MEDIUM SIZE, IN GOOD CONDITION.

Write Box 730, care of this office.

Deacon Jesse Allen, of Oakham, Mass., has just completed 50 years of service as town clerk, and for the same length of time he has been clerk of the Oakham Congregational church. For many years he has been a member of the school committee and he is also a Public Library trustee, a member of the cemetery committee, a fence viewer and a justice of the peace. Of many who have been residents of Oakham it can be said that he recorded their birth, hired their school teacher, presented them a diploma on graduation day, taught them in Sunday school, issued their marriage license, performed the ceremony, drafted their will, recorded their death, issued their burial certificate, attended their funeral, settled their estate, and supervised the care of the lot where they are buried.

SNOW BLOCKADE IN AROOSTOOK REGION

One Life Lost, Several Narrow Escapes and Many Persons Stranded During Storms.

St. John, Feb. 24.—Passengers arriving on yesterday's belated Boston express said that the entire State of Maine, except along the Passamaquoddy coast, had been snowbound for three days and that communication with all points had not yet been reestablished. The storm of Thursday was particularly heavy in the Aroostook section of the state adjoining the New Brunswick border. At Houlton and Presque Isle there were no trains from Bangor and Boston for two days and two nights, and the trains from New Brunswick into Aroostook county had a difficult time getting through. The blizzard was said to be the heaviest in many years. One person perished in Aroostook county and there were several narrow escapes. A family attending a funeral near Presque Isle was caught in the storm on their way home and were rescued by neighbors.

Hundreds of people were stranded at railroad depots all night, hotels being unable to accommodate all the travellers. One train was stalled 24 hours near Presque Isle.

At some points in Maine women, children and clergymen turned out to clear the roads and streets.

While making a tour of inspection General Manager Douglass and General Superintendent Wood, of the Maine Central railroad, were held up at Vanceboro by two locomotives breaking down. When they finally got started from the New Brunswick boundary they were able to reach Bangor, but at Hermon they ran into a snow blockade. Later they were again delayed by a freight run-off. Both considered they had seen some real railroading under wintry conditions.

NO PREPAYMENT SHIPPING CHARGES

The Exchange Rates Blamed for a New Railway Rule on Shipments from Canada.

Montreal, Feb. 23.—The adverse exchange rate between Canada and the United States today brought about a new development in international affairs when an order was issued by the Canadian railways, effective March 1, whereby railway agents are ordered to refuse to accept prepayment of the shipping charges on shipments from Canada to the United States, except in the case of certain kinds of goods on which prepayment is required by the tariff rules. This means that shipping charges will be collected at the point of destination and in United States funds instead of in Canadian and in Canada in Canadian money.

400 FRENCH TROOPS REPORTED KILLED

London, Feb. 23.—It is reported from Damascus that 400 French troops either have been killed or made prisoners by a force of Turks and Arabs near Houran, Palestine, says a Central News despatch from Cairo, Egypt, dated last Wednesday. The correspondence adds that it also is reported that the French are evacuating Baalbek (30 miles north of Damascus) and the Bika Valley, lying between Lebanon and Anti Libanus. There is no confirmation of the reports.

OBITUARY.

Mrs. Robert Wilby.

St. John, Feb. 24.—The death of Agnes, wife of Dr. Robert Wilby, of 46 King Square, occurred at the residence of her son, at Gaspereau, on Monday morning after an illness of pneumonia lasing a few days. Dr. Wilby was called to his wife's bedside and was with her when she died. Mrs. Wilby, who was a native of England, is survived by two sons, Cyril, of Gasperseau, Sydney, at Fredericton; one daughter, Mrs. George E. Crow, of St. John, and three sisters and one brother, of England. To the bereaved relatives sincere sympathy is extended. The funeral service will be conducted at Gaspereau today.

William T. Robb.

St. John, Feb. 24.—William Thomas Robb, formerly of this city, passed away at his home, 67 Atlantic street, Halifax, yesterday afternoon, after a long illness which he had borne with great fortitude. The late Mr. Robb was a son of Mrs. Marion Robb, of Union street, this city, and of the late William Robb. After leaving school he was engaged for several years with his father in the latter's harness-making business, until his interest in Y. M. C. A. work, which he had displayed in the local association, led him to adopt this as his vocation. He served either as general secretary or physical director in St. Stephen, N. B., Newport, R. I., Lexington, Ky., Halifax and New Glasgow, N. S. He was in charge of the association at the latter place when ill health compelled his retirement from active work. A few years later he removed to Halifax. A man of the highest ideals, coupled with a bright and genial disposition, he made many friends during his active life and these qualities enabled him to bear his long illness with courage and cheerfulness.

He is survived by his wife, formerly Miss Nina Harley, of New Glasgow, a little son and daughter; his mother, three brothers and two sisters. The latter are: Rev. Alexander F. and Miss Jennie Robb, of Ham Heung, Korea; Andrew W., of Halifax; Mrs. John T. McGowan and Bruce S. Robb, of this city. The funeral will be held on Thursday and interment will be made in Halifax.

