THE FARMER'S ADVOCATE.

Gossip.

B. H. Bull & Son, of Brampton, are importing 37 Jersey cattle. It is understood that they were shipped from Bristol on June 25. They will remain in quarantine for thirty days, and then should be in good time for Toronto Exhibition. This shipment includes ten daughters of Fern's Oxford Noble 2nd, the bull which was imported to Brampton last summer. His sister, Madame Le Source, won first in the cow class over the entire Island of Jersey this year, and another sister won reserve in the champion class over the entire Island. Messrs. Bull & Son have purchased for future shipment a bull with an international reputation as being one of the best sires in the Jersey world It is expected that he will be imported next spring with about fifteen of his daughters. It is the intention of Messrs. Bull & Son to exhibit only at Toronto this year. It is not expected that they will be at either London or Ottawa.

Great preparations are being made for the Canadian National Exposition to be held during the last week in August and the first week in September. It is expected that His Royal Highness, the Prince of Wales, will be present to open the Exposition. The Canadian Govern-ment, together with the Ontario Government, are endeavoring to make the event a memorable one. It is the intention to display the large collection of big guns captured from the Germans, the scores of aeroplanes, and thousands of machine guns and other souvenirs at the Canadian National before the final allotment to the museum and various municipalities are made. The Band of His Royal Highness' own regiment, the British Grenadier Guards, is being brought across by the Exhibition Management for the entire two weeks of the fair. There is the prospect that King Albert of Belgium will be in Canada during the course of the Exhibition, while Admiral Jellicoe and a number of other distinguished Empire figures will also be in Canada in August
