FIX APRIL 10 AS THE DATE.

For Beginning Re-Construction of Street Railway System.

To Cut Out Asphalt Work and Repair Ward 7 Streets.

Annexation of New Distric Would Mean Much Work.

The Street Railway Company expects to begin the work of re-constructing its roadbed on April 10, working north on James street, from Herkimer to Barton street and then easterly to Sherman avenue. As soon as the aldermen approve of the new agreement, which will be laid before the Council on Monday night, a number of details will be worknight, a number of details will be worked out. Chief of these is the question of
the material to be used between and
outside the rails. On James street from
Hunter to Barton street, the company
has to do this work, supplying its own
material. It cannot be forced to put
down anything better than the present
pavement, but the city officials think
something better than asphalt should something better than asphalt should be used on this section of James street. They hope to make a satisfactory arrangement with the company about this. On Barton street, too, the question of material to be used between the rails remains to be decided. There has been some talk of using creosote blocks.

It has been practically decided that no asphalt work will be done this year around the centre of the city unless around the centre of the city unless the Board of Works discovers later that the Board of Works discovers later that it will have some money to spare. The policy in the past has been to do as much asphalt roadwork as possible around the centre of the city, working out from James, King and York streets. The members of the present committee are of the opinion that permanent work of this kind should be paid for out of a special fund. There has been a lot of complaints about the condition of streets in Ward seven, and it is hoped to patch several of them up with material that several of them up with material that will be removed from Barton street, if the new pavement is laid there. Cannon pet, in places, is in bad shape, too, will have to be repaired.

Early this year the committee decided to dispense with the services of cement walk foremen. This was done on the ground that there would be very little cement work done this year. There is a possibility, however, if the district east of Sherman avenue to Ottawa street, is annexed, as proposed, that a let of new cement walks will be laid. The petitions which are being circulated for annexation are being largely signed and the matter will be before the Council shortly.

little cement work done this year. There is a possibility, however, if the district east of Sherman avenue to Ottawa street, is annexed, as proposed, that a lot of new cement walks will be laid. The petitions which are being circulated for annexation are being largely signed and the matter will be before the Council shortly.

City Engineer Barrow's decision to fight will make it impossible for the Council on Monday night to appoint a new city engineer. It will be necessary to wait until the following meeting to do that if a majority are in favor of it. It would require a two-thirds vote on Monday night to pass the by-law appointing the new man and rescinding the by-law under which Mr. Barrow is appointed. If Mr. Barrow is appointed the matter wall be taken up soon.

MONTH-END SALE.

MONTH-END SALE.

Tom Das Rheingold, following the evening service.

—The Lady Maccabees of Coral Eves. Hive, No. 341, held their monthly card party on Tuesday evening. Progressive euchre was the feature. Mr. and Mrs. J. Watson won the first prizes, and Mr. Sarow's decision to fight with the consolation prize, after which Prof. Links supplied music for dancing. Which was kept up till midnight.

—There is some talk of building a new registry office or enlarging the persent building, which is too small for the amount of business accomplished. The matter was discussed by the Property Committee of the city and county yesterday afternoon. No decision was arrived at, but it is understood the matter will be taken up soon.

MONTH-END SALE.

Ottawa this year will seek legislation of an annual assessment, as at present. The assessors would go around as usual The assessors would go around as usual assessing new buildings, but the idea is to protect and encourage the small householder who improves his property. The local city officials do not think much of the idea, and doubt if Ottawa will secure the necessary legislation. They say that in Hamilton the value of proeprties change too rapidly and that the scheme would not be practicable lare.

the matter, Hamilton may back up its

It has been intimated to the city officials that Hamilton's private bill enabling it to raise debentures of \$237,000, build a switch in the north end and submit a plebiscite to the people on the power question, will be passed in the House by March 1st. The permission to submit plebiscites will not be confined to the power matter, but will authorize the city to submit plebiscites on any question. Hamilton will be the first numicipality to enjoy this privilege. nunicipality to enjoy this privilege.

