

Grandma is Their Doctor

ON an old - fashioned bureau, in a house I know, lies a large-sized New Testament with the binding well worn, and with it a much-used old copy of Dr. Chase's Receipt Book. When the calves have the colic or the neighbor's baby the earache, 'Grandma' hands out well-assimilated advice from the Dr. Chase Book. When 'Grandma' herself feels 'rundown,' Dr. Chase's Nerve Food stands ready on the dining-room table among the salt and pepper shakers."

In these few simple words Mrs. Bert Smith, Way's Mills, Que., beautifully describes the way in which many a grandmother is a blessing to her family and to

G. T. Defaulted

her neighbors as a guardian of health.

And what finer compliment can be paid to Dr. Chase's Receipt Book and Dr. Chase's Medicines than the approval of such mothers of experience as the one here described.

Just as in this home, Dr. Chase's Almanac hangs on the wall in the great majority of Canadian homes, and in the cupboard or medicine chest will be found one or more of Dr. Chase's Medicines ready for use in case of emergency.

If you did not receive a of Dr. Chase's Almanac it will be sent free by Edmanson, Bates & Co., Ltd.,

would be prohibited, probably about of school rates claiming that there three months after the holding of were remote parts of the province where schools were a serious problem. He approved of a new rate for raising money, saying there were parts where it ran to \$3 and \$4, while in Moncton and Sackville it was uner one dollar.

Hon. Mr. Foster said there was an ppropriation of \$5,000 to aid the consolidated schools.

Mr. Pinder said some provision hould be made for assisting the poor school districts, and he thought it might be done by cutting off extravagant expenditures.

Mr. Scully said that some of the difficulty might be due to the fact that valuations were only taken once in ten years. In St. John nine men at an expense of \$75 per day were employed to take the last valuation and when the work was completed the assessors did not accept it, preferring to go along in the same old rut. He thought it might be wise to have the government appoint a board of valuators for the whole province. Hon. Mr. Robinson on the item \$50,000 for the Forest Service, made a statement in regard to the operations of his department dealing with the the spruce bud worm and game pro tection. He said that the total lumber cut last year the total was estimated at 200,000,000 feet, including pulp wood and railway ties

Life Imprisonment For George Drew

In the St. John Circuit Court, Wednesday morning, with Mr. Justice Crocket presiding, sentences were pronounced upon George Drew and William Nairn.

Drew, who was found guilty by jury, of criminal assault upon a little girl, last December, was sentenced to

life imprisonment. When asked by the Court if he had anything to say before the sentence was profiounced, he replied that he was innocent, and that he was not given a fair trial.

The prisoner was unmoved while the sentence was being pronounced. Mr. Justice Crocket, in imposing the sentence, reminded the prisoner that the crime of which he had been found guilty was hideous and revolting. It was his opinion that the ac cused was the guilty one, and that the severest sentence should be given him. The law calls for in a case of this kind the penalty of death or life imprisonment, and after carefully considering the evidence submitted at the trial, and the finding of the jury, he decided that the sentence hould be life imprisonment:

William Nairn was sentenced to two years in the penitentiary and one whipping, the least being eight strokes, and in the second charge was sentenced to two years, the terms to take effect one after the other.

A barrel of Purity Flour makes more, larger, lighter loaves than a barrel of ordinary flour because Purity Flour is milled to perfection from the famous, hard, glutinous wheat of Western Canada.

Lower Your Coal Bills HECLA' PIPELESS FURNACE

It will cost you less for coal to heat your whole house with this furnace than it will to try and heat it with stoves. It will cost you less for coal with a "Hecla" Pipeless than with any other heating system!

The "Hecla" Firepot has three times the heat radiating surface of any other furnace because it is ribbed with flanges of steel. For that reason it gives quicker heat—and more

Owners say that this exclussive "Hecla" feature applied to pipeless heating means wonderful fuel economy.

At today's price of coal you do not need to save many tons to pay for a "Hecla" Pipeless.

Patented Fused Joints are another superiority of the "Hecla" Pipeless. They are proof against leaks of gas and

And in the "Hecla" Pipeless you get an extra big water-pan—that runs all around the furnace. Thus, every room in the house is supplied with air that contains a healthful degree of moisture.

It takes but a day to install a "Hecla" Pipeless. Our booklet "Buying Winter Comfort" describes all the other advantages fully—tells why it keeps the cellar cool for vegetables, why it heats every room properly, why we guarantee it absolutely. Write for it now. There's lots of zero weather ahead. Why not enjoy the comfort a "Hecla" Pipeless gives, and begin saving your coal bills now-this winter.
