

U. N. B. STUDENTS SAY FAREWELL

Record Graduating Class Receive Degrees on 50th Anniversary of Provincial Institution. Twelve Salutes Fired at Midnight, the Tribute of the Senior Class--Educationalists Honored.

MODERATOR EXERCISES AUTHORITY

Frustrated What Might Have Proved Attempt to Introduce Politics into Assembly—Judge Forbes Participates.

Special to The Standard. Halifax, June 2.—The first day of the general assembly began with passing such business as is cut and dried in the blue book. In starting off the moderator, whose originality keeps alive the interest, said we shall have plenty of work. And then he pointed to the great special reports attached together making a provisional blue book of 621 pages. There will be lively times if there are any idlers in the assembly market place.

Dr. D. M. Ramsey, of Ottawa, and a large number of grave divines and orthodox elders, are to go immediately to work to examine the twelve ministers from other denominations who, through their Presbyteries desire to now subscribe to the confession of faith. There are those who have been immersed or ministered where they disowned the divine right of any other kind of jurisdiction of the Presbytery. Now they have changed their minds. There are others who saw green pastures "south of the line," but now desire to live under the old flag, and a few have come from Britain with the glamour of Canada in their eyes. There are ten Presbyteries with "favored sons" in their own lap for whom they wish the assembly to use its sovereign power to speak with professors and presidents and let them through the college gate to the work.

Dr. Abraham, of Whistly is, for the time being, the high priest of a committee to examine their certificates. Halifax, June 2.—The moderator of the assembly was on his mettle right at the start of the afternoon meeting. Dr. Ratcliffe, of St. Catharines, who sits at his right as convener of the committee on bills and overtures, proposed what looked like a very innocent thing. It was a request for the moderator to appoint a select committee to advise the standing committee on certain matters to come under the attention of the moral and social reform leaders. No doubt it has reference to the Aylesworth issue.

Dr. E. Scott, Montreal—It is only a request for our auxiliary committee to help a regular committee. The moderator—I have not changed my mind. Judge Forbes, St. John—The moderator is right. It is the only safe plan to avoid confusion. I move that it be sent back to the proper place. Dr. D. L. McKee—it would save time and that is all we want. Rev. Dr. John Pringle, Sydney—I second the motion of Judge Forbes. It was carried.

Dr. Campbell—What shall I record? D. Somerville to moderator—What for? The moderator—What you have sent to us. Although little was said about the substance of the matter, the following exciting dialogue went on for a lively quarter of an hour. Continued On Page Two.

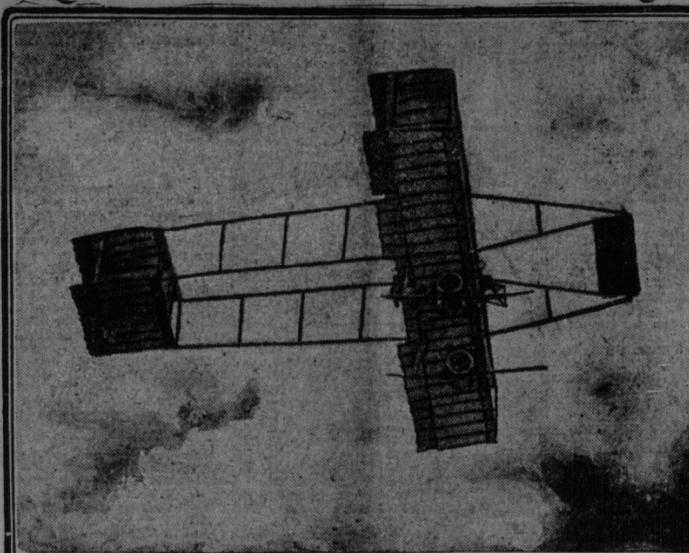

FIGHT TO FINISH IN TORONTO STRIKE

Little Hope Of Settlement Of Labor Trouble In Which Six Hundred Carpenters Left Their Work. Toronto, Ont., June 2.—Prospects for an early settlement of the strike of the builders and laborers, nine hundred of whom went out yesterday, are still remote. Large contractors say they will fight the men's demands to a finish. The representatives of the men stated today that several contractors had signed the new wage scale but the contractors claim that only one or two employing few men have given in. One hundred and fifty lathers are also out. Work on the new west wing of the parliament buildings is at a standstill but it is understood that the government will meet the demands of the men and that work will be resumed by the end of the week. This work is too urgent to be allowed to stand still.

