### AGENTS,

HARVEY & Co., Limited,

## The Eastern Trust Company.

A few reasons why an estate can be better administered by the Eastern Trust Company than by a personal executor or administrator:—

1. The Company affords the estate absolute security; it has a paid-up capital of \$931,000.00, and a reserve fund of \$229,300.00.

2. It has a long experience in the work of administering estates; it is incorporated for this business of acting as a trustee, and unlike many other trust companies, it does no other.

3. Its existence is perpetual. Your estate, in the event of the death of a personal executor or administrator, must look around for a substitute, and the work of administration is impeded during that time, and the new executor is unfamiliar with the policy of his predecessor, and confusion results. This company's existence is perpetual, and there is a continuity of policy in its administration that the death of its officers does not break.

4. It possesses the confidence of governments, universities and prominent charities and administers their funds.

5. A number of other advantages which will appear in due course.

### GERMANS EVACUATE TRENCHES.

PETROGRAD, July 11. On the front of the Vistula, the Germans, on the night of July 9 evacuated the last trenches which they had from us, covering the evacuation with a hurricane of fire.

### WAR OFFICE OFFICIAL.

PARIS, July 11. The following official statement was issued by the War Office last night: Belgian troops repulsed last night an attack on a point of support on the right bank of the Yser, an important strategic point. A sudden attack by us has made a master in Champagne of a German outlook post, the occupants of which were killed or dispersed. In the region of the Meuse the bombardment of the enemy was directed against Salpingy.

An inventory of material taken by us at Fontenelle establishes the fact that the enemy left in our hands one cannon, four machine guns, two bomb throwers, a great number of rifles, a large quantity of ammunition, oxygen apparatus, designated as a depot of grenades and cartridges of different type. There has been no activity by the enemy in the region of the Vosges.

### NO MORE WAR NEWS.

HALIFAX, July 11. No other war news.

### BOMBARDMENT OF ALEXANDRIA.

PARIS, July 11. The French Ministry of Marine has issued a statement announcing the bombardment of Alexandria (near Smyrna) by a French battleship. The statement says: The German Consul at Alexandria having taken no notice of our action on May 31st, the French battleship bombarded the Consulate, and having rehoisted the German flag, a French battleship again bombarded the Consulate carrying away the flag. Precautions had been taken in order that no other houses should be hit.

### INDIAN PRISONERS OF WAR ESCAPE.

HALIFAX, July 11. The story of the remarkable escape of 100 Indian prisoners of war, who escaped from Constantinople and reached Afghanistan after a four months' march is told in a letter received here from King the firm win, who are Pathans, formed part of the Indian army fighting in Flanders. They were captured by Germans and sent to Constantinople. In the hope the letter says, that being Mohammedans, they might be induced to join the Turks. With unwavering loyalty to our action on May 31st, the French battleship bombarded the Consulate, and having rehoisted the German flag, a French battleship again bombarded the Consulate carrying away the flag. Precautions had been taken in order that no other houses should be hit.

### THE MINNEHAHA SAILS AGAIN.

HALIFAX, July 11. The Minneha sailed this afternoon. The fire is completely extinguished and the port wardens in examination found no bombs on board. Fifty tons of cargo was removed and left behind.

### THE LONDON BUDGET.

LONDON, July 11. The check which the Russians have imposed in Southern Poland, and the additional strain which it has placed on General von Mackensen's army to the right has postponed, it is believed, in military circles here, the threatened German offensive on the west, and there is now a possibility of the Allies being the first to take the offensive.

### COMMENT ON GERMAN REPLY.

BERLIN, July 11. Commenting on the German reply the Morning Post says the answer is in every way worthy of Germany. It shows the calm of a good conscience, willingness to lessen the fearfulness of war as far as possible, an upright wish to live in peace with America.

It also shows the firm will not to abate one jot or tittle of Germany's rights. The answer clearly shows that the responsibility for the form of submarine warfare rests on Great Britain.

### NINE BOMBS FOUND ON STEAMER

There is no confirmation of the reported Italian victory at Corso plateau, but dispatches from Rome say the Italian troops are making good progress on the work of capturing the mountains around Trieste which they hope to take before commencing an advance on the city itself, thus avoiding bombardment of the town which is largely inhabited by their compatriots.

## The Oporto Market.

The appended has just been received by the Board of Trade, sent by Messrs. Lind and Couto at Oporto:—

"The high prices recently obtained in this market have had the effect of attracting large quantities of codfish and the supplies are now sufficient. At the present values the demand is very limited and if any accumulation of stocks takes place the consumption will be encouraged by the lowering of prices. At this time of year, the heat prevents holding fish long in the stores. The new Norwegian cure has come into the market but the price asked is too high for the buyers. The Norwegian shippers have lately been getting such high prices for their fish that they seem to forget there is a limit beyond which the consumer cannot go. We look for a steady if reduced demand for Newfoundland fish during the coming season and if the market is not overloaded no doubt we shall be able to maintain good prices."

## An Attractive Program.

The friends of Mount Cashel will have their annual opportunity to assist the fine work of the Institution by attending the Garden Party on Wednesday, 23rd inst. It is intended to have this year's programme of attractions surpass all others to date.

