Ladies' fine black hose, seamless, worth 17c a pair, selling at two pair for 25c at Northway's to-night.

Wanted, an active young woman to collect and to make herself useful in the office. Apply at this office.

Mr. and Mrs. Jas. Innes, King St. West, left yesterday on a trip to England. They will be away about six weeks.

Probate of the will of the late Edward McCorvie, of Harwich Township, has been granted to his brother, John McCorvie.

Miss Hazel J. Fielder has returned from visiting in Detroit and Pontiac. She was accompanied by Miss Ella M. Perry, who will spend a few days in the city her guest.

County Court Clerk James Holmes got a telegram from his eldest son Will this morning, stating that he had successfully passed his final examination at the Detroit Dental College. Geo. Bell, second son of Judge Bell, has also passed.

Mrs. J. W. Gibson, of Blenheim, Mrs. Chas. A. VanSickle, of Florence, Mrs. Fred. R. Broadbent, of Charing Cross, and Mrs. Alex. Dick, of Selton, are visiting their parents, Mr. and Mrs. James West, Richmond street, previous to the latter's departure for Vancouver, B. C., on Tuesday next.

The results of the recent first year's work examinations in the Toronto Dental College, appear in the Toronto papers to-day. The names of Wm. H. Doherty and Chas. Stover, of this city, appear among the successful students. Their many friends in this city will be pleased to hear of their success.

Harry Mills, Charing Cross, was in the city to-day. It was reported that Mr. Mills had a large sum of money in the house. Last Monday night someone knocked at his bedroom window. Mr. Mills peeped out and saw a masked man standing at the window. There is no truth in the report that there is a large sum of money in the house. Mrs. Mills received some money from the sale of a farm but it was put in the bank. On the same night a caddy of tobacco was stolen from the Lake Erie warehouse at Fargo.

SMALL SOLDIERS

The residents of the borough over the river were startled this morning when a band of diminutive soldiers from Chatham proper raided the peaceful hamlet. Donald Rispin and Stewart McKeough were the leaders of the red-coated band and they marched in regulation military order. The lads were attired in real military looking garb and the bright uniforms of the boys gave them an attractive appearance as they marched along and disappeared round the corner. Whether they were taking themselves over to Brooklyn or were merely taking Brooklyn is not a matter of history yet. All that is known that the bold band of young soldiers passed through the business portion of the borough over the river. Unlike Caesar, they didn't burn the bridge behind them, so it may be guessed that the red coats got back home for dinner.

CITY INDUSTRIES

"The Canadian Implement and Vehicle Trade, published in Toronto, contains an illustrated write up of the carriage and wagon factories and kindred interests in Chatham. The work is a credit to the paper and is nicely gotten up.

The article, which is written in a bright, descriptive and racy style, extends over six pages of the magazine, and is accompanied by half-tone cuts of a scene on King St., The Wm. Gray & Sons Co.'s factory, the Wagon Works, the Dowsley Spring and Axle Works, the Chaplin Wheel Works, the M. Campbell Fanning Mill Factory, and Park Bros' Engine Works. It also contains photographs of Wm. Gray, (deceased), Robert Gray, James S. Gray, W. R. Landon, of the Wagon Works, L. Kennedy, of the Spring and Axle Works, R. McKinley, of the Wheel Works, Manson Campbell and Archie Park.

It is quite a credit to Chatham that such an article should occupy so prominent a place in so widely a circulated journal.

TREASURE HID IN RALEIGH

Question Agitating the Community in that Township—Startling Story.

Clairvoyant's Sensational Statement—Three Mysterious Coins of Olden Date and Inscription.

A very interesting story comes from Raleigh.

It seems that for some time past a young woman, alleging herself to be a clairvoyant possessed of all the occult accomplishments of second sight, has been operating in that district.

This young woman, who, rumor says, is not unpossessing in appearance, claims to be able to locate oil, minerals, water and gas. Her mode of operation is to pass into a state of trance, and when in this condition 'tis said she can speak intelligently in any language.

