crushed beneath the wheels Saturday, a mob attempted to wreak vengeance on the motorman and conductor. The angry people were finally driven back by a squad of police and traffic resumed. Schaefer was taken to a hospital, where efforts are being made to save his life. Both his legs were cut off by the car. The young man was riding on the car when he fainted and fell onto the track under the wheels. His legs were cut off before the car could be stopped.

The accident occurred at Sixth and Market streets and a large crowd gathered quickly. The only way to extricate the injured man was to lift the car off his legs and the crowd quickly shoved it off the track onto its side, believing the crew to be responsible for the accident the crowd attempted to attack them, but were driven back by the police.

FOUR INJURED.

Occupants Jumped From Carriage When Horses Ran Away.

Stockton, Cal., July 5.—J. D. Pridgen, his wife and two daughters today are suffering from painful injuries received when the horses attached to a hack in which they were returning from a funeral, ran away and galloped madly through the streets of a suburb. The horses took fright when the driver had a fit and fell from the box across their backs.

As the closed hack opened a door and commanded his wife to jump. He followed her to the pavement, sustaining fearful injuries about the face and head. Mrs. Pridgen struck on the back of her head, receiving a severe scalp wound. The two girls also leaped from the vehicle and were severely bruised and cut.

GAMBLING WILL REMAIN UNDER BAN

Police Inspectors of New York Must Enforce the Law.

New York, July 5.—No attempts surreptitiously to "lift the lid" following the removal of Commissioner Bingham, in certain sections of the city, will be tolerated by the police authorities.

Acting Commissioner Baker on Saturday called his inspectors together and imparted much advice concerning the proper discharge of their duties. During the course of his talk, he said: "There will be no 'lifting of the lid' in New York. The provisions of the law regarding gambling must and are to be enforced. I intend to hold the individual inspectors responsible for their districts and the man in whose district pool-rooms and gambling are permitted to exist will be summarily reduced. There will be no appeal."

Commissioner Baker's stand generally is supposed to be a result of the current reports that attempts will be made to conduct gambling establishments, and rumors that the police might overlook certain infringements of the law.

NERVOUS PEOPLE SALT OF THE EARTH

But When Overstrained Their Highly Strung Systems Give Way and Depression and Suffering is Intense.

Money is made these days at the expense of brain and nerve rather than muscular tissue.

The successful men and women are often of the highest strung nervous type—keen and active—but with too little reserve force.

A little extra worry and anxiety and months are often required before energy and vigor are regained. Rest helps so does fresh air and exercise, but the blood must also be made rich and red by use of such treatment as Dr. Chase's Nerve Food.

Much as they may disagree on some points the best physicians are unanimous in claiming that an abundance of rich, red, life-sustaining, nerve invigorating blood is positively necessary for the restoration of the exhausted nervous system. There is too often little sympathy for the nervous sufferer. When as a matter of fact his sufferings are most intense, being of mind as well as body. Headaches, neuritis, indigestion, sleeplessness, irritability, pains and cramps are often the lesser evil because of the depressed spirits and discouragements which come with loss of memory, and gloomy forebodings of the future. The sufferer from nervous exhaustion and prostration can use Dr. Chase's Nerve Food with positive assurance that the benefits derived therefrom will be both thorough and lasting. There is no reaction from this great nerve-builder because it is not a stimulant, but a restorative and reconstructer of the wasted nervous system. 50 cents a box, all dealers, or Edmondson, Bates & Co., Toronto.

The Yorkshire Society's annual basket picnic is to be held at Holland Point, Dallas road, this year. It will come off on Saturday next, when the members are reminded they are to bring their friends and their baskets. The sports will commence at 2 o'clock.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

AUTO CAPSIZED. Three Members of F. J. Heney's Party Injured in Accident.

Seattle, Wash., July 5.—Francis J. Heney, special prosecutor of the San Francisco graft trials, accompanied by Dr. Shadworth, O. Beasley, Detective John McCarthy, former United States Senator Fred Mulkey, of Oregon, and Jesse McLaughlin, of Seattle, chauffeur, arrived here at midnight Saturday by train from Castle Rock, after an automobile trip which started from San Francisco a week ago Tuesday. Mr. Heney and party were in an automobile accident a mile north of Castle Rock, in which Dr. Beasley, McCarthy and McLaughlin were injured. McCarthy's and McLaughlin's wounds proving most serious. None of the party is disabled seriously.

