Don't fail to hear the great camp meeting melody entitled When the Big Bell Rings at Dabbreak. It will be sung by the Jubilee Singers at the Salvation Army barracks, Carleton, to-night.

There was no business at the police court today.

There will be a band at the Victoria Rink tonight.

The Thistle Curling Club will meet at 7.30 this evening. Special business.

The Boston express was twenty minutes late and the Montreal an hour and a half late today. Some fine day these trains will come in on time.

Police Magistrate Ritchie and family are temporarily residing at the New Victoria hotel while their house on Elliott row is in the hands of interior decorators.

Forty-three cars of cattle, with about eight hundred head for the steamer Manchester City, Kasstalan and Corinthian are expected to arrive early tomorrow morning.

You can get cigars by the box, either imported or domestic, cheaper at Wilkins' cigar store, King street, than anywhere else in the city. Leading brands of cigars and tobaccos always in stock.

The St. John lodges of the Knights of Pythias will this evening celebrate the thirty-ninth anniversary of the order by a social and musical entertainment in their hall on German street. A good programme has been prepared and speeches will be made by some of the members of the order.

HARMONY HALL. The Wad-Fellow Blair-The Fate of a Windhammer.

"Mr. President," shouted a backbencher, "has the wad come yet?" "My good fellow," said the President, with ill-concealed impatience, "you seem to think of nothing else but the wad."

"If you was around the town as much as I am," replied the Fellow, "you'd talk wad from start to finish. I tell you it's a wad—and a big one—or no luck on our side this time."

"Isn't Fellow Blair here?" sharply demanded the President. "He's here," said the Fellow, "but they won't take off their hats to him. He's lost his rabbit's foot."

"That phrase," said Fellow Robertson, "must not be used here. It was in the offshoot the other day. I have suspicions concerning any man's love for dear old St. John if he reads the offshoot or has anything to do with hyperbolic editors."

"Gee!" said the York county Fellow. "Aint he fine?" "Fellow Lantulum," said the President, "I see they don't give you much of a chance on the platform. Suppose you give us a speech tonight."

Fellow Lantulum got up and sat down. "Now that," said a Fellow in the rear of the hall, "is something like a speech. If every man on our side would follow Fellow Lantulum's example, there'd be some sense in it. But just as sure as you put up a bag of wind somebody sticks a pin in it."

Thirty-six orator Fellows, headed by Fellows Robertson, McKeown, MacAlpine, Carleton and Trueman, bore down on this audacious person and talked him to death.

GOOD IMMIGRANTS. Lake Megantic Lands Healthy and Fine Looking Lot.

The steamer Lake Megantic landed 350 more immigrants here yesterday. About 175 of them were young Englishmen and Danes for settlement in Canada. The remainder were of mixed nationalities. As a lot of the immigrants were far above the average quality and their health was remarkably good. Three families—sixteen in all—were taken to Partridge Island on account of the discovery of a few mild cases of measles among them. Of the others all were forwarded to their destinations except three detained for illness and forty who were held up pending the arrival of funds.

The second cabin passengers were nine French nuns, six of whom went to the convent at Chatham, and three to Arichat.

The Lake Megantic had the roughest trip she has ever experienced and reached port covered with ice clear over the bridge. One death, that of a young child of infantile debility, occurred on the voyage out. There were no other casualties.

THAT JEWISH BOY. Young Gorman, the Jewish boy who was sent back from Vanceboro on Saturday last, is still in the city living on the kindness of Mr. Komensky.

He wrote to his home and has received a letter from his brother asking for full particulars of his detention at Vanceboro and the reasons given for it. The boy has answered the letter and will remain in St. John until he receives some more money.

The feeling among the I. C. R. officials is very strong in this matter and there is no hesitation in the expression of opinions on the United States immigration inspector's conduct in keeping the boy away from his home.