The best of our long distance runners are in training for the road race, whilst the ball players of both our summer games are looking forward to an enjoyable day.

## Ever Ready Hot

Water, Night and Day.

### FOR THE NURSERY.

"The bath ready for baby, when baby is ready for the bath" should be an adage of every housewife—who should also keep in mind that any trouble saved to the nurse makes a well-ordered, contented household.

Gas Water-Heaters, whether of the instantaneous or Circular type, offer the convenience of available hot water "upstairs, downstairs, and in my lady's chamber,"—without any labour at all,—independently of the state of the kitchen fire.

The cost is reasonable.

### FOR THE BATHROOM.

An uncertain supply of hot water in the bathroom is a frequent cause of annoyance.

Hot water can only be secured, usually, by getting the cook to act as stoker, but at what a cost!

Think of the coal that is wasted—the fatigue of coal carrying—the after labour of grate cleaning—and the discomfort of a hot kitchen in warm weather!

Gas Water-Heater is economical, because it only heats the water actually required; and labour-saving, because there are no coals to carry, no fires to clean, no ashes or dirt to remove.

The master of the house has hot showering water and a hot bath whenever he wishes without delay or trouble.

### HOT WATER FOR THE HOUSEHOLD.

When "Spring cleaning days" engross the busy housewife then the convenience of an unlimited supply of hot water on the upper floors is brought home to her with special force.

But at all times—apart from convenience—a gas water-heater makes an irrefragable appeal to the housewife from the point of view of dealing with the domestic problem.

After-day domestic are difficult to keep unless due consideration is shown by saving them unnecessary drudgery—and in the category of unnecessary drudgery may be included the toil of carrying hot water or coal upstairs, the cleaning of grates and the removal of dirt and ashes.

The gas water-heater renders such labour superfluous.—may12.1f

## Our Volunteers.

Stephen J. Rodgers, of St. John's, enlisted with the Reserve Force on Saturday last which makes a total of 2,046 enrolled to-date. The men spent Saturday morning at extended drill, and in the afternoon a squad had rifle practice at the Southside Range. Before being dismissed the men received their fortnightly pay.

Yesterday morning the regular church parade was held, the men attending the R. C. Cathedral, St. Thomas's and Gower Street Church, respectively.

## VICTIMIZING HIS MOTHER.—A

14-year-old lad was arrested Saturday night, under warrant, charged with stealing a sum of money from his mother. The parent complained that her son had been frequently taking money from her, that she could get no good of him and she adopted this new course of trying to get him to mend his ways.

## Amusements.

### "THE DREAM GIRL."

The two reel feature that the Crescent Picture Palace is showing to-day is a great Selig success, a photo play full of thrills and romance. Beautiful Bessie Eyton and Tom Santschi are the principals, supported by a strong company in this great drama. "The Mexican" is the story of a Mexican's courageous revenge. "A Study in Big Feet," the whole story is interpreted by the feet of the players. "Jones' Wedding Day" is a roaring Kalem Comedy featuring John E. Brennan. No one should miss seeing this great picture programme at the Crescent to-day.

### "THE HEART BOWED DOWN" AT THE NICKEL TO-DAY.

"The Heart Bowed Down" is the great attraction at the Nickel Theatre this evening. Forbes Law Duguid will sing it, and every lover of good will sing it, and every lover of good it. This well known song is very popular in St. John's and when sung by such an artist as Mr. Duguid, will appeal to it. Everyone should make an effort to hear it. The pictures are high class. "Our Mutual Girl" will meet a celebrated artist at to-day's episode. Then there are two two-reel films. "The Floating Call" which is a melo-drama and "Whatsoever a Woman Soweth," a great social drama. There will also be a Keystone comedy entitled "The Anglers." The presentation of the colors to the 2nd Regiment at St. John's Camp will be shown at the Nickel shortly.

### BRITISH THEATRE.

Another splendid programme will be offered to patrons of the above popular house commencing with afternoon performance to-day. The feature photo-play is a most powerful production in two parts by the renowned Lubin Co. "The Living Fear." This is a society drama of surpassing merit. A remarkably pretty story: "The Green Rose" is interpreted by such favourites as Alice Joyce and Tom Moore and is sure to be greatly enjoyed by their many admirers.

George Ade, the great humorist, will again be to the fore with another of his clever satires and "effects" will be added thus giving the photo-plays a more realistic touch. Miss Elsie Tanner about Arthur, Friedman, Cameron will also be there as usual.

### "OURS" IN THE WEST END.

There is a very special programme provided for to-night at this popular little theatre. The pictures are of the very best and carefully selected. A charming Irish song in character costume by two sweet Irish singers. A good show to please all patrons and the price within the reach of all.

It was the practice of the Board of Works to put up a kind of a bridge about a fortnight or so before the regatta came off. After passing down the boulevard people cannot cross at the head of the pond.

PROPORTION OF KILLED TO INJURED IS 23.5 %

London, July 2.—A compilation of all the British casualty lists issued to date shows that the proportion of killed or injured is 23.5 %. This is slightly in excess of the percentage in the Crimean and South African campaigns. In the Russo-Turkish war, however, the proportion was nearly 46 %.

The proportion of killed officers is much higher than among men, reaching in the present war a percentage of 43.6.