"We were about a mile north of Castle Rock and almost at the end of the bad roads when the accident happened," said Mr. Heney. "To get up a steep hill it was necessary to put on all speed. We had passed the part covered with branches when the front wheels began to sink in the soft sand and the steering wheel was defective a little. The machine plunged off the road and down an embankment about fifteen feet high, I should say. In the fall the automobile turned over. Had it not been that the rear end of the car happened to strike on a stump I believe Dr. Beasley would have been killed. He was caught under the car and the stumps on his leg for half an hour, scalding him painfully. McLaughlin was caught by the foot under the edge of the car."

He was caught under the car and the stumps on his leg for half an hour, scalding him painfully. McLaughlin was caught by the foot under the edge of the car.

CLOSING EXERCISES AT DUNCAN SCHOOLS

Programmes Presented by the Scholars Much Enjoyed.

(Special Correspondence.)

Duncan, July 3.—The closing exercises of the Cliff's school were held on Wednesday afternoon. The parents and friends of the boarders and day pupils were invited to be present. Prizes were given and the following programme rendered: Musical drill and calisthenics, the leaders of which were North Basset, Innes Bowdell, Molly and Isabel Fulton; recitations, Romans XII, by the whole school; "The Brook" and "The Psalm of Life," by the school; "High Tide" (Joan Ingelow), by the middle class; "The Lost Leader" (Browning), Arabella Welch; Perfect Woman (Wordsworth), Nora Basset; "Eglantine and Waterfall" (Wordsworth), Virginia Parker. The musical drill was particularly good, the pupils not only taking their parts with precision, but with evident pleasure. The Cliff's school has never had a more successful term's work. Miss Wilson, principal, is to be congratulated upon the good showing.

The Duncan public school held their exercises on Wednesday afternoon. Promotions were left until the beginning of the new term. After a short programme by the school the pupils presented Miss McNeely, who is leaving for California, with a fountain pen and an address book. The school arrangements will be made if it is possible, to have the principal take up first and second year High school work.

Twenty-eight candidates from the district have just finished writing the entrance examination. The largest number from any one school was eleven from Duncan.

The manager of the Home for Aged and Infirm acknowledges with thanks the following donations for the month of June: Mrs. L. J. Quagliotti, San Francisco; Mrs. H. K. Prior, Seattle papers; Mrs. B. W. Pearce, Illustrated London News; Mrs. J. H. Todd, clothing and hats; Mrs. H. D. Heinke, magazines and Daily Graphic; Mrs. Read, Lloyd's Weekly paper; A Friend (Balmoral hotel), clothing; Friend, clothing; Mr. Bosworth, clothing and boots; Jas. Morrison, clothing; Mr. Hunter, magazines; Mr. West and party, strawberries and cake; Mr. Shakespeare, reading matter; Standard Stationery Co., magazines and periodicals; Hibben & Co., magazines; A Friend, 2 bottles of whiskey; Racing Association, per J. E. Smart, secretary, passes to races; Times and Colonist, daily papers; Miers' Exchange, Western Clarion and B. C. Poultryman.

The Mutual Improvement Society will hold another "good time" social in the Gordon Head hall on Monday evening. The members of the society want to raise funds to buy a piano for the hall. A strawberry social in aid of St. Alden's church, Gordon Head, was held for the residence of Mrs. R. H. Green, on Tuesday evening. A short programme was given and an enjoyable evening was spent by all present.

As there was no candidate for nomination for school trustee in the Saanich municipality, it is left to the school board to select some one to fill the position.

Miss Lena May, who has been attending Miss Gordon's school in Vancouver, arrived last week to spend her vacation with her parents.

The many friends of Mrs. Gilbert will be sorry to learn that she is very ill at the home of her brother, James Todd, of Cedar Hill.