ST. JOHN SOLDIERS RETURNING. The mail steamer Corinthian is expected in port this evening. Among the passengers landed at Halifax were a number of Canadians returning from South Africa, including Sergeant McAugherty, of Toronto, of the 3rd C. M. R.; Sergeant Hobbs, of the 5th C. M. R.; Winnipeg; Trooper H. J. Hewetson, 2nd C. M. R.; Winnipeg; wounded at Hart's River; Trooper McLean, of Miramichi; Trooper Schofield, of St. John.

SUSPENSIONS. The following are by the M. P. A. A. suspended for having taken part in unsanctioned skating races held at Moncton, N. B., on the evening of Feb. 11, 1903. To wit: George McAllister, Moncton, N. B.; Charles Smith, Moncton, N. B.; and Michael Walsh, St. John, N. B.; for thirty days from date. Edward Dalton and Fred Logan for having competed while under suspension are further suspended during the pleasure of the executive.

Mrs. Willard Northrup had a portion of a sewing needle removed from her hand yesterday. The X-rays were used in locating the needle, which was successfully removed by Doctor Addy.

A NEW HOSPITAL.

Institution for Immigrants Established on West Side.

A new hospital will be in operation in St. John before the close of the week. The old Shore Line railway station in Carleton, where until lately the C. P. R. West Side freight offices have been, is now being fitted up for the purpose and will probably be ready for occupation tomorrow. In it will be treated all immigrants suffering from trachoma or favus who are now either deported or treated at the general public hospital or privately in the detention rooms of the immigration building. This movement is the work of the Elder-Dempster people, who have suffered the most from the discovery of these dangerous and infectious diseases among their passengers.

The cases building, when completed, will have beds for sixty-five patients, thirty-five on the ground floor and thirty up stairs. A greater number than this can be accommodated if necessary. By agreement with the United States and Canadian immigration inspectors all who are infected with either trachoma or favus in a curable form will be confined there and placed under expert treatment until cured. Those who are at present in the general public hospital will be brought over to the new building, where the rates charged for the patients will be only 75 cents a day. Each one will be inspected and treated every day by the doctor in charge, while in the city hospital with the present staff this is not possible. The cooking for the inmates will be done in the immigration shed. The new hospital will be well fitted from a sanitary point of view and will be heated by large stoves above and below.

The institution will be placed in the United States who recently located at the West Side and a specialist in the treatment of trachoma of favus. He has had several of the diseased immigrants under his care privately and the results were successful enough to justify his present appointment. He will be assisted by a watchman, who will act as interpreter and by a capable male nurse. If the results this winter are as hoped, it is possible that next year may see a much larger and better equipped building devoted to that purpose.

THEY MISSED THE FERRY.

There was profanity of many different shades from a party of over sixty persons who missed the ferry-boat from Carleton side early yesterday afternoon, and the remarks were addressed to the C. P. R. A train of over thirty cars was being hauled down North street, and, as always happens, it blocked the way to the ferry docks. Intending passengers kept coming, but had to remain at the head of the wharf until the way was cleared. This was not done for quite a long time, as the train was so long that it extended from the end of the wharf right across the upper crossing. It remained in this place so long that all the persons waiting missed the trip of the steamer, excepting three gentlemen who got around the cars and made a record for a hundred yard dash.

With the exception of Hill street this crossing is the most important one in New Brunswick and there seems to be no reason why the C. P. R. could not manage their trains at this point with a little more regard for the convenience of the public.

THE STOVE INDUSTRY.

The Enterprise Foundry Company of Sackville, have the plans prepared for two new buildings, which will together give them about ten thousand square feet of additional floor space. The buildings are for the extension of the fitting and plating departments, made necessary by the enlargement last year of the moulding plant.

The maritime stove manufacturers at their meeting last week advanced prices five per cent, on account of the increased cost of raw materials. The United Canadian foundry have advanced prices thirty per cent, in the last two years, compared with only five per cent, by the maritime workers.

THE BOYS' MISSION.

Last evening Rev. H. E. K. Whitney, of the Boys' Mission, entertained over fifty of the boys to a sleigh drive. The sleigh Starlight left Mr. Whitney's house at seven o'clock and went as far as the King's Daughters' Guild rooms where supper was served. The ladies in attendance were Mrs. Hetherington, Miss Bullock, Mrs. J. H. Wood, Mrs. W. H. Reid and Miss Sterling, assisted by a number of young ladies boarding at the Guild. The affair was most enjoyable.