DEATH OF A. McNUTT AT LIVERPOOL, N. S.

Liverpool, June 2.—The death took place this morning of Andrew McNutt a well known merchant of Liverpool. Mr. McNutt was in earlier life associated in shipbuilding and the West India business with his brother, the late Captain David McNutt. Since then he has done a fishing and general business. He is survived by his wife, one son, three daughters. Mr. McNutt was in his 72nd year.

ENGLISHMAN MAKES RETURN JOURNEY ACROSS CHANNEL IN A WRIGHT BI-PLANE

How the Commercial Airship Will Appear From Below. Capt Rolls in His Record Flight Clearly Demonstrated the Practicability of Aviation.

Dover, Eng., June 2.—The Hon. Charles Stewart Rolls, captain in the London section of the Army Motor Reserve, driving a Wright biplane, vindicated Anglo-Saxon aeronautics by crossing the English channel twice this evening without alighting. He made the round trip between Dover and Calais in ninety minutes. While two Frenchmen, Louis Bleriot and Count De Lesseps have crossed the channel in an aeroplane, it remained for an Englishman in an American machine to perform the double feat. The distance across between the two points is 21 miles so that his over-water flight of 42 miles without a stop establishes a new record. Captain Rolls left Dover at 6.30 o'clock. The atmospheric conditions were excellent. He lost no time in manoeuvres but after describing a circle, headed towards the French coast. In anticipation of the flight torpedo boats steamed at full speed across the straits, but the pace of the aeroplane was swifter. Capt. Rolls sent his machine to a height of 800 feet, and at that altitude he skimmed through the air like a great bird. The motor worked perfectly. The crowd who watched the start confidently awaited the return and it was not long before the speck which those who had telescopes saw disappear on the French coast, reappeared, growing larger with every minute.

When finally the aviator became visible to the naked eye cheer after cheer arose from the enthusiastic spectators, and as he gracefully soared toward the landing place made famous by Bleriot, he was given an ovation. He alighted at 8 o'clock at almost the same spot as Bleriot, showing little signs of the strain of his magnificent flight. Captain Charles S. Rolls, of the London section of the army motor reserve, has successfully followed the sports of bicycling, automobilng, ballooning and aeroplaning. At Cambridge University he was the captain of the bicycle team. Later he competed successfully in numerous automobile competitions and was awarded the gold medal for his performance in the 1,000 miles trial of 1900 in England. He drove as the representative of Great Britain in the Gordon Bennett race of 1905. Several times he broke the world's record for speed. Capt. Rolls has made more than 160 balloon ascensions. Taking up the sport of heavier than air machines he made a flight with Wilbur Wright at Lemans in October, 1908. On May 27 he started to make the cross channel flight but he had gone but a few yards when his engine failed him and his attempt was abandoned. Louis Bleriot and Count De Lesseps, the French but up to today no one had made the flight with the start from the English coast.

The veteran Captain Baldwin, made a cautious trial in a machine of his own invention. Clifford B. Harmon, New York, June 2.—Spectators of the aeroplane flights over Hempstead Heath on Long Island today, saw three aeroplanes aloft at once, circling, passing and repassing each other at various altitudes. Chas. K. Hamilton went up 1000 feet in a Curtis biplane and remained aloft for half an hour. The Montreal Canadian Meet. Montreal, Que., June 2.—E. M. Wilcox, managing director of the Montreal Aviation meet, which is to be held at La Prairie, across the river, from June 28th to July 4th, has received the entry of five Wright aeroplanes for the contests for which prizes of over \$50,000 will be offered. Mr. Wilcox states that the Montreal meet will have double the number of aeroplanes which competed at the Los Angeles meet and that it will be the biggest yet held in America. Mr. Wilcox is also interested in a meet which is to be held in Toronto later in July. A representative is now in Paris negotiating for the appearance of noted French aviators.

