MOOSE KILLED ITSELF AT ST.

ST. ANDREWS, July 18 .- At an early hour this morning a cow moose was found browsing in the Church of England old burial ground, at the head of King street. It had entered the grave

forest made for the upper end of the yard, and in attempting to jump over the fence, an iron rail one, became transfixed thereon. The points of two of the rails pierced its body behind the foreshoulders, causing it to bleed to death. The carcass subsequently was taken off the fence and skinned by a butcher and the carcass buried. Indiantown expressmen and ware-house men complain of the treatment accorded by a North End truck man to his horse. They say it is an outrage the way the animal has been worked, and have called the attention of the secretary of the S. P. C. A. to the case. The party in question was fined once,

and not very long ago, for a similar offence, but seemingly sull ill-uses the poor animal. SUMMER SCHOOL OF SCIENCE.

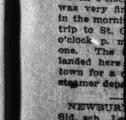

Seeing Things In The Day Time.

There are Thousands of Persons Afflicted This Way. Ninety - Nine Times Out of One Hundred It Is Caused by Either the Liver, Stomach, Bowels or Digestive Organs.

party the names of specimens collect-ed during the walk and talked about In no part of the body are the effects of con-stipation more quickly noticed than in the con-dition of the eyes. They quickly respond to the poisonous elements which are absorbed into the blood in chronic cases of liver torpid-ity and sluggish bowel sction. When you see a yellowish tinge in the whites of the eyes it shows quickly the biliousness which perusdes the whole system; but it is the specks and fil-ting objects in the vision itself that are even more quickly apparent. Thousands of people see things in the daytime; their vision is blurred, spots come between them and other objects which seem quite intangible, almost imaginary, and as they turn their beets they vanish as with a firsh. Such conditions can always be traced to a torpid liver and a loor-seted condition of the bowals, yet can always be cured by the well-advised nee of Smith's Pineapple and Butternut Pills, which cure con-stinctions of the liver, cleanes the poisons from the blood, remove the billous elements from the blood, remove the billous elements from the blood, remove the billous alements from the blood, remove the billous elements from the blood the bow als strengthes the period In no part of the body are the effects of conmarine plants, after which the faculty An excellent course dinner was served at the Markland hotel and the first boatload left for Yarmouth soon after eight, unanimously voting the citizens of Yarmouth, the hosts of the occasant, informal evening.
