The grants to agricultural societies next year will be based on the amount that the societies devote to purely agricultural purposes this year. In view of this, it is noteworthy that the directors of Delta, Lyndhurst and Frankville Fairs did not find it necessary to make any changes in their prize list in order to qualify for all that they should receive. The circus feature has never been given undue prominence at these fairs, and now that a testing time has come we think that their government grants will be increased rather than decreased under the new regulations.
