That is all I ask-just a postal card.

I have spent a lifetime in learning how to cure chronic troubles, and you should know what I learned.

Then, if you think me right, I will let you take the treatment at my right. I will even do this:-

I will send with the book an order on your druggist for six bottles Dr. Shoop's Restorative. He will let you take it for a month; then, if it succeeds, the cost is \$5.50. If it fails, I will pay your druggist myself.

I will leave the decision to you. You cannot afford to say "no" to that offer.

A remedy so sure that it can stand a test like that must have remarkable merit.

Don't be incredulous, nor let prejudice deter you. Remember that your health is at stake, and all lask is a postal card. Find out what I know.

My Restorative strengthens the inside nerves, which no other remedy reaches. My book explains why.

I don't dector the symptoms, nor the organs themselves. But I bring back the nerve power which alone makes all vital organs

If an engine was weak, you would give it more steam. That is what I do with weak organs. I give them more power; more nerve power. They do their duty then.

That is why I succeed where other treatments fail. Sometimes I fail, too, but not often. Only when a cause, like

cancer, makes a cure impossible.

In the past five years I have furnished my treatment to over 600,000 sick people on terms like these. My records show that 39 There are 39 chances in 40 that I can cure you. If I succeed, you are permanently well. If I fail, I alone am the loser.