If, as has been intimated, an effort If, as has been intimated, an effort is to be made to get tenders this year for coal for the city, those favoring it must be saving their "thunder" for the Council meeting on Monday might. Yesterday afternoon the civic fuel committee unanimously decided to continue the present arrangement. The members decided that as the city was getting coal at circular prices, it would be impossible for the dealers to do any better. Ald. W. H. Copper was elected chairman.

Permits have been issued to J. H. Williams for a brick cottage on Avondale street, north of Barton, for A. M. Lewis, to cost \$1.300, and to F. S. Depew for additions. additions to 308 John street north, for R. Hull, to cost \$300.

The health report for the week shows four cases of scarlet fever, two of diphtheria and one of chickenpox.

Judging from the gossip around the City Hall this morning, a strenuous effort will be made in the Council on Monday night to have tenders called for the city's fuel supply this year, notwithstanding the recommendation of the Fuel Committee yesterday that the present arrangement be continued.

TEA TABLE GOSSIP.

-Miss Jean Carling is on a busin trip to New York.

—Alterations have commenced on the Armory Rink for the palm garden, which is to open in April.

—His Lordship Bishop Dowling will bless the new statuary in St. Patrick's Church to-morrow evening. —Miss Murton's annual at-home, at the Royal Hotel, will be held on April 23 next, instead of the 16th.

23 next, instead of the 16th.

—A Canadian patent has been granted

to J. Jones, of this city, for a safety
device for wood-shaping machines.

—Do not fail to hear Alex. Renshaw
in C. O. O. F. Hall, 67 James street
north, to-morrow. See church notice.

—In St. Patrick's Church to-morrow
evening Rev. Father McBrady, C. S. B.,
of Toronto, will preach a charity serof Toronto, will preach a charity ser-mon in aid of the Ladies' Benevolent So

said to be a very pleasing speaker, will give his lecture on "The Cotter's Satur-day Night" on Monday evening, March l, in MacNab Street Presbyterian

The musical programme for the at-

—The musical programme for the athence given by the officers of St. Mary's Benevolent Society on Wednesday afternoon was contributed to by Mrs. Hiscott, the Misses McKenty, Long. Badeau and Master Badeau.

At St. Giles' Church the pastor, Rev. J. B. Paulin, will preach at both services. A quartette will sing "One Sweetly Solconn Thought" (Ambrose), in the morning and Miss. Esther Horne will sing ing, and Miss Esther Horne will sing "He Keepeth Israel" in the evening.

-Readers will remember the important auction sale on Monday, at 2 p. m., at 344 East avenue north, by Thos. Burrows of the entire of the costly furnishings in mahogany, oak and mission finish, carpets, etc. See advertisement in this remember of the costly furnishings in mahogany.

& Tobey's.

No doubt you have had many money-saving opportunities offered you, but the response to our February month end sale to-day was more than gratifying. It was a record breaker. The prices we put on the lines advertised for the balance of the month made buying very easy for all. In The prices we put on the lintised for the balance of the made buying very easy for to-day's Times we call attending sood things in our lake the shoes 2, price.

\$5.00 shoes \$2.50. Take the sufflers worth up to \$2.50. Another move being made this year by the Ottawa aldermen is to arrange to have the polls at the municipal elections kept open until 6 o'clock. An effort will be made to get legislation permitting it. This is a pet idea of Ald. Jutten, who thinks the polls should be kept open longer than at present, to enable workingmen to vote without being put to a lot of inconvenience. If Ottawa presses the matter, Hamilton may back up its

The Largest Lady's Hat in Canada

What will be the largest woman's hat ever made in Canada is now being finished at the millinery workrooms of R. McKay & Co., the King street east dry goods firm. It was ordered by Miss Marie Pettes, the leading lady of the Selman Stock Co., now at the Savoy Theatre, and will be worn by her during the performances at the Savoy next week.

This hat is called the "Nell Gwyn style." It is a black Gainsborough shape trimmed with black and white plumes, imported direct from Paris, France, especially for this monster hat. The size of the hat is 3 feet 4 inches wide, and is valued at \$300. In construction it is so equally balanced that, not-withstanding its enormous size, it can be worn without any inconvenience to the wearer. What will be the largest woman's hat
