

## Facts Worth Knowing About the Frictionless Empire

Here are a few facts about the Frictionless Empire that are worth knowing if you are in the market for a cream separator:

Frictionless Empire has fewer wearing parts than any other cream separator. It is the only cone-method separator with ball bearings at top and bottom of bowl-spindle.

Requires so few drops of oil per day that no oil cups are put on the machine.

Skims to a trace. The six smooth cones are as easy to clean as an equal number of glass tumblers.

The height of the supply can is just right. The grip clutch allows separator

to be started without effort and to reach full speed in a few seconds.

Doesn't spatter oil or milk—the clean separator, with anti-splash one-piece steel supply tank.

The foregoing brief facts are ex-

appears. Don't miss this interesting book. Ask for book No. 2

All sizes of both cone and disc machines in the Empire Line. Every Empire backed by a guarantee as good as a gold bond. Even if you buy

## The EMPIRE Line of Cream Separators

plained fully in our New 25c Book. The most unbiased book on cream separators ever published. Tells the truth about the two standard methods of cream separation. We will send you one copy free, provided you tell us the number of cows you keep. Also name of the publication in which this ad.

another make of separator now, you'll never be contented until you own a really good separator. Some day you'll own an Empire.

There is an Empire dealer in almost every town in Canada. If there isn't one in your town write us direct for special offer.

THE EMPIRE CREAM SEPARATOR COMPANY OF CANADA, Limited, Toronto, Ont., SUSSEX, N.B. WINNIPEG, MAN.

## The McCormick Reel is the Strongest and Most Efficient Ever Placed on a Binder

THE McCormick reel offers a wide range of adjustment which successfully meets the conditions encountered in any field, whether the grain is tall or short—standing, down, or tangled. Grain that is filled with green undergrowth is forced upon the platform with ease. The guards are placed so that the machine can be tilted to cut close to the ground without pushing trash and stones ahead of the knife.

The McCormick knottter is a revelation of simplicity in construction, accuracy in tying, and ease of adjustment. Only two moving parts constitute the working mechanism. There is no straining or pulling on the twine, and perfect knotting is assured.

The McCormick floating elevator handles grain of any length or weight without clogging.

The McCormick line of haying machines and tools is as efficient as the binder.

The McCormick dealer will tell you all about these advantages and many others. Why not see him today? If you prefer, write to the nearest branch house for catalogue and any special information you desire.
