HON. MR. TWEEDIE'S SPEECH.

FREDERICTON, March 10. — Premier Tweedie declined to reply to Mr. Hazen's speech on Friday last, when the opposition leader finished his remarks a few minutes after 5 o'clock, and took two days to prepare an answer. Yet his speech today is generally regarded as a very weak utterance. He was not in good form and his speech was tiresome and labored and elicited little applause from his supporters.

Only two points in it are worthy of notice. In reference to his course on the Quebec conference resolutions he said it was his intention to impress upon Blair and Fielding the necessity of carrying out the terms of the Quebec conference. His reference to Mr. Hazen's charge of arrogantly insulting the representatives of the city of St. John on the occasion of the royal reception was even weaker. He claimed his remarks had not been correctly reported, and stated as follows: That he did not know any delegation from the citizens' committee or city council had been appointed to attend at the railway station until told so at the Royal Hotel by James F. Robertson just as he was leaving for the station. He had since learned that the fact of such committee having been appointed had been published in the press previously, but he (Tweedie) had not been aware of the fact. At the Royal Hotel, Mr. Robertson had asked him what position the citizens' committee would take, and he had replied that he was not aware that they had a right to any position at all. Mr. Robertson then referred to Governor McClellan, who said he would be governed by the advice of the premier. The citizens' committee, continued Mr. Tweedie, would not take this for an answer and said they would go down to the station. They went down there for the purpose of being insulted. They could not be insulted, but I simply ignored them.

Mr. Osman followed Mr. Tweedie with a few inconsequential remarks and then Mr. Hill made a few remarks approving of Mr. Tweedie's treatment of the St. John committee, although he added, I would probably have acted differently.

WHAT SHE SAW IN HEAVEN.

Miss Dohner Also Says She had a Peep Into Satan's Domain—in a Trance Forty Hours.

MISHAWAKA, Ind., Mar. 10.—While in a trance for thirty hours Miss Myrtle Dohner, daughter of a farmer, says she experienced a transition from earth to heaven. In the statement given to the Rev. W. S. Tracy, pastor of Zion's church, she says she was first ushered into heaven where Christ sat upon a throne in magnificent splendor, surrounded by hundreds of angels waving palms. There were also many others, all robed in spotless white, and myriads of children graced the scene. Christ beckoned unto her, and the entire populace of the brilliant realm sang praises to the Lord.

Next day she was led into a different world. All was black and in a lake of fire. Satan's subjects were writhing in pain and begging for mercy. Satan smiled in derision at the suffering ones and asked Miss Dohner to follow him, but a guide interposed.

Miss Dohner is one of the ten who passed into a trance at the revival meeting in Salem church. While in this state she spoke the names of three persons, declaring they had just become Christians. The three joined the church at that hour, but the girl was four miles from the scene while the vision was recorded.

SPORTING NEWS.

SKATING.

Is Smith the Maritime Champion? Charlie Smith, the Moncton flyer, who has defeated all comers on his own rink this winter, now claims the maritime championship, but as the champs have not been crowned yet, his claim is absurd. However, he will have a chance to prove his assertion. Daley, Brown, Parker and all the local flyers are training for Friday night, when it is predicted there will be a new champion. Prompted by Joe McLaughlin's success in the policemen's sports, Logan, Cook and Price will all enter with the big fellows and try for the honors. Enquiries for entry blanks from outside point to a big field of starters from all over the provinces.

CURLING.

Played a Tie at the Thistle Rink. In the points competition for the Klondike medal at the Thistle rink yesterday J. S. Malcolm and A. D. Malcolm tied with 21 points each.

A game in the second round of the new comers' match was played, the score standing: F. A. Jones, T. H. Bolyea, A. M. Rowan, H. M. Sharp, J. S. Malcolm, A. D. Malcolm, A. G. Stevens, skip, 20 R. S. Orchard, skip, 6.

The winning rink will play off with Frank Watson's rink.

THE RING.

LOS ANGELES, Calif., March 11.—Champion Jeffries has arrived in Los Angeles and will spend several days here visiting his mother. He has entirely recovered from the cold he contracted in New York. The champion has been in consultation with the officials of the Century A. C., who have made him an offer of \$20,000 for the coming battle for the championship. He thinks the choice of a meeting place lies between this city and San Francisco. He will be present in the latter place when bids are opened next Saturday.

NEW YORK, March 11.—Tom Sharkey and Gus Rublin have reached an agreement with representatives of the National Sporting Club of London, now here, to appear at the club during coronation week and meet heavyweights that the organization may select. Sharkey will begin his training at once. Rublin is in fine fettle, being in daily practice with Fitzsimmons. It is said that the latter may be the men chosen by the club to meet Sharkey and Rublin, for both men have been invited abroad.

COTTON.

NEW YORK, March 11.—Cotton futures opened firm, March, 8.80; April, 8.82; May, 8.79; June, 8.79; July, 8.82; August, 8.86; Sept. 8.86; Oct. 8.84; Nov. 8.81; Dec., 8.63.

STOCK MARKET.

NEW YORK, March 11.—The support extended to American stocks in the London market had a strengthening effect on the local dealings at the opening and there was no trace of yesterday's late selling move-

ment. International stocks showed fractional improvements, particularly Pennsylvania and St. Paul, Colorado and Southern, and Manhattan were pushed sharply but Reading showed heaviness on apprehension regarding the labor outlook. The general market was quite active and decidedly firm.

G. S. MAYES WON.

Judgment was delivered yesterday in Mayes v. Connolly by Judge Gregory, before whom the case was tried during over thirty days. He found for the plaintiff, assessing the amount due at \$27,290.84.

The plaintiff's claim was allowed at \$25,558.69 out of a sum of \$25,978.89 sued for, and interest was allowed on the greater portion of it, amounting to \$1,732.15, making a total verdict for the plaintiff of \$27,290.84.

On application of defendant's counsel a stay of postea was granted. Attorney General Pugliese and John B. M. Baxter for plaintiff; A. A. Stockton, K. C., and L. A. Currey, K. C., for defendant.

This case has excited a great deal of public interest because of the large amount involved and also by reason of the standing of the parties interested, one being a contractor who has been interested in a very large number of government contracts, and the other being a local contractor who has performed a great deal of excellent work in this and the neighboring province. The long wharf construction will all ways reflect the greatest credit upon Mr. Mayes, as it is admitted to be the finest wharf ever built in the harbor of St. John.

Since the judgment was given many congratulatory telegrams have been sent to Mr. Mayes, who is at present in New York, by friends who have felt a personal interest in his case, and who are pleased at the result which demonstrates completely the justice of his claim.

The receipts of the Toronto Railway Company for February have almost doubled within the last five years. The following table of gross earnings and the city's percentage for February is given out by City Treasurer Coady:

	Gross Earnings.	Percentage
