Mr. Archie and Mr. Bert Lee of Addison have cut out a big lot of benches on their father's new machine, which was constructed chiefly by that genius in machinery, Mr. Will Hall. The hive is mostly after the pattern of Hough's cheaper Langstrath. Mr. Lee has just returned from Annapolis.

Mr. Edgar Lagroix of Watertown, N. Y., called on old friends in Athens this week, having come here for the purpose of suitably renting or selling his residence on Wellington street. Mr. Lagroix says that every effort is being made to combat the scourge of typhoid fever in Watertown. All water taken from the mains has to be boiled before using. Pure water is retailed from wagons at 1c per gallon.

Farmers in Ontario have apparently only themselves to blame for the scarcity of farm laborers of which they complain. If the right kind of inducements were offered, the laborers could be secured alright. A Missouri farmer has solved the problem by making this offer: "Wages \$6 a day. Working hours will be from 10 a.m. to 2 p.m. All heavy work done by the boss. Cigars are furnished free. Any hand working the entire season can have the farm and hired girl."

Many in this district learn with regret of the death of Rev. Eli Woodcock, which occurred at Belleville on Saturday last. As a Methodist minister in the early days stationed at Athens, Mallorytown, Elgin and Lyn, he was well known and highly esteemed. He is survived by his wife (nee Phoebe Ann Wiltse of Athens), four sons and one daughter, namely, Percy in London, England; Edwin in Chicago; Charles E. in Brockville; Clayton in Brooklyn, N. Y.; and Mrs. Ezra McDougall in Brockville.

The annual delivery of Massey-Harris farm machinery by Mr. Alex Taylor took place on Thursday last. Altogether there were 110 machines on the list, but a carload of rollers and wagons failed to arrive. It was a busy season for farmers, and a number failed to come in, but there was nevertheless quite an imposing display on Main street. Several came during the forenoon and left at once for home, but notwithstanding this fact Mr. Taylor had the pleasure of entertaining about seventy to dinner at the Armstrong House, where a tempting repast had been prepared. The whole event was thoroughly enjoyed, and should serve to strengthen the bond of union between the Massey-Harris people, their agent, Mr. Taylor, and the farmers.

Miss Edith Falkner, milliner, has returned to Athens.

The annual thank offering meeting of the W.M.S. of the Methodist church will be held on Good Friday. Refreshments will be served and an interesting programme presented. All ladies of the congregation are invited to attend.

It is stated that a number of cows in the vicinity of Iroquois are affected with tuberculosis and already several of them have had to be killed. The disease seems to be wide-spread, as animals owned by persons living a mile or so apart, showed symptoms and have had to be slaughtered. It is said a general test is about to be installed among the dairy herds of the section. If so it may prove a serious loss to the dairymen.

Brockville Agricultural Society has decided to enter the competition for the best fair in Eastern Ontario. The prize is a secretary's office 15x24 feet, built of cement and covered with a metallic roof. Now, why shouldn't Secretary Phelps of Delta Fair make a try for this little house? The prize is not for the biggest but for the best, and as a purely agricultural exhibition Delta Fair, both in point of exhibits and management, will level up with the best of them.

"A friend," writing to the Reporter from Grand Forks, N. D., says that she has just returned from a visit in Ontario and during fifteen years residence in Dakota, had never seen so much snow as we have here this winter. A clipping from a Grand Forks paper accompanies the letter, and in it full details of our snow-bound condition are given, and the report closes with these self-gratulatory words: "Those who live in the North-West have their lines cast in pleasant places."

The Dairy School in Kingston has been very successful this year. The long course has just been concluded, and twenty-two students, an unusually large number, wrote on the final examinations. Over fifty students registered last week for the short-course term, among whom were Herman J. Gorman, Chantry; Ira L. Gardiner, Lyn; Peter Nolan, Phillipsville; F. H. Lewis, Kemptonville; Jas. P. Cox, Athens; R. E. Wiltse, Lyndhurst; E. Bontell, Morton; D. F. Haskins, Westport; and J. W. Hudson, Plum Hollow.

Whig: "The Ontario Churchman, since the Whig adopted it in November, has grown in circulation from 1,200 to 2,500. It is being adopted for localizing by parishes in Ottawa diocese. It is a church newspaper, not a doctrinal or controversial journal." And we just wish to add that it is now a paper of which Churchmen may justly feel proud—a paper neatly printed, attractively made up, carefully edited, and well calculated to advance the interests of the Church in its ever widening field.

On Tuesday last a deputation consisting of Wm. Karley, Athens, and A. W. and W. J. Johnston, Oak Leaf, went to Kingston to consult with His Lordship Bishop Mills respecting the appointment of a rector for this parish. His Lordship submitted to them the names of three clergymen; these will be numbered 1, 2, and 3 in the order of choice, as determined by the committee appointed by the churches of the parish, and returned to the bishop. His Lordship will then proceed to make the appointment, having regard to the preference thus recorded by the churches.

Local Telephone Service

In speaking last week of the local telephone service we said that a few years ago "nearly all" phones in Athens were discontinued because of the high rental charged by the Bell company. We are assured by the Bell representative of the company that this statement is incorrect, and that the Bell business in Athens is in a flourishing condition, more phones being in use than ever before.

A Broad Statement

This announcement is made without any qualifications. Hem-Roid is the one preparation in the world which guarantees it.

Hem-Roid will cure any case of Piles. It is in the form of a tablet. It is the only Pile remedy used internally.

It is impossible to cure an established case of Piles with ointments, suppositories, injections, or outward appliances.

A guarantee is issued with every package of Hem-Roid, which contains a month's treatment.

Go and talk to your druggist about it.

Suggestion Anticipated

Editor of Athens Reporter

Dear Mr. Editor,—My attention has been called to an article headed "Street Lighting" in your paper of the 16th inst., taken from the Winchester Press. I am pleased to be able to write you that I have been for some time corresponding with The Continental Heat and Light Company of Montreal, with the object in view of getting them interested in furnishing light for domestic and street purposes for Athens, also have laid before them copy of franchise which I hold, and in the near future hope to be able to bring their representative to Athens, where we may confer with the village council. I have been prompted to write you this brief article in as much as you suggest that the Athens illuminating franchise should be made known to the C. H. & L. Co.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

"I was ill for four months with catarrh in the head and throat. Had a bad cough and raised blood. I had become discouraged when my husband bought a bottle of Hood's Sarsaparilla and persuaded me to try it. I advise all to take it. It has cured and built me up." Mrs. Ellen R. Roper, West Liscomb, N. S.

Hood's Sarsaparilla
Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.