DR. MAGEE IS PRESIDENT

St. John Man Chosen Head Of The Dominion Dental Council At Toronto Convention—Registration a Success.

Special to The Standard. Toronto, Ont., June 2.—The Dominion Dental Council of Canada, which has been in session since Monday, concluded today. This is an entirely separate organization to the Canadian Dental Association, although the two always meet together. The Dominion Registration. These present were: Dr. Frank Woodbury, Nova Scotia, President; Dr. Harry R. Abbot, Ontario, vice-president; Dr. W. D. Cowan, Saskatchewan, secretary-treasurer; Dr. J. S. Bagnall, Prince Edward Island; Dr. James M. Magee, New Brunswick; Dr. Geo. E. Bush, Manitoba; Dr. F. L. Whittaker, Alberta. The reports submitted showed that the Dominion Registration has proved a complete success as far as dentistry is concerned, an unexpectedly large number taking advantage of the high examination held annually to obtain a certificate which will be recognized without further examination in all of the agreeing provinces. The effect of the Dominion Council has been to harmonize the various provincial laws, and besides had raised the Dominion Dental standard all over the provinces of Canada. On Tuesday next the largest class yet examined will commence writing simultaneously in all of the agreeing provinces. The financial report showed the council to be in a good condition. The election of officers resulted as follows: President, Dr. James M. Magee, St. John, N. B.; vice-president, Dr. Harry R. Abbot, London, Ontario; secretary-treasurer, Dr. W. D. Cowan, Regina, Sask.

INDUSTRIAL COMMISSION IS APPOINTED

Headed By Dr. James Robertson, Body Of Eight Will Report On Mechanical Training And Technical Education

Special to The Standard. Ottawa, Ont., June 2.—The following have been appointed members of the royal commission on industrial training and technical education: James W. Robertson, LL. D., of Montreal, chairman; Hon. John N. Armstrong of North Sydney, N. S.; Dr. George Bryce, of Winnipeg; M. Gaspard Deserres of Montreal; Gilbert M. Murray, of Toronto; David Forsyth, of Berlin, Ont.; James Simpson, of Toronto; secretary and reporter to the commission, Thomas Bengough, Toronto. The commissioners are empowered to pursue their investigations in such localities as may appear necessary in the Dominion of Canada, in Great Britain, the United States, France, Germany and, subject to the minister of labor, elsewhere on the continent of Europe. It is stated by the department of labor that the two bodies which have been most active in urging upon the government the necessity of appointing a commission on technical education are the Canadian Manufacturers Association and the Dominion Trades and Labor Congress, and in appointing Dr. Murray and Mr. Simpson the government felt that it had given these important bodies virtually their own nominees. Mr. Simpson is regarded here as having a wider knowledge of technical education than any other labor representative in the Dominion. It is expected that the commission will enter on its labors early in July. A start will be made by making a tour of the Dominion from the Atlantic to the Pacific, after which the commission will visit the United States, Great Britain, Germany, France and

NEAR LYNCHING IN WAINE TOWN

John Dickens Of Chelsea, Under Suspicion Of Assaulting Girl Has Narrow Escape From Angry Crowd.

