ATENT MEDICINES,

A BIGAMIST'S STORY.

The Checquered Career of Hipple Mitchell the Oregon Senator. Oregon correspondence of the Sacramento Union. The fortunes of Hipple will assuredly

rival those of Aladdin, and Sinbad the Sailor never made a more surprising flight than that of Mitchell from Oregon to Washington. At 25 a school teacher seduces a girl of 15, who is his pupil at 27 he married her to father a father less child; at 36 he absconds with his artner's and their client's cash, and uses to abandon his wife and children, with nother woman in his company who is THE BEST IN USE. 20 Gross in Store. not his wife, and it pays their passage to California; they live as husband and wife for several years at San Louis Ohis-Stoves and Stovepipes. po, and in July, 1860, they leave there, and he in ten days turns up in Oregon, a sorrowing widewer whose wife lately died in California, and he is almost penniless, and has an only child, which, by the way, is Sadia's first born.

When he left the East his name was taken M Hingle and row it is I H

John M. Hipple, and now it is J. H. Mitchell. No one here ever knew about Mitchell. No one here ever knew about Mitchell's early life, and he soon made himself famous, for he had resistless energy and cunning, and he carried with it an air of consummate innocence.

Soon after his arrival here he remarried, and here he has lived long years in bigamy, with an actual wife in Pennsylvania, an every-day so called wife in Oregon, and a pseudo wife in California or somewhere else: and the remaining or somewhere else; and the remain problem is, What has become of the wo nan he eloped with from Pennsylvania?
Then he began to build himself up and Then he began to build himself up and, strange to say, no avenging Nemesis in all these thirteen years followed upon his track. He became a Republican leader; went to the Oregon Senate, and soon aspired to the Senate of the United States. No man could manage the tricks of politics as he could; no man could surround himself with such willing and pliant adherents.

.In 1861 Col. E. D. Bal er told me about a young lawyer who had lately moved to Portland and was starving to death with a handful of books and no practice; but the young man soon grew into note and acquired business. He was prosperous and Hair before Holladay came to Oregon, and when he had been six years in the State

that he lacked only two or three votes of carrying the caucus nomina tion.

When Holloday came he and Mitchell affiliated, and the speculator and the lawyer were almost as one mind. Then primaries were put up and corruption and bribery ruled the land; and at last, after as stupendous frauds as Oregon could hold had been palmed off on us, the Legislature was manipulated in his favor, the railroad interest did its worst, every office in sight was promised over and over, and Mitchell was elected to the United States Senate.

Landing ex Capilla:

Land Mitchell was elected to the United States Senate.

Lit seemed to be the general remark that if Mitchell failed of his election he was a runed to go to the Senate? How could he make good his losses in any honest way if he was elected to Congress? So Mitchell went to the Senate, and I have no hesitation in believing that only for this exposure, which must necessarily take away his influence, he would soon have become the most dangerous man in that body, for he is smooth, and cleareyed, and low-voiced, and modest-appearing, and willy withal as Mephistophiles himself.

Curry Combs, Brushes, &c. always on hand.

Strict attention paid to Jobbing and nov 21 ly

Torkshire Relish.

It is positively asserted that Holladay has his notes for \$22,000, but I venture to say that amount would soon have been lifted, and he would have gone on more

The dedication of an Indiana church was postponed on account of the advent of a circus.

There will be no election in Tralee at present. The O'Donoghue, member of Parliament for that city, will not need to be re-elected as he has not received the government appointment he expected.
