

Fertilizers of Guaranteed Analysis

Fertilizers pay—and pay enormously—provided you use the right kind—get guaranteed quality.

Buy straight Fertilizing Chemicals—deal with a reliable Canadian house, thus saving duty—mix your fertilizers to suit each crop and soil—and you will make big money out of fertilizing.

The materials for home mixing:

Vanco

- MURIATE OF POTASH—guaranteed 50% actual Potash
- SULPHATE OF POTASH—guaranteed 48% actual Potash
- NITRATE OF SODA—guaranteed 15% Nitrogen
- ACID PHOSPHATE—guaranteed 14 to 16%

Write for the "Vanco" Book—it will give you tables for mixing fertilizers and the kind of fertilizers for each crop.

Our Telephones Chosen by Majority Of New Systems

IN Ontario where the fight for business is keenest—where all telephone manufacturers enter into competition—this company has assumed a commanding position. Last year The Majority of municipalities and new companies entering the independent telephone field selected our telephones and equipment.

QUALITY WINS

Price cut no figure in securing the business of these companies. Other telephones were offered for less. SUPERIOR QUALITY won us the victories.

Our telephones were selected not only by new systems, but by those who had been using other makes, because they were proven to be the clearest-talking, strongest-ringing, simplest and best constructed. They were given the severest tests, the most minute and rigid examinations. They established their superiority beyond question.

BUSINESS DOUBLING

Between 400 and 500 Independent Canadian Telephone Companies are buying their supplies from us. Our business is again repeating last year's record, when it doubled in volume. What better guarantee of satisfac-

tion could a municipality or local telephone company want than the evidence of the satisfaction we are giving others?

10 YEARS' GUARANTEE

Everything we sell is guaranteed. Our Telephones are guaranteed for 10 years against defects in material or workmanship. Our Side Blocks and Top Pins are made specially for us, so as to insure uniform quality. In No. 12 Galvanized Line Wire we never carry anything but the best.

We stock nothing but first quality materials. And we stock them in large quantities.

Notwithstanding our large increase in business, our facilities are such that we are able to handle all orders promptly and satisfactorily. A Price List will be mailed on request.

NO. 3 BULLETIN

Our latest book on telephones has just been printed. It contains the latest, most authentic information on construction and operation of telephone lines. Also shows the most up-to-date equipment. Ask for the No. 3 Bulletin.

If you haven't a copy of our famous book, "Canada and the Telephone," profusely and graphically illustrated by a leading artist, we will be glad to mail you one, too.

FREE TRIAL

If your company is going to replace some old phones with new ones, or is just starting a system, ask us about our FREE TRIAL OFFER, whereby the quality and efficiency of our telephones can be judged before spending a dollar.

Prove the "BISSELL" by Its Work

Do the gangs on your Harrow crowd together and raise out of the ground if it is hard? They won't do this on the "Bissell." The "Bissell" is so designed that THE GANGS CAN'T CROWD OR BUMP together no matter how hard the ground may be.

Tough soil won't stick the "Bissell." It stays right down to its work and pulverizes the ground thoroughly.

We ask you to take a "Bissell" out into the field and test it beside other Harrows. Then you

will HAVE PROOF that it is A SUCCESS ON HARD LAND—THAT IT PULVERIZES THE BEST—and that it is the lightest draught.

Post yourself fully on Harrows before buying. We put our name on every Harrow so that you will know it is genuine. Ask your local dealer, or write to Dept W for free catalogue.
