It was my fortune to introduce the firs so placed, for the time will come about to inspect the St. John Valley with a view to building a railley with a view to building a view to bill for the encouragement of dairying in this province. The opposi fo count among our assets the 58 pected that the valley railway my proposal, but the result has been in the highest degree satisfactory. In 1896 the total value of the butter and cheese made in New Brunswick factories amounted to only \$76,151. Last year the amount was \$373,000, an increase way Co.; was run at a loss. Your way Co. was run at a loss. "ow

this did not include rolling stock.
The G. T. P. is to pass right

this line is not to be built down the fertile valley of the St. John, ABSOLUTE but Chipman is only 78 miles from St. John, and if the trains were to part at that point, one going

to St. John and the other to Halifax, the former would be in the wharf at St. John ready to be unloaded before the Halifax train had reached Memramcook. We do not propose that this railway shall be sold or leased at a smaller sum than we put into it, and we have

No medicine has ever effected as large a number of wonderful and almost mark vellous cures as Psychine. It has had one continuous record of victories over diseases of the throat, chest, lungs and stomach. Where doctors have pronounced cases incurable from consumption and other wasting diseases. Psychine steps in and rescues numberless people even from the very verge of the grave. Coughs, Colds, Catarrh, Bronchitis, Chills, Night Sweats, La Grippe, Pneumonia, and other like our railway might not have been taken ovet. In urging a new survey we were seconded by the Minster of Railways, and as the result of our efforts a new line was located and goes right through Chipman, which is only 78 miles rom St. John.

> Some hon, gentlemen opposite av that we ought tot to be paying 5 per cent. on a part of our debt, which is in the hape of treasury bills, but these gontlemen have not studied the subject. We could sell our debentures now at 4 per cent., but we do not think it prudent to do so. The great railways are not now issuing bends but are borrowing money at 5 per cent, interest on temporary hores until the money market shall beome more easier.

Among the liabilities incurred by the board of works was an vance on what was formerly the by road account. If the chief commissioner had pursued a niggardly policy he might have kept down these expenditures but the public services for roads and bridges rast be maintained and few people reglize how great our responsibiliupwards of 70 miles. The total length of the roads which have to be kept up by the province is 13,-108 miles. In Nova Scotia their roads are largely kept up by municipalities. If you go to Montreal or to Ottawa and propose to drive a few miles into the country you are confronted by a toll gate. In Ontario not only the roads but the bridges are kept up by the municipalities, although the government makes a grants. We have no toll gates or toll bridges in this province, everything is free.

The house adjourned at 5.30 m., and Mr. Pugsley concluded his peech on Thursday. He felt satisfied with the finan-

cial showing ol the province. The the amount giveo for education, bonus these factories by the results and there is also an increase for they achieve and the amount of public works. We put down the their output mier had left as much on deposit at Ottawa as he had found. There was an overdraft for public works province were prosperous. mining royalties Queens and Kent paid five tires over the interest on the bonds guaranteed Vfor building railreads
