Town Council

The town council met in regular session on Monday evening. Present, Mayor Magee and Aldermen, Craig, Bogue, Kent, Cawley, McKenzie and Mestlin. Minutes of last meeting were read and approved. Alderman McKenzie handed in the report of Police Magistrate Johnson which was read and approved. The following bills were presented and referred to respective committees, John Maxwell labor, \$23.13, Wm. Maxwell labor, \$23.63, St. George Pulp & Paper Co. \$1.75, James Fraser labor, \$1.75, Arthur Maxwell labor, \$29.15, Edwin Maxwell labor, \$5.25, Wm. Spianey labor, \$8.75, Alfred Spianey labor, \$8.75. After being examined by committees the bills were ordered to be paid. It was moved by Alderman Craig and seconded by Alderman Mestlin that an order be drawn on the town treasurer to the amount of \$100 to cover the amount voted for the Campbellton fire. Carried.

Adventists Create Sensation at Musquash

The Telegraph says the following regarding religious affairs at Musquash: "For some weeks the Seventh Day Adventists have been holding services daily in a tent on the grounds where Mr. Knight's home once stood. They have been making some conversions, the report goes, and it was added that this was not pleasing to the rector of the church established there and he spoke plainly of the matter in his sermon Sunday morning.

The leader of the Adventists was in the church at the service and, the report says, he arose in his place and sought to ask the preacher a question but was told that such a thing was not in conformance with church rules. One of the Adventist leader's followers is said to have thereupon left the church.

In the afternoon, addressing his congregation in the tent, the Adventist leader is said to have taken opportunity to reply spiritedly to what had been said in the morning. The matter is said to have stirred up the people greatly and the community is divided. One report is that the Adventists now talk of building a church there."

Uses of Sawdust.

Spruce and pine sawdust, thrown aside by our millmen as worthless, commands a steady price in Norway. There it is ground into meal, or wood flour, kiln dried, packed in sacks made in America for the purpose, and sold to linoleum and blasting powder manufacturers. It sells for about \$2 a ton. As the latter process is patented in the United States it is to be hoped that it will be placed in operation here, and all the sawdust now thrown into trust streams will be utilized for a more worthy purpose.

General News.

Glasgow, Aug. 6.—Scotland's first big aviation meet opened today and will continue through the coming week. The meet is international in character, the entries including many of the foremost aviators of Great Britain and the continental countries. The list of prizes offered aggregates \$40,000.

Under the marriage law of New Jersey which goes into force next month applicants for licenses must swear and prove that they are not epileptics or of unsound minds, and that they have never been inmates of insane asylums or institutions for the indigent. This ought to do good.

Hopewell Hill, N. B. Aug. 7.—Rev. W. A. Snelling, who has been pastor of the Hopewell Baptist church for the past two years, and who some time ago sent in his resignation to take effect in three months, announced today that he had accepted a call to the St. Martins church, recently tendered him, and would enter upon his duties there first Sunday in September. Mr. Snelling has been a devoted pastor of the Albert field and a great temperance worker.

The farther Sir Wilfrid Laurier goes the further he seems to get. His speech at Saskatoon, in which he gave voice to his earnest desire to see in his lifetime Canadians of all races united in devotion to the cause of Canadian nationality, was up to the standard of his finest oratory. No wonder the great Northwest is welcoming the chief with open arms. Sir Wilfrid understands the West, and the west appreciates his worth as a man and a statesman.

Halifax, Aug. 7.—There are busy scenes along the waterfront these days fitting out the sealers for their long trip to the South Atlantic and Indian oceans. The fleet this year will be the largest yet, seven stamach schooners making the trip. The latest addition to the fleet is the Nova Scotia schooner Isabel May, built for A. J. Bethell, of Victoria, B. C.

The sealers will sail the end of the month and will be away a year. Two hundred men will make the trip.

The settlement of the Grand Trunk strike, through the good offices of the Hon. Mackenzie King, assisted by Sir Frederick Borden, will be welcomed by the country at large. The Grand Trunk has agreed to take back all the men who have not been guilty of rioting or disorderly conduct, at the rate of wages offered by President Hays before the strike and to per the standard rate of wages in force a year earlier than originally proposed. Mr. Hays appears to have acted very generously under the circumstances. The Minister of Labor stuck to his task with dignified determination, in the face of the most unscrupulous and unscrupulous tactics of the strikers, and I've got the same old story.

Uses of Sawdust.

Spruce and pine sawdust, thrown aside by our millmen as worthless, commands a steady price in Norway. There it is ground into meal, or wood flour, kiln dried, packed in sacks made in America for the purpose, and sold to linoleum and blasting powder manufacturers. It sells for about \$2 a ton. As the latter process is patented in the United States it is to be hoped that it will be placed in operation here, and all the sawdust now thrown into trust streams will be utilized for a more worthy purpose.

