NEW AMERICAN HARROW

SEEDER AND BEAN HARVESTER.

The most perfect and practical machine made. Sold separately or combined. Received the highest award at the World's Columbian Exposition. As a Harrow, its work is perfect. The teeth have reversible points, and can be locked down or allowed to float. The flexible points are a great success, cutting all the ground shallow or deep, as desired. As a Cultivator, the NEW AMERICAN has no equal. It cultivates perfectly all crops planted in rows.

By using the extension arms, two rows of beans can be cultivated at once. As a Bean Harvester, it is indispensable to bean growers, and is highly recommended by all who have used it. The Bean Harvester is an attachment which is easily put on to the New American after removing the sections. It pulls two rows of beans at once, leaving them in a perfect windrow, and harvesting from twelve to eighteen acres per day.

HOME COMFORT RANGES. The Wrought-Iron Range Co. is doing an immense business in this section, selling the Home Comfort Steel Cooking Range direct from their factory at Toronto, placing them in the homes of the people, set up ready for use, with a guarantee from the company. This superior range is sold only from the company's wagons, which are now doing business in this section, and are sold at one uniform price. Without a single exception, the "Home Comfort" is giving entire satisfaction to every purchaser in this vicinity, as far as known. Parties will do well to avail themselves of the opportunity, and get the best.

Walker House, Toronto, June 8, 1894.

The Wrought-Iron Range Co., Toronto:

Dear Sirs, In answer to your inquiry, I have much pleasure in stating that the "Home Comfort Steel-Plate Range" placed by you in our kitchen some months ago is giving perfect satisfaction, and is a great comfort to all employed in the kitchen. It is quick to heat, and the flues, being lined with asbestos, prevents the kitchen becoming so hot as it did with the former range. I shall cheerfully recommend any one you may be pleased to refer to me to purchase from you.

Yours truly,

JOHN WRIGHT, Manager, Zimmerman House, Waterloo, Ont., April 9, 1894.

Wrought-Iron Range Co., Toronto:

Gentlemen, After a most thorough trial of your Home Comfort Range, in justice, I must say that it is the most perfect baker and cooker, generally, I have ever used. Having been in the hotel business for nearly twenty-five years, it has given me the opportunity of testing quite a number of various cooking stoves and ranges. In truth and justice, I must say yours, without any hesitation, gives the most perfect satisfaction of any range I have ever used.

Respectfully,

H. R. ZIMMERMAN.

The following substantial and well-known citizens are among the many purchasers of this section, and their unqualified endorsement speaks for themselves, and can be referred to at any time:

Wrought-Iron Range Co., Toronto:

Gentlemen, We have purchased of the salesman of the Wrought-Iron Range Co. a Home Comfort Cooking Range. It gives perfect satisfaction, bakes quicker, and burns less fuel than any stove or range ever used by us. Any one wishing reference can refer to us. This certificate you may use in any manner you see proper.
