WILL WAR AFFECT LOCAL REAL ESTATE MARKET

ion is that Considerable Private Propert Sacrificed by Those Who Want Ready Money-Many Offices to Rent.

real estate men are divided in their opinion what effent the war will have on the real estate They are unanimous, however, in the opinnsiderable private property will be sacriorder to get ready money. Mr. George the well-known real estate broker, this morned that so far as his business was concerned had been no appreciable effect vet. He stated er, that as his business was in the outlying lities of the city it was not likely to be so affected. He stated that payments were n just as well as they had been.

Badgley, of course, said the building operations city would, no doubt, have to be curtailed. "The who are hit badly now are not the small housebut the big men who have lost large sum stock market and will have to sacrifice their in order to get ready money." Mr. Badgley he considered that the excitement which at present will die out after a short time and will settle down to a more normal state

Jas. Morgan, of the Colonial Real Estate Co. an interview with a representative of the of Commerce this morning, stated that the ndition of affairs was bound to have effect on the local real estate situation, people had lost money in the stock market would be d to try and sell or rent their property for whatcould get for it.

SHIPMENT OF GOLD ABROAD OF AREA IS NOW OUT OF THE OUESTION

New York, Aug. 4.—A second meeting of the Foreign Exchange Brokers, held at the Guaranty Trust ompany's offices, broke up without having arrived at any definite arrangement in regard to dealing with existing conditions in the foreign exchange mar-

nittee of three, consisting of J. J. Hannauer of Khun, Loeb and Company; Max May, of the Guar-anty Trust Company, and R. Y. Hebden, of the Bank of Montreal, was appointed to designate a larger committee for the purpose of determining what steps should be taken to facilitate the export move nent of cotton and other commodities.

The appointment of a larger committee is intend ed to take in only the actual buyers of documentary

Max May, of the Guaranty Trust Company, who is chairman of a committee of three to select a larger committee, has explained the steps that the large ommittee will take as follows:

"We are compelled to make a complete change i try. Heretofore, Americans have purchased docu-mentary bills of exchange and have taken risk regarding the carrying out of shipment covered by the locument and payment of bills of exchange.

"Hereafter, we will require that government England, France or Germany will take the risk regarding shipments on payment of the exchange. If England wants grain or any other commodity, she will have to deposit money with the Bank of England to the credit of the London representative of th American banker, and the English consignee will have to take the risk of the arrival of the commodity."

In other words, England, or France, or Germany will have to deposit money in advance of the shipnents. With this money deposited, we will be able to draw bills of exchange on our London branch, and get our money and the risk regarding shipments so far as New York bankers and producers are conerned will be climinated.

Max May, asked about the gold which has beer brought back to America by the Kronprinzessin Cecilie, said:—"That gold will stay here and will be re-deposited in the sub-treasury to the credit of the banks which made the shipment. Now that foreign exchange transactions are to be placed on a war basis, the shipment of this gold abroad is out of

Adons for to-day on the Montreal Real Estate Montreal South Land Co., Pfd. 40 LLOYDS ARE OPEN AGAIN, NO SCHEDULE OF RATES

Special Rates Are Quoted for Each Case, Says Mr R. J. Dale—Rates Vary With Speed of Ship-Grain Situation Most Serious.

Although Lloyds are open to-day for business th ime doubt exists in marine thaurince circles R. J. Dale of Dale and Company, stated that practically no business was boing done here, everything was still in doubt as it was not known even whether England was at war or not. He stated that whatever sine: was being done on the other side there was certainly no uniform rate and different rates were sing quoted for each case. Mr. Dale stated that he had heard that Great Britain would guarantee grain war risks but did not know in what way this would be done or anything about the rates

Mr Robert Bickerdike of the Western Assurance ompany said that the situation was still the same that Lloyds were open again this morning after yes-terday's bank holiday, but there were no war risks rates being quoted. Cargoes, however, were being in ared but the rates varied with the speed of the ship and were quoted for each individual case

Mr. Bickerdike stated that the present situation most serious one and rates were in some case as high as 7 per cent.

ENGLAND GUARANTEES WAR RISKS.

London, Aug. 4.-The Government has decided to guarantee war risks on wheat and flour shipped from Canadian or United States ports to the United Kingdom under existing contracts, the premiums to be paid by the importer and to be charged by him against the eventual receiver.

This step is being taken to secure 8,000,000 quarters \$64,000,000 bushels) of Canadian wheat.

ANXIOUS ABOUT OCEANIC AND LA SAVOIE.

New York, August 4.—With Kronprinzessin Cecilie in Bar Harbor, two other trans-Atlantic liners carrying large amounts of gold are now giving local bankers and insurance agents cause of worry. One is the Oceanic of the White Star Line, bound for British ports with \$3,500,000 gold aboard and the other La Savoie, of French Line, with \$2,500,000. bound for French ports. Neither of these ships has been heard from. They left here last Wed-

umber of Accidents Has Been So Great That Co Work is Piling Up.

New York, Aug. 4.-It is definitely decided that when the New York legislature meets again there will be an attempt to amend that section of the will be an attempt to amend that section of the workmen's compensation act which prescribes that the State Workmen's Compensation Commission must settle all claims and pay them. The pressure upon the board is daily becoming heavier. It is stated that already since the first of the month there have been received by the commission about 35,000 notices of accidents, and that only about 400 cases have been disposed of.

With claims coming in at the rate of nearly 1,200 a Cay, it has been borne in upon the claims departas well as the commission that their equipment for settlement is totally inadequate and that omething must be done if the entire department ot to beb uried in an avalanche of claims.

It is recognized that workmen's compensation exigned to prevent delay in paying claims to the dependants of injured workmen. It was realized by the commission when they took charge that there were faults in the law, but it was decided that would be well to allow its practicable application to demonstrate what these faults were. Now the case ualty companies complain that they cannot to sufferers or to have cases disposed of be ause the law prevents payments until the comm ion has heard the facis and given permiss

It was suggested some time ago that the comm on might ease matters somewhat by appointing the adjusters of the companies officials of the comm the justness of claims. There was reluctance to o this, it is said, because there has been a decided pre judice against the companies: The impression een that the companies were responsible for the avils which arose out of the old employers liabili ystem despite the fact that the only connection th ompanies had with the matter was the insurance employers against judgments obtained then

ies are able to settle cases satisfactorily and promptly by co-operating with the commission, and it felt that it should be possible to launch the se system in this state
