## NOTICE.

### WAR SERVICE CHEVRONS MER- CANTILE MARINE.

Authority is hereby given for Chevrons to be worn by members of the Mercantile Marine and others who have served at sea or have been captured or interned during the War, in accordance with the following Regulations:—

- One Chevron may be worn in respect of sea-going service, or captivity or internment in an enemy country, during the period from the 4th of August, 1914, to 31st December, 1918.
- One Chevron may be worn in respect of each of any of the three calendar years 1915, 1916 and 1917, provided that at least three months of the year have been spent at sea in sea-going service, or in captivity in an enemy country or both.
- One Chevron may be worn in respect of the remainder of the war, when twelve months have been spent since 1st January, 1918, in sea-going service (with or without a period of captivity in an enemy country), provided that the period of twelve months has commenced before 11th November, 1918, when the armistice was signed.
- The Chevrons for 1914 are:—  
(1) For Captains and Officers, silver.  
(2) For men, red worsted.
- The Chevrons for the other years, 1915-1918:—  
(1) For Captains and Officers, gold.  
(2) For men, blue worsted.
- The Chevron shall be similar to those worn in the Royal Navy and shall be worn on the forearm of the right sleeve or uniform, searig or shore-rig. The silver and red worsted chevrons respectively shall be worn below the others.
- No permission to wear the Chevrons other than this general authorization will be required. Chevrons will not be provided by the Government, but they should be purchased by those authorized to wear them.
- No unauthorised person may wear a Chevron.

NOTE.—Chevrons earned for Service in the Mercantile Marine in accordance with this authorization may be worn on Naval and Military uniforms; when worn on Military uniforms the Chevrons should be of the Army pattern.

By authority,

### A SOUTH AMERICAN FLARE-UP.

ORURO, Bolivia, Mar. 22.  
A great demonstration against Peru has occurred here. The Escutcheon of the Peruvian Consulate was dragged through the streets and mobs assembled before the homes of Peruvians and before the office of La Patria, a Pro-Peruvian newspaper.

### BRIDGE WORKERS STRIKE.

HAMILTON, Ont., Mar. 22.  
Over 100 employees of the Hamilton Bridge Works Company went on strike on Saturday, because the Company refused to grant wage increases which had been demanded.

### DIED OF SLEEPING SICKNESS.

MOOSEJAW, Sask., March 22.  
The first death in this city, was on Saturday, when Harry Lechnisky, 12 years old, son of Mr. and Mrs. Louis Lechnisky passed away. He was admitted to hospital on February 12th but after his admission he never regained consciousness.

### COMMUNISTS WELL ARMED.

LONDON, Mar. 22.  
The Essen Communists number ten thousand well armed workers and troops, and this number is steadily increasing, says a despatch to the London Times from Rotterdam, quoting the Rotterdamse Courants. Essen correspondent. The Communists have at their disposal big guns, armoured cars and airplanes. Communist troops also are in power at Dortmund, Borchum, Elberfeld, Barmen Hagen, Iserlohn and Hattingen. The police and Government troops are too weak to do anything against superior number and better armed men.

### MURDER SOCIETIES.

LONDON, March, 22.  
Despatches from Ireland, during the weekend, show the murder of Thomas McCartan, Lord Mayor of Cork, to have produced an intense, if subdued, sensation throughout Ireland. London has been deeply stirred by the incident and the newspapers which, while unreservedly condemning the crime, maintain it does not differ from those which have long terrorized Ireland. It is declared that Ireland, for the moment, is largely under the domination of secret murder societies, members of which are sworn to kill those whom they believe to stand in their way, but who the conspirators are, puzzles the police as much as the public. It is remarked as a phenomenon that where murder societies exist, members after a while begin to be suspected of murdering each other.

### GERMAN SITUATION CRITICAL.

Paris, March 22.  
Negotiations between members of the Ebert Government and the party leaders of the German National Assembly and delegates of workers, which have been going on at Berlin, are declared in an official British report to have been interrupted, because of an increase in the demands of the workers. Spartan forces still control Dusseldorf, Elberfeld and Essen, where great disorder prevails. The situation is critical, and Southwest Germany is quiet, but some agitation is in the agricultural sections of Pomerania and Mecklenburg. Eight thousand persons have been killed since the German revolution broke out on March 14 and of this number 850 were killed in Berlin alone.