The powers of the clairvoyant were first enlisted by oil speculators, but considerable excitement has been aroused by her latest discovery.

While operating in a trance on Thursday she suddenly broke forth: "There are jewels on the bank. I can see them. They were put there by the Indians. We will proceed to the wigwam and search for them."

Chanting weird Indian songs the young woman led the way to a spot on the farm of Oliver Bailey, where she indicated the treasure to be hidden. This section was formerly owned by George Jacobs, who kept a store and distillery in the early days before the rebellion.

Digging operations were commenced on the spot indicated and yesterday the diggers came upon three coins of strange inscription and dated 1617. These coins are held by the owner, and excavating operations are proceeding.

The affair is causing considerable excitement and argument. Some profess faith in the story, while others are skeptical and even go so far as to allege that the coins were secreted.

Earthquake Kills Two Thousand.

Constantinople, May 29.—Advices which reached here from Asiatic Turkey show that a terrible earthquake occurred April 29 at Melazgher, in the Vilayet of Van, eighty miles south-east of Erzerum, on the Euphrates. The town was totally destroyed, with its entire population, numbering 2,000 souls, including 700 Armenians, as well as the troops forming the garrison of Melazgher. In addition, over 400 houses in neighboring villages collapsed.

FOR THE PALMA TROPHY.

Six Teams Have Already Entered for the Important Contest.

London, May 30.—At a meeting of the National Rifle Association Lord Cheylesmore, who presided, announced that the international competition for the Palma Trophy would be shot off July 11, the opening day of the Bisley meeting. Six teams had entered, including teams from the United States and France. King Edward and the Prince of Wales are greatly interested in the contest. The latter had promised to be present. The King has not yet been able to come to a definite decision as to whether he will attend.

It is current rumor in the best informed circles that the whole negotiations between the Canadian Northern and Grand Trunk Pacific have narrowed to the question of the price to be paid for the former road.

WRIT ISSUED

City Solicitor Serves Lake Erie Railroad with Notice of Legal Action.

City Solicitor Wilson to-day issued a writ on behalf of the city against the Lake Erie railroad, asking for a mandamus compelling the Lake Erie R. R. to remove the Colborne street spur and restore the sidewalk and highway to its original state of usefulness.

The City Council at a recent meeting passed a motion ordering that the railroad be notified to remove the spur and, if this were not done, within one week, that action be taken to force the Lake Erie to remove the piece of track in question.

On May 22nd, the City Solicitor wrote to the Lake Erie in accordance with the resolution of the Council, but no reply has been received, so the writ was issued to-day and sent to the solicitor of the Lake Erie R. R. for acceptance.

"Just before the meeting at which this resolution was passed," the City Solicitor stated to-day, "so I am instructed, the railroad changed the spur and ran it into Mr. Couzens' yard, making the spur more objectionable than it was before. They tore up the cement walk in doing so." The railroad should receive the writ in Monday's mail.

Ex-Ald. John Liddy and Ald. G. G. Martin will probably be happy now.

GETS APPOINTMENT

Rev. T. T. George has been nominated as successor to the late W. W. Shepherd as principal of the Mount Elgin Industrial College. Mr. George has decided to accept.

MAN KILLED

John O'Neill, of Orford, was killed at a barn raising in that township yesterday afternoon. He fell from the pulpit of the new barn to the ground, a distance of 22 feet. His head struck a beam and he was instantly killed. He was about 34 years of age and unmarried. He was an Elder in the Turin Presbyterian Church.

PASSING OF GROWLER

You have read the Last of the Mohicans; you are now reading the Last of the Growler. Like many other good journals, it has drifted into the Gulf Stream of fate; the others have passed the horizon of public notice and gone to their reward, where we soon shall be.

Before bidding you adieu, we thank you for liberal patronage—as regards reading its lines. We have received much eulogy as well as many curses for our efforts in placing before the public the plain truth and throwing flash lights in dark corners.

Good-bye, GROWLER.