Bangor, Me., June 2.—John Dickens, claiming Chelsea, Mass., as his home, had a narrow escape from violence at the hands of a mob in Hermon, six miles west of Bangor, Wednesday night. Irene Packard, aged 11, daughter of Mr. and Mrs. Samuel M. Packard, of Hermon, was assaulted with supposed criminal intent, in an outbuilding near a hall where her parents and many others were attending a dance. The girl made such a spirited resistance that her assailant fled. When the alarm was given, the crowd in the dance hall went in quest of the assailant, and when the girl's father caught a stranger in the vicinity of the hall who could not give a clear account of himself, the people assumed a threatening attitude, and it became necessary to lock the man up, who gave his name as John Dickens, of Chelsea, in a bar for safety. The mob surrounded the bar, threatening violence, and several of the cooler headed men, took Dickens out through a rear door and escorted him to a work car on the railroad nearby, where he has been employed as a section hand. Early this morning Dickens was arrested by Deputy Sheriff Packard, of Newburg, and brought to Bangor for examination. Pending further developments, the suspect was sent to jail for drunkenness. Sheriff White is investigating the case.

TRANSCRIPT IN OPEN REVOLT

UNDERTAKER USES AXE IN FORCING WAY

Friction Between Superintendent of St. Stephen Cemetery And Rivals In Business Leads To Distressing Scene.

Special to The Standard. St. Stephen, June—A very regrettable incident occurred here this afternoon at the entrance to the rural cemetery. Some five years ago the directors of the cemetery company, an incorporated body, appointed J. R. Sederquest, undertaker, their superintendent and naturally the appointment was not approved by the other undertakers in town, who then included S. O. Mehan, a former employe in Mr. Sederquest's establishment and Arthur Price who has since removed to Moncton. The income of the cemetery corporation is derived from the sale of lots and the service of the hearse owned by the company. The cemetery has been opened for over half a century and the sale of lots in recent years has not been large so that the use of hearses at the present time furnishes a considerable portion of the company's income. When Mr. Price was in business here he had a considerable controversy through the press concerning the right of hearse owners to enter the cemetery in opposition to those owned by the cemetery corporation and the bitterness then engendered had its culmination in the events of today or will have in actions subsequently to be taken. Denied Admittance. A few days ago the mother of Mr. Price, a most estimable lady, passed away and the remains were interred this afternoon. S. O. Mehan was employed as undertaker and his hearse conveyed the remains to the cemetery. Arriving at the sacred spot, the mourners found the gate for vehicles locked against them because Mr. Mehan's hearse instead of one owned by the corporation, had been engaged for the solemn occasion. The funeral procession was confronted by Superintendent Sederquest and Marshal Cotter, the latter of whom had been sent by the police committee to aid in the enforcement of law and order. Mr. Price demanded admittance for the hearse and was informed by the superintendent that this could not be granted, as the regulations of the corporation had not been complied with. Undertaker Mehan was then instructed by Mr. Price to break the lock on the gate and enter and Superintendent Sederquest instructed Marshal Cotter to arrest any man who undertook to carry out such an order.

Editor Hawke Makes No Reference to Testimonial to Leader of the Opposition.

Report That Effort Will be Made to Read Mr. Robinson Out of the Party.

Special to The Standard. Moncton, June 2.—There is much comment here over the fact that beyond quoting a paragraph from the Times, the local Liberal organ, the Transcript absolutely makes no reference to provincial opposition caucus here or to the presentation to Hon. C. W. Robinson. This is regarded as significant especially in view of the fact that the Transcript has recently been praising Premier Hazen and the provincial department of agriculture. It is stated that the editor of the Transcript has declared war upon Mr. Robinson and is determined to read him out of the party, though the testimonial of the opposition members does not indicate that he has so far achieved a great success. It may be a repetition of the St. John Sun's war upon the buccaneers, as there has been some talk of the purchase of the local Liberal organ from the present owner. Members of the provincial legislature who have been causing here the past two days returned to their homes tonight. All the opposition members of the legislature except Dr. Sormany were in attendance. This afternoon they took an auto trip to Albert county oil and gas wells and were greatly pleased with what they saw. The estate of the late Adam Tait of Shediac had been probated at \$33,000. Letters testamentary have been granted to his son, R. Chesley Tait. A ten round bout has been arranged between Dan McDonald of Cape Breton and Johnny Burns of New York to take place in Moncton, June 9th. Jack Powers of St. John is expected to referee. Miss Gertrude Agnes, daughter of J. J. Walker, mechanical accountant of the I. C. R., and niece of Senator McSweeney was wedded here tonight to Charles Edward Meyers, formerly of Dublin, Ireland. The bride was attended by her sister, Miss Madeline Walker, and the groom by John Walker of the Royal Bank of Canada, brother of the bride. After spending a week at the summer home of Mr. and Mrs. M. George McSweeney, the young couple will leave for their future home in the west.