Annual meeting, Victorian Order of Nurses, 4.30 p. m., Orange Hall, German street. Lecture by Miss Alice Jack before Natural History Society, 4 p. m.

GOODSPEED'S SLEIGH DRIVE.

Fred Goodspeed is at the Reformatory. He was taken out this afternoon in an open sleigh. The removal was effected very quietly, and attracted hardly any attention. This is Goodspeed's first good glimpse of the world out of doors for many months and he enjoyed it greatly, and welcomed the change from his quarters he has grown rather tired of.

CATTLE SHIPMENTS.

Two train-loads of cattle are expected in the city today via the C. P. R. for shipment by the Manchester City. The first train, consisting of twenty-four carloads, is due about two o'clock this afternoon and the second, of twenty-one cars, will be in at eight o'clock this evening.

BURIED TODAY.

The funeral of the late Mrs. Alice L. Garnett was held at half past two o'clock this afternoon from her late residence, 90 Kennedy street. Services were conducted at the house at two o'clock by Rev. W. O. Raymond and Rev. R. P. McKim, and the body was interred in Cedar Hill.

For a particularly choice tea try a 50c. or 60c. package of Red Rose.

VICTORIAN ORDER OF NURSES.

Report Submitted at the Annual Meeting This Afternoon.

The following report was submitted at this afternoon's meeting of the St. John branch of the Victorian Order of Nurses: To the Subscribers of the Saint John Branch, Victorian Order Nurses: The work of the St. John Branch, V. O. N., has gone on during the past year regularly and without interruption as occurred the previous year by the prevalence of smallpox.

"The regular nurses, Miss M. A. Miller and Miss A. M. Pitts, have been constantly employed during the year, whilst in the summer the calls made by the medical men for the services of the nurses were so great and numerous, an extra nurse, Miss Stella McCafferty was engaged for one month, and during the period of holidays of the nurses, Miss Blanche Fenwick was temporarily employed.

"During the year the nurses in the general run of their work attended fifteen surgical operations, they visited 148 families or 'cases' and to those they made 3039 visits, and considering the cases extended over the whole city and that some of the visits occupied the time of two hours, it will be seen the great amount of work the nurses are called upon to perform.

"The average number of visits made during the working days of the year was about ten, although visits were made on Sundays in extreme cases. "At the last annual meeting, letters from quite a number of the city physicians were read, testifying to the value of the work performed by the nurses of the order, and the testimonies then given are fully corroborated this year, when from the great number of them making requisitions for their services. The names of the physicians requesting their services the past year are as follows: McIntyre, Price, Barry, Emery, Mott, Scammell, Walker, MacLaren, Macaulay, Addy, Ellis, Roberts, Walker, T. D., Olding, Shaughnessy, Gordon, Lawin, Baxter, W. A., Christie, McAlpine, Morrison, Inches, G. A. B. Addy, Holden, Bayard, Berryman, Macaulay, Day and MacLeod.

"The board of management has to thank the citizens who have stood by their branch of the order, with their annual subscriptions, enabling them to give the services of two intelligent and competent nurses, who carry cheerfulness, comfort and material aid to many households that would otherwise be left uncared for.

"The board feels that the many citizens who do not subscribe cheerfully do so, if they would look carefully into the work being performed. There is ample room to extend the work and it is only the need of funds that prevents the board from installing a third nurse in the permanent work.

"As will be seen by the financial statement, the balance on hand Feb. 20, 1902, was \$336.14. There has been received during the year: Interest on deposits \$35.10, fees collected by the visiting nurses from patients \$303.95, from the marine and fisheries department for attendance of nurses at the Seamen's Home during the smallpox in December, 1901, and January, 1902, \$42.00, and from subscriptions \$743.37, for the year, whilst the expenditures for salaries, nurses, etc. was \$876.61, thus leaving a balance on hand deposited with the Halifax Banking Co. of \$1,224."
