BORACE SINCLAIR, KATHARINE WARD

CLASS A1 BEAUTY BATTALION

50—People—50

Two Carloads of Scenery

Prices 50c to \$2.00

Seats on Sale Tuesday

MUSIC AND DRAMA

"MAYTIME" COLLING

"Maytime," the exceptionally popular entertainment which the Messrs. Shubert are to present at the Grand Opera House, Monday, Jan. 12th, differs so radically in both theme and treatment from the conventional musical comedy as to mark a distinct innovation in stage fare. Its classification as a "play with music" is exact, for it is a dramatic narrative embellished with auxiliary music which enhances the action by fitting logically into the story. "Maytime" was written by Rida Johnson Young, author of "Brown of Harvard," "Naughty Marietta," "Capt. Kidd Jr." and other recent successes. Its musical setting came from Sigmond Romberg, composer of "Her Soldier Boy" and many of the song hits in the Winter Garden shows. The story, opening in a Washington Square Garden in 1840, proceeds through the years for three quarters of a century. The last of the four acts, or episodes shows a happy culmination in the lives of the grandchildren of the romance of their ancestors, blighted two generations before by parental opposition. The intermediate acts present striking pictures of New York life at widely different periods, the salient characteristic of each of the eras being accurately reproduced. The Messrs. Shubert, with their customary prodigality have provided an excellent cast. There is, of course, a chorus, and an augmented orchestra.

THE LURE OF HOME

It is in the home that good or bad taste is formed. Musically speaking, homes may be divided into three classes. First is the musicless home, where there is no musical instrument, no sound of happy song. In such a home musical instincts die for lack of food. No one would dream of starving a child's color sense by forcing him to gaze all day at utterly blank white walls. The home without color and devoid of pictures is unknown, but the home without music still persists among us. Then there is the musically uneducated home. Here there may be several instruments, but the music played is usually trashy and the singing is of the sort popular in vaudeville. A child reared in such a home will grow up with no real knowledge or love of music. Popular music need not be totally forsworn, but see to it that your children hear in their home

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU

32 Hickory St., Ottawa, Ont.
"I was for many years a victim of that terrible disease, Rheumatism. In 1918, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work, that of Electrician. I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again. I look upon this fruit medicine, 'Fruit-a-tives,' as simply marvellous in the cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial."
AMEDEO GARCEAU.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

at least some really fine, noble music to refine and ennoble their spirits. Last, and hitherto, unfortunately, least numerous, is the truly musical home, where good music is recognized to be not merely a luxury, but a necessity, where the child's spirit is fed with good music as his body is nourished with good food and his mind with good books. Music strengthens and beautifies home life. Gather the children and their friends about the piano in the evening for a good "sing." Perhaps some, more musically gifted, can form a string quartette or band. But whether the performance is, artistically considered, a success or not, it will draw the family together, make the home a centre of youthful happiness and destroy the lure of the great outside.

YELLOW SUGAR

If the Canadians Don't Want It, Out-siders Do.

OTTAWA, Jan. 2.—If the people of Canada want a certain large quantity of yellow sugar, which is available for use in the Dominion, they will have to speak for it, according to a notice which, it is understood, is to be sent out by the Canadian trade commission through various channels. There is, it is stated, a large quantity of yellow sugar available in Canada, but at the present time there appears to be "no takers," and this sugar is not being ordered from the refiners and wholesalers in whose hands it is lying. There are, however, people outside of Canada who are anxious to have this sugar exported to them, but the Canadian trade commission will not sanction the export if the people at home will use the supply of granulated sugar. If the Canadian people do not want yellow sugar it will build up an export trade and the supplies now available will be released to buyers in other countries who are anxiously seeking it.

SOFT COAL INDUSTRY

Committee Representing Operators Busy With Plans.

CHICAGO, Jan. 2.—Committees appointed by coal operators of the central competitive bituminous fields yesterday began formulating plans to put the entire soft coal industry on a stable basis. They will report early in the new year. The operators agreed that any raise at present in the price of coal used for domestic purposes would be unjustified and would be due solely to the retailers. One operator stated that the prices on a few grades of steam coal had been raised 14 per cent.

IN SERIOUS CONDITION

REGINA, Sask., Jan. 2.—John Wilson, accused of the murder of his wife, Mary, on September 28, 1919, while on the trail between Waldheim and Petrofka, will be given his preliminary hearing at Saskatoon, Jan. 12th, Wilson, who is in Prince Albert jail, is said to be in a state bordering on collapse.

"DANDERINE" FOR FALLING HAIR

A small bottle of Danderine costs but a few cents at any store. It stops falling hair, itching scalp and ends dandruff, besides it doubles the beauty of your hair, making it appear twice as heavy, thick and abundant. Try it!

The shipyard workers of North Vancouver have joined the growing list of industrial workers that have linked on to music. A band has been organized with the encouragement of the management of the works. The bandmaster is George B. McClellan, recently returned from active service in his war experience he found that men coming under the influence of music take more interest in their work and are more contented. The band is to furnish music to the employees. The Italian Government has released its Jugo-Slav prisoners in Dal-matia.

IRON MOLDERS WANTED

Men accustomed to operating Molding Machines and Bench Work. Steady employment for good men. Highest wages in Canada paid. Room also for learners.

(Mason-Campbell) Chatham make; 160 egg capacity. Price \$12. Can be seen at 198 Lake Avenue

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE. There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS. Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, saits and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. Any "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream. Hospital for Sick Children

TORONTO

Upkeep of Big Charity Requires Fifty Cents a Minute.

Dear Mr. Editor: The 44th annual report of the Hospital for Sick Children, Toronto, shows a notable advance in every department of its service to the suffering and crippled youngsters of this province. The ward accommodation has been taxed to its capacity, and the summer annex, the Lakeside Home, was opened for the first time since the outbreak of war.

The daily average of cot patients has increased during the year from 192 to 223, including children from practically every county in Ontario. Even had the cost of supplies and labor remained stationary, the substantial increase in the number of patients would alone account for the addition to the charity's debt, which at the close of the fiscal year was \$109,000. This debt has become an embarrassing burden. Further increase must threaten impairment of an enviable efficiency.

The Hospital is in the forefront of all institutions upon this continent devoted to the care of sick children. It cost \$325,399 to maintain last year. This great sum not only puts the services of the children of Ontario all the resources of medical science, but, in addition, provides for a training school for 120 nurses and for unsurpassed clinical facilities for the University students who are preparing to engage in their profession throughout the province.

The income which must be forthcoming to finance this absolutely essential work figures out at seven hundred dollars a day; and, as there is no endowment fund, all but a fraction of that amount has to be derived from individual benevolence. Therefore the Trustees are making a Christmas appeal to every lover of children to foot the bills for some period of time, no matter how short it may be. A minute of mercy costs fifty cents.

For churches, societies, lodges, etc., who have more ample funds wherewith to assist the youngsters to a fair start in life, the naming of cots is suggested. A number of memorial cots have been thus dedicated in honor of the overseas service of fellow-members. This privilege is extended in recognition of gifts of \$2,000 to the Main Hospital or \$500 to the Lakeside Home, which can be paid in annual instalments if so desired. Literature, illustrative of all branches of the past year's work, together with any other information desired, will be gladly furnished on application to the Secretary, the Hospital for Sick Children, College Street, Toronto. Contributions should also be addressed to the secretary. IRVING E. ROBERTSON, Chairman of Appeal Committee.