Arthur Collison has left for his parents' home on the Naas river. Mr. Collison intends to be away for about two months.

Rev. R. W. Collins, pastor of St. Alden's church, Mt. Toimie, is on a short visit to Vancouver.

FOR TRIP NORTH. New York, July 5.—Capt. Samuel W. Bartlett, of Briggs, Newfoundland, and Herbert Briggman, of Brooklyn, have purchased and are equipping for a voyage to Etah, North Greenland. Peary's base station, the 98-ton schooner, Jeanie, of Bay Roberts, Nfld., which will sail under command of Captain Bartlett from St. John's, Nfld., about July 15.

The objects of the cruise are to deposit coal at Etah for Peary's vessel, Roosevelt, upon her homeward voyage from her winter quarters and to bring home Harry Whitney, of New Haven, Conn., a passenger on the Eric last year, who remained during the winter for musk ox shooting.

The Dr. Frederick A. Cook relief committee of the Arctic Explorers' Club, having ceased its efforts and having run out of funds, the Jeanie will endeavor to bring Dr. Cook home and also probably will take Meno, the young Eskimo, who with a number of his countrymen came to the United States twelve years ago. Dr. George Bryce, of Birmingham, England, has an option on the post of surgeon and medical officer, and two or three sportsmen and scientists will probably accompany the expedition.

Calls north-bound will be made at Godhaven, Upernivik and Cape York, and returning the course will be on the western side of Baffin's Bay, with calls at the whaling station in Baffin Land and on Hudson straits, with the possibility, however, that all plans may be changed by a meeting with the Roosevelt, in which case Commander Peary would assume authority over both ships.

MOTOR CYCLIST KILLED. Denver, Colo., July 5.—George Michals, entered in the five-mile motor cycle race at Overland Park, was killed Saturday afternoon when his machine skidded while rounding a turn and crashed through a fence.

A Badge of Honesty

Is printed on the outer wrapper of every bottle of Dr. Pierce's Favorite Prescription

and it is the only medicine for woman's peculiar ailments, sold by druggists, the makers of which feel fully warranted in thus taking the afflicted into their full confidence.

The more known about the composition of Dr. Pierce's Favorite Prescription the more confidently will invalid women rely upon it to cure their peculiar weaknesses and derangements. There's no secrecy about its make-up—no deceptive inducements held out to the afflicted. It's simply a good, honest, square-deal medicine with no alcohol, or injurious, habit-forming drugs in its composition. Made wholly from roots. It can do no harm in any condition of woman's organism.

Devised and put up by a physician of vast experience in the treatment of woman's maladies. Its ingredients have the indorsement of leading physicians in all schools of practice.

The "Favorite Prescription" is known everywhere as the standard remedy for diseases of women and has been so regarded for the past 40 years and more. Accept no secret nostrum in place of "Favorite Prescription"—a medicine of KNOWN COMPOSITION, with a record of 40 years of cures behind it.

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Favorite Prescription." The dishonest dealer sometimes insists that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Favorite Prescription.

Send 50 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages cloth-bound. World's Dispensary Medical Association, Proprietors, R. V. Pierce, M. D., President, Buffalo, N. Y.

CONCERT AND DANCE AT CEDAR HILL

Social to Be Held in the Gordon Head Hall This Evening.

Gordon Head, July 3.—An enjoyable concert given to raise funds for the Cedar Hill school picnic, was held in the Temperance Hall on Wednesday. A very large number attended and although the hall has been made larger there is serious thought of making still more room to accommodate the crowds that attend the entertainments. Miss Ellen Ohlson, who taught the second division of the school, before leaving for Germany, very kindly assisted in the programme by playing an instrumental solo and by responding to a hearty encore. Charlie King made an able chairman and, after the programme was concluded, dancing was kept up till midnight by the young people.

The Mutual Improvement Society will hold another "good time" social in the Gordon Head hall on Monday evening. The members of the society want to raise funds to buy a piano for the hall. A strawberry social in aid of St. Alden's church, Gordon Head, was held for the residence of Mrs. R. H. Green, on Tuesday evening.
