THE ANGLE LAMP

THE DIFFERENCE. In the ordinary lamp kerosene is a good illuminant badly used. In **The Angle Lamp** it is the best, the cheapest, and the most satisfactory. The new principle of burning in this lamp makes kerosene as

CLEAN AND CONVENIENT as gas or electricity. The light, while more brilliant than either, is soft, restful, pleasing. A light with "no under shadow," evenly diffused to all parts of the room. A combustion so perfect that it never smokes or smells, whether burned at full height or

TURNED LOW LIKE GAS. There is no removing glassware in lighting, and the lamp can be filled with perfect safety while lighted. In these and many other respects **The Angle Lamp** differs from all other lamps, and it is this difference that makes it preferable to any other lighting method. It appeals to all who want a convenient, economical, satisfactory light. A SPLENDID AND MOST SUITABLE LIGHT FOR HALLS, LIBRARIES OR CHURCHES.

Write for Catalogue I. It lists 32 varieties of The Angle Lamp, from \$2.00 up—one to eight burners. Ask your dealer, but in the meantime send for catalogue, and mention your dealer's name.

30 Days' Trial. Select any lamp you wish, try it for 30 days, and if you are not entirely satisfied that it is all that we claim for it, we will refund every cent paid us.