By The Way

Too many people look upon a friend as a person they can make use of.

Lord Strathcona celebrated his ninetieth birthday on Sunday, and is still hale and hearty.

The weather this week seems to have been settled down so that the haymakers have made good progress in securing their crop.

Don'ts for swimmers and would-be swimmers are being published everywhere, and the advice bottled down is, Don't drown.

Telephone connection between London and New York to be the next achievement. Soon will be taking down the receiver and saying, "Hello, central, give me Mars."

The west is loading up. Sir Wilfrid with orders enough to keep him busy for twenty years, and chances seem good for a revival of the old battle cry at next election of "Let Laurier finish his work."

In case it rains today, you might amuse yourself inventing palindromes, which are things that read backward the same as forward. Here is one: "Red root up to order." Answer is laid to Napoleon's door: "Able was I ere I saw Elba."—Gazette.

"By the way, Elder Brown, why is it you always address your congregations 'brethren,' and never mention the women in your sermons?" "But, my dear madam, the one embraces the other."

"Oh, but, Elder, not in church."

Another matter spoken of at the council meeting was that of putting a concrete platform around the town pump. The council are planning some very popular improvements, we hope the planning will not be all, but that their places will be put into execution.

A St. John youth out walking near Rendforth, discovered what he supposed to be a pretty kitten and attempted to become too familiar with puss. He found to his sorrow that the animal was not a member of the feline tribe, though it bore a close and strong resemblance to it.—Gazette.

At a meeting of the town council on Monday evening a suggestion was made by Ald. Mestlin that the first floor of the town hall be made into a jail. He claimed that the present building was inadequate and that the cost of fixing up a jail in the town hall building would not be very much. A good suggestion.

The Grand Trunk Strike has been settled and as a result of the strike over 2,000 employees have lost their jobs, and those whose places have been filled will have to start at the bottom and work up again. Evidently Mr. Hays has won a victory.

Some Federal officers in the Civil War once sought shelter for the night in an old, tumble down hut. About two o'clock a police announced its presence in its own peculiar way. A German sergeant and looked helplessly about them. The officers were all sleeping peacefully. "Men groaning," said the sergeant, "in tones of despair." "What's that?" asked the sergeant. "I've got the same old story."

Calais

Loses.

As we go to press we learn that the Camp Utopia boys were victorious over the Calais Independents in the baseball game on the local diamond yesterday afternoon by a score of 7 to 6. The game was won in the tenth inning by Smith's hit followed by Griffin's two bagger. E. O'Neill and H. Gilmor umpired satisfactorily.

LOCALS

James Bogue and party made a trip to St. Stephen on Sunday in the gasoline boat "Arrow."

Mr. and Mrs. Thos. McCrehan of Carleton, N. B. are rejoicing over the arrival of a son.

A big band concert was held in St. John on Monday evening. \$1000 was realized for Campbellton. It is estimated that 15,000 people were present.

At a meeting of the directors of the C. P. R. on Monday a dividend of 2 per cent on preference stock and three and a half per cent on common stock for half year ending June 30 last was declared.

St. Andrews Man in Important Position.

Ottawa, Aug. 8.—Colborne Meredith, an architect has been appointed a member of the Ottawa improvement commission in succession to the late F. P. Cunningham. The new commissioner was born in St. Andrews in 1871.

Bad Driving Accident at Bridgewater.

Halifax, N. S. Aug. 6.—A serious driving accident occurred at Bridgewater tonight in which Hon. W. H. Owen, member of the Legislative council and his daughter, Miss Olive merely escaped death. Mr. Owen and his daughter were in the front seat of a dog cart and Mrs. Owen sat in the rear seat. They were driving down the steep Alexandra avenue when the harness broke and the bracing fell on the horses' feet. The high spirited animal became unmanageable and ran away. Mrs. Owen jumped from the seat and was unhurt but Mr. Owen and his daughter were hurled out with great force striking on their heads. Both were unconscious for ten minutes. Mr. Owen received a gash three inches long over the right eye and Miss Olive had both eyes closed and also received a bad gash over the back of the head. They were taken in an ambulance to their residence. They are now out of danger. Miss Owen it will be remembered won the same tennis championship of Nova Scotia at New Glasgow.

Personals.

Fred C. Lord of Deer Island, was registered at the Victoria on Sunday.

H. C. Waring of C. M. Co. was a visitor in town Sun.

Grant Sherman is home for a few days.

Mrs. Geo. Hall went to St. John on Monday.
