

## Notable Cross-Country Motorcycle Records

—practically *all* of them—have been made on Indians with the CRADLE SPRING FRAME.

For it's only on the Indian that you find this remarkable comfort mechanism—the device that, on rough roads, gives you the sensation of sail-boating on smooth waters.

The difference between Cradle Spring Frame riding and that of the ordinary shock absorbing devices is the difference between walking on iron heel plates and rubber heels—between riding in a farm tractor and a high-grade motor car.

The Cradle Spring Frame has more than comfort and ease in its favor. It keeps shocks from jolting motor mechanism. It absorbs the jars and bruises which the tires ordinarily suffer. Low upkeep cost results—greater mileage, less general tinkering.

Go to your local dealer and test its velvety "give." Find out *why* you can travel *fastest* on roughest roads with the Cradle Spring Frame.

Indian is the *only* Motorcycle  
MADE IN CANADA  
thus giving the rider the *best*  
quickest, and most complete Service

## You need a new DE LAVAL SEPARATOR NOW

### 1<sup>st</sup> If you are still using some gravity or setting process of creaming—

BECAUSE YOUR WASTE IS greatest and quality of product poorest in mid-summer when the milk supply is heaviest.

BECAUSE TIME IS OF GREAT-est value on the farm at this season and the time and labor saving of the good separator counts for most.

BECAUSE THE SKIM-MILK IS poorest without a separator in hot weather and often more harmful than helpful to calves.

BECAUSE THE WORK OF AN improved De Laval Cream Separator is as perfect and its product as superior with one kind of weather as with another.

### 2<sup>nd</sup> If you have a very old De Laval or an inferior separator of any kind—

BECAUSE THE LOSSES OF the poor separator from incomplete skimming and the tainted product of the hard-to-clean and insanitary separator are greatest at this season.

BECAUSE OF THE GREAT economy of time at this season in having a separator of ample capacity to do the work so much more quickly.

BECAUSE AN IMPROVED DE Laval is so much simpler and

more easily handled and cared for than any other, and you cannot afford to waste time these busy days "fussing" with a machine that ought to have been thrown on the junk-pile long ago.

BECAUSE THE DE LAVAL Separator of to-day is just as superior to other separators as the best of other separators to gravity setting, and every feature of De Laval superiority counts for most during the hot summer months.

These are all facts every De Laval local agent is glad of the opportunity to prove to any prospective buyer. If you don't know the nearest De Laval agency, simply write the nearest main office, as below.
