

He Can "Size Up" Your Needs

An expert Burroughs man knows how to size up your future needs in the way of an adding machine and to apply it to the requirements of your accounting, sales, advertising, shipping or cost systems. He will fit those needs so that, as the development of your system requires, the Burroughs will be able to take up the new requirements.

Some of our men have studied the application of adding machines to figure details for twelve or fifteen years.

Their services are free for the asking.

TRINITY YOUNG MEN HOSTS AT BANQUET

Speeches Bristling with Optimism Features of Pleasant Congregational Function in Trinity School Room.

The Young Men's Association of Trinity Church held a banquet in the school room last evening for the men of the congregation. The young ladies of the church served a sumptuous repast at seven o'clock and a very large number of young men enjoyed it.

After the banquet the rector, Rev. R. A. Armstrong called on His Worship Mayor Frink for a speech. The Mayor, who was in happy vein, spoke of the great progress being made at St. John and urged the people of this city to talk St. John.

F. D. L. Clements, the Sunday school superintendent, was the next speaker and he spoke of the enthusiasm which contributed to the growth of the west and which could do much for St. John. He dealt with the history of Trinity church and said that during the last fifteen years the bonded indebtedness of the church had been greatly reduced. There was a growth in the congregation and evidences of progress on every side.

J. G. Harrison spoke at some length on the progress in the mercantile world gained through advertising. He said the same method could be used in church work in the way of personal advertising and explaining to strangers the good of the church.

S. J. Smith was called on to make an address on behalf of the choir. He told of being a member of the choir since his boyhood and related many incidents during that time.

F. D. L. Clements, the Sunday school superintendent, spoke briefly on behalf of the school and urged the young men to take an interest in Sunday school work.

Thomas Patton, who has been connected with the Sunday school for the past six years, also spoke about the school work during the long period in which he had been connected with it.

C. E. S. Robertson, a former president of the Y.M.A., spoke on the past standing of the association and in addition to urging all the young men to become members, he said that the congregation should join more heartily in the singing of the hymns at the church services. Charles Upham, president of the Y. M. A., told of the great progress that association was making and invited all young men who were not now members to join.

Rev. Percy Coulthirst, the curate of Trinity, was called to make an address on behalf of the ladies.

The happy evening broke up about 9.30, after singing the National Anthem.

THE GADDER IS ON THE JOB

Travelers Don't Fear Strange Dishes Stuart's Dyspepsia Tablets Enable the Stomach to Stand Anything

A Box of Stuart's Dyspepsia Tablets is Your Best Travelling Companion.

"Railroads tell you about the wonders of Nature along their lines; hotels describe their modern accommodations; but they never fail to ring in their 'cuisine unexcelled.' The wise traveler knows he is taking 'good' luck when he leaves home, hence a box of Stuart's Dyspepsia Tablets is quite as essential as many of the other travelling requisites."

Thus commented a philosophical traveling man, speaking of hotel life, restaurants, grill and luncheon lunch counters. "The silliest in this world," he continued, "are the result of one set of men trying to compel the other set to think and act against their own inclinations. It is the same in religion, politics, and state. I have learned from experience to eat what they serve; to forget the food experts; read the current news and follow and leave the stomach to the best expert in the world—Stuart's Dyspepsia Tablets."

And Stuart's Dyspepsia Tablets actually do the work assigned them. They relieve weak and overburdened stomachs of every portion of digestive action. Their non-poisonous parts assist the digestive fluids and secretions of the stomach and they simply take up the grinds and carry on the work just the same as a good, strong, healthy stomach would do it.

Stuart's Dyspepsia Tablets are for sale by all druggists, at 50 cents a box, and they are the one article that the druggist does not try to sell something in the place of it that's "just as good." Their unexcelled merit and success in every case of indigestion has placed them within the reach of everyone.

PLANS NOT COMPLETE FOR TESTIMONIAL TO ARCHBISHOP CASEY

Matter Discussed at Meeting of Delegates from Catholic Societies—Meet Again Sunday Night to Decide.

The departure of His Grace Archbishop Casey from St. John will be marked by the presentation of a fitting testimonial of esteem on behalf of the clergy and people of this city, while His Lordship Bishop Leblanc, who is expected to arrive in the city about the first of November, will be accorded a hearty welcome by the faithful of the diocese.

The preliminary arrangements in connection with the dual ceremony were discussed last evening at large meetings held for the purpose in St. Malach's Hall.

The Catholic men's societies met and discussed the matter more fully, and Joseph Harrington acted as secretary. The following societies were represented at the meeting: L.L. and B. C.M.B.A., 134, A.O.H., No. 1, St. Joseph's Y.M.S., F.M.A., C.M.B.A., 482.

While it was not decided as to what form the testimonial should take it was decided to send out notices to the Catholic clergy and to the laity of the different parishes of the city and vicinity to meet with the committee on Sunday evening next in St. Malach's Hall to discuss the matter more fully and to definitely determine upon the best means of giving His Grace a fitting welcome by the people, and also to arrange for a welcome to the new bishop.