U. S. ENFORCEMENT PROHIBITION ACT

Chicago, Feb. 23.—An expedition bent on ironing out, by force if necessary, difficulties of prohibition enforcement in the Michigan upper peninsula was started from Chicago tonight. Major A. V. Dalrymple, federal prohibition director for the central states, left with a party of prohibition agents [illegible] where county officials are said to have overpowered Government agents last week and taken contraband wine which had been seized by the Government men.

NO BAR TO GOING AFTER THAT DRINK

New York, Feb. 23.—If you want to drink, go to it! Uncle Sam won't stop you—that is, he won't stop your going to it.

Here's consolation for the "old soak" who has been listening to these rumors anent the diplomatic difficulties in the way of getting to the nearest drinks—in Canada and in Cuba.

The American citizen who wants to go to Canada needs no passport—only his railroad fare—unless he picks out Ontario. In that case, he will need a doctor before as well as after, since he must produce a vaccination certificate upon crossing the border. But who wants to go to almost "dry" Ontario when he can get results much more easily in soaking wet Quebec?

Going to Cuba demands more paraphernalia; a passport good for six months and twice renewable, which it will take from a week to ten days to procure from the Passport Bureau at the Customs House; a sailing permit from the Income Tax Division at the Customs House showing that the parting nephew has squared up his debts with Uncle Sam, and a considerably larger amount of passage money.

Yet, while the cheapest passage from New York to Havana costs $38—and steerage at that—the travel bureaus report a far greater increase above normal in the travel to Cuba than in that to Canada.

GREAT SNIPER FROZEN.

Indian, Who Went to War on August 6, 1914, Killed 100 Huns.

Moraviantown, Ont., Feb. 23—George Stonefish, Canada's most noted Indian sniper, for three years in France, was found frozen to death last night near his home on the reserve. Stonefish's dead body was discovered by neighbors, and the belief is that he was overcome in his exertions in wading through the huge drifts near his home. Stonefish was the first Indian to enlist after the outbreak of the war, joining the Canadian army on Aug. 6, 1914. In his capacity as a sniper he is credited with having killed over a hundred Germans, but he himself escaped without a wound. He was invalided home in November, 1917. His homecoming was made the event of the greatest celebration that the Indians here have ever known.

The coroner decided that an inquest was unnecessary.

PHONE HEARING TO BE POSTPONED

Expert Not Ready to Report—$100,000 Damage to Lines by Recent Storms.

St. John, Feb. 24.—As Samuel H. [illegible], of Boston, consulting engineer and expert accountant, engaged by the New Brunswick Board of Commissioners of Public Utilities, has not completed his examination of the books of the New Brunswick Telephone Co. Ltd., there will be no extended hearing tomorrow on the company's application for an increase in rates, amount to $264,000 annually, and a reclassification of exchanges. The board will hold a brief session on Wednesday, the day to which the hearing was formally adjourned, and it is expected Mr. Mildram will give an idea as to when his report will be ready.

A preliminary hearing was held on Jan. 21, and about two weeks ago Mr. Mildram came to this city. As it was proposed to examine the books as far back as 1912, the work is requiring considerable time.

It is expected that when the hearings are resumed the company will refer to the tremendous damage done to its lines by storms, entailing, it is said, an extra expense of more than $100,000, and also to the necessity for additional facilities at the Moncton and other exchanges.

CAT PELTS WERE IN GOOD DEMAND

New York, Feb. 23.—The house cat promises to become a profitable fur-bearing animal. The pelts of the best domesticated felines brought $1.24 each here today at the annual fur auction of the New York auction sales corporation. This is an advance of thirty per cent. over October sales. Record-breaking prices were also paid for the skins of ringtail opossum, wallaby, fitch, hair-seal, leopard, ringtail cat and kolinsky.

The advance ranged from ten to 100 per cent. Buyers paid $76 for the finest otter skins.

SALVATION ARMY FIRE.

New Haven, Conn., Feb. 24.—The Salvation Army home here was damaged to the extent of ten thousand dollars by fire last night.

A cynic is a man who claims to be tired of the world. But in reality the world is tired of him.

A lot of men go broke just before the day breaks.

Some men are born diplomats and some are married.

Do you sing in your bath?

Have you that feeling in the morning of being born again? This is a joy accorded only to perfect health. Racing blood and high spirits are two results of exercise, regular living and regular bowel evacuations.

By an *entirely new principle* Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol *prevents* constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only bearing Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger."

OHIO-TUEC

not only sweeps but cleans

THOSE hours spent over broom and dustpan are today recognized as a useless waste of time and strength—the cause of headaches without number; frequently of permanent ill health.

Instead of these tedious hours, the OHIO-TUEC suction cleaner makes home cleaning a matter of a few pleasant minutes. It is easy to operate—simple to manage; no drain on your strength.

The OHIO-TUEC sweeps up every thread, sucks up every speck of dust from the floors without wear or harm—draws every particle of foreign matter from the fabric of upholstering, out of draperies or bedding, from behind bookcases, cabinets and radiators, even off the walls. Such air cleaning adds years to the life of your furnishings.

Let us demonstrate to you in your own home how much this cleaner will save *You* in hours, work and money—telephone us—