EARL GREY TO VISIT ENGLAND

Governor General May Return To Canada On The Niobe—To Establish Second Peat Experimental Station. Special to The Standard. Ottawa, June 2.—Earl Grey will leave for England next week. It is anticipated that he will return to Canada by the Canadian warship Niobe which will arrive at Halifax early in July. The occasion of the arrival of the Niobe will be somewhat of a national demonstration. Hon. L. F. Borden and Hon. Rodolphe Lemieux will be present as representing the Government. Earl Grey's visit to England will not interfere with his Hudson Bay trip. The peat experimental station at Alfred, Ont., has been so successful that the Government is now considering the question of planting similar stations in other parts of the country. One of the objects of this is to supply not only the farmers of the prairie but the rest of Canada with fuel to make them independent of the coal supply of the United States.

GERMAN EMPEROR HAS SALARY RAISED

Repairs To Castles And Generous Support Of Theatre Responsible For Kaiser's Want Of Spending Money.

Berlin, June 2.—The civil list of the emperor as king of Prussia is soon to be increased probably to about \$5,000,000. This was agreed upon today by the leaders of the Conservative, National, Liberal and Radical parties of the Prussian parliament. A bill embodying the necessary legislation will be introduced by the government shortly. The restoration or repairs upon his majesty's numerous castles are said to be part responsible for the royal need. But besides these expenditures the emperor is a generous supporter of the opera and the royal theatres at Berlin and Weisbaden castle having for some years made up an annual deficit in the houses totalling some \$75,000. He also maintains 52 town and country residences, some of which he has not visited since the beginning of his reign.

GENERAL FRENCH PLEASED WITH R.M.C.

Told Kingston Students He Had Met Graduates In Best Positions In The British Army—Inspects Artillery.

Special to The Standard. Kingston, Ont., June 2.—General French was greatly pleased with his visit to the Royal Military College, and in an address he said he had long known of Canada's military college, for among the best officers with the British army were men from the Canadian institution whom he had met all over the world. He lunched with Col. Crowe at noon and this afternoon inspected the Royal Canadian Horse Artillery.

DROWNED WHILE WORKING ON DRIVE

Samuel Robar Of Liverpool, N. S., Caught Under Moving Logs—Jury Brought In Verdict Of Accidental Drowning.

Liverpool, June 2.—Samuel Robar, 21 years of age, of Greenfield, Queens county, was drowned this morning at the McLeod Pulp and Paper Company's boom. Robar was employed on the Harlow and Kempton drive of logs and accidentally fell into the water and disappeared under the lumber. The body was recovered after which Coroner F. K. Freeman empanelled a jury which brought in a verdict of accidental drowning.

ROOSEVELT IS AT PEACE WITH CROMER

London, June 2.—Theodore Roosevelt and Lord Cromer, British agent and consul general in Egypt from 1883 to 1907 were guests at a dinner given by John St. Lee Strachey, proprietor of the "Spectator" tonight in honor of Mr. Roosevelt. They sat on either hand of the host. Col. Roosevelt and Lord Cromer are believed to be perfectly agreed on Egyptian politics and that the complaints of sentimental tendencies which the former president voiced at Guild Hall have all arisen after Lord Cromer's administration.

HOT IN OKLAHOMA

Hobart, Okla., June 2.—The thermometer registered 109° today, marking the hottest day in the last seven years.