In the rooms of the Y.M.S. of St. Joseph the representatives of the women's societies discussed the proposed testimonial. Miss B. Kelly presided and Miss Winifred MacNeil acted as secretary. It was decided to cooperate with the men of the parishes in arranging for the presentation.

ORGAN RECITAL MUCH ENJOYED

A large and representative audience of the city's lovers of music attended a recital held in Esmond street Methodist church last evening, when James S. Ford, the organist of Trinity church, together with several of the most pleasing of the local songsters, rendered an exceptionally well balanced program which was listened to with much pleasure.

The recital was held as a partial reopening of the church, which has lately undergone a thorough renovation, a new organ having been installed. Rev. W. W. Brewer presided and Miss B. Kelly acted as secretary. The organ, although it was the opinion that all the numbers were of the best, the selection which was probably enjoyed the most was the mixed quartette "God So Loved the World" sung by Mrs. L. M. Curran, Miss Ethel Creighton, C. A. Munro and Edwin W. Bonnell.

Another pleasing selection was the solo "The Day is Ended," by Mrs. Curran, while Fred McKean and C. A. Munro were heard to advantage in their respective solos.

On Sunday next the official reopening of the church for public worship will be held in the morning. Rev. Nell McLaughlin, the president of the Methodist conference, will deliver the sermon. The evening services will be of a special nature. A large choir is preparing the music for this occasion, which promises to be long remembered in the annals of the church. Rev. Dr. J. A. Morrison will deliver the sermon.

Factory Inspector's Activities.
John Kenny, Jr., factory inspector, has returned from a trip to York County where he inspected a number of factories and hotels. He reports that the majority of the hotel men have complied with the law regarding fire escapes, etc., but that a few have not yet done so. He intends to return to York County in a few days when, if the delinquents have not made good, he intends to take legal action against them. Generally he found the factory men well versed in the law.

MORE PUBLICITY FOR THE PROVINCE

Dominion Government Issues Revised Edition of Booklet Dealing with Opportunities in New Brunswick.

The federal government has issued a revised edition of a pamphlet, dealing with New Brunswick and its people, and the opportunities, and the province offers to other people. It is printed on fine paper, contains a map of the province, and a number of interesting illustrations, and is one of the most comprehensive publications yet issued for the purpose of advertising the province.

The federal government has forwarded 10,000 copies of the booklet to the Dominion Government officials in Great Britain, and to the C. P. R. agents and booking offices in the United Kingdom and Europe.

The booklet, which has recently given many proofs of its interest in the problem of directing immigration to New Brunswick, and in printing and providing for the distribution of the pamphlet it has done much to secure desirable publicity for the province.

GIRLS' ASSOCIATION OPENS ITS SESSION

The Girls' Association was most auspiciously opened last evening in their rooms in the McLaughlin building. For the opening night a pleasing program was given, and was enjoyed by a large attendance. The chairman gave a brief address of welcome. The aims of the association were explained by Miss Pitt, the superintendent, who pointed out that the object of the association was intended to give pleasure as well as instruction. Miss Heffer, physical instructor, told of the benefit of following a course of physical culture.

During the evening a musical and literary program was carried out. The Misses Ethel and Dorothy Creighton sang two numbers; Mrs. Black and Miss Beth Smith gave a piano duet, and Mrs. Geo. A. Horton gave three readings. Refreshments were served at the close of the evening.

This evening John Bullock will begin a class in music, instruction on Friday evening Miss Heffer will give a demonstration in physical culture and drill. Millinery will be taught on Monday evening. Last evening the girls will be free to arrange their own programme. Friday will be a class in music, while Saturday evening will be devoted to teaching needlework and fancy work.

Refreshments have been established to help workers, and last evening invited to visit the rooms, and should they decide to become regular members will be accorded the privileges of the association.

Death of a Child.

Walter Keith, three and a half year old son of Hobson D. Smith, the caretaker of the Nickel Theatre, died in the theatre building last evening after an illness of bronchitis of several weeks duration. The little fellow was in the theatre building last evening at the Nickel building and was regarded as the mascot of the house. His father and mother are almost prostrated with grief and will receive the sincere sympathy of their friends in their sad bereavement.

Immigrant Special Passes Through.

A special train passed through the city about one-thirty this morning having on board about 100 immigrants from Russia. These people came over to Halifax on the steamer Campanella.

STOMACH SOUR? GOT INDIGESTION ALSO?

"Pape's Dispepsin" Will Make Your Disordered Stomach Feel Fine in Five Minutes—Time It!

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, indigestion, food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache—this is indigestion.

A full course of Pape's Dispepsin costs only fifty cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these fifty-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Dispepsin is a pure digestant and tastes like candy, though each dose contains powder sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Dispepsin cranks as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for indigestion or sourness or any other stomach ailment. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.