### QUIET IN FRANKFORT.

LONDON, March 22.  
All was quiet in Frankfurt Sunday afternoon, says a despatch to the London Times from Brussels, but there was continued turmoil with loss of life reported in various parts of the country.

### DUE TO SOLDIERS.

DUBLIN, March 22.  
There was a riot here to-night in which two men were shot dead, and four were seriously wounded. The riot is said to have been precipitated by the disorderly conduct of soldiers, about three thousand of whom paraded the streets singing, jostling passers-by, hammering doors and smashing windows.

"I AM MORE GRATEFUL TO Tanlac than words can express, for it has given me health and happiness after twelve long years of suffering," was the enthusiastic statement made the other day by Mrs. Olive Peltier, of Vermont.

"I am more grateful to Tanlac than words can express for it has given me health and happiness after twelve long years of suffering," was the statement made the other day by Mrs. Olive Peltier, No. 26 East Allen Street, Winoski, Vt.

"I had been troubled so long with nervousness and sleeplessness that my housework was a drudgery and I got little pleasure out of life. My appetite left me entirely and at times I could hardly bear the sight of food and what little I did eat caused me severe suffering afterward. Gas would form on my stomach so badly that it affected my heart and I thought I had heart trouble.

"I was so nervous I would jump at the least unexpected noise and would drop everything I had in my hands. I got so weak and faint at times that I would have to catch hold of something to keep from falling over. My sleep was broken and restless and I was losing weight rapidly. I had little strength or energy and, as I had tried all kinds of medicines without relief, I had become very much discouraged over my condition.

"My husband had been taking Tanlac and when I saw what wonderful results he was getting I decided to try it myself and now I think as much of Tanlac as he does because it has helped me the same way.

"My appetite has come back and everything agrees with me perfectly. I am taking on weight rapidly and have already gained nine pounds; in fact, I feel perfectly well in every way. Tanlac has done wonders for me and I am only too happy to tell others about it."

Tanlac is sold in St. John's by M. Connors, and by the leading Druggist in every town.—adv

### IMMOBIL BLANC JUDGMENT.

LONDON, Mar. 22.  
The Privy Council judgment in the case of the steamship Imo versus French steamer Mont Blanc, and the cross appeal concerning the collision which caused the Halifax explosion in December, 1917, that the Council is clearly of opinion that both ships were to blame for reciprocal neglect to have reversed engines, and should have gone astern earlier. The appeal and cross appeal therefore both fail, and the judgment appealed from is affirmed with no order for costs.

### MURDERED MAYOR'S FUNERAL.

CORK, March 22.  
Fifteen thousand persons marched to-day in a procession, escorting the body of the late Thomas McCartan, Lord Mayor of Cork, from the Cathedral, where funeral services for him were held, to the cemetery of St. Finbarr, where the burial took place. Eight thousand Republican volunteers many of them in uniform, were in the ranks of the marchers, who paid tribute to the memory of the murdered head of the City Government, who was shot to death early Saturday morning by an unidentified assassin.

### A New Wireless Service.

In a short while the Telegram will be able to treat its readers to an extra foreign news service, in addition to the regular cable messages, which will go on the same as ever. The new service will come from Great Britain direct to the Admiralty wireless station at Mt. Pearl. The messages, on the other side, will be sent from the Horsea Station, a great Admiralty wireless plant which supplies all the navy with news. This is called the Horsea Press. The other city newspapers will also be receiving the Horsea Press news.

NOTE OF THANKS.—Mr. Michael Hickey and family desires to thank Mrs. (Capt.) E. Benson, the Misses A. Power, J. Barron, H. Coombs and Mr. William Hickey (Monroe Export Co.), for wreaths to adorn the casket of his daughter Helen; also those who sent telegrams, letters of sympathy, and all kind friends who helped in any way, during her illness.

LEASE SOLD.—The lease of the room in the Board of Trade Building was sold at auction to-day by Messrs. Dowden and Edwards for the sum of \$500. The term is for one year; a quantity of office fixtures fetched good prices.

## From the Exchanges.

A widow named Hewitt, 75 years old, who lived alone in London, died from suffocation after falling in a fit while undressing. She had spoken to no one except her doctor and landlady since the death of her husband and daughter eighteen years ago.

An exciting dream was probably the cause of the sudden death of Arthur John Anderson, 53, of London, England. The medical officer stated that Anderson's heart showed little sign of disease. Great excitement, such as that experienced in a dream, could have caused death.

airplane cannon, which is of Weight-Hispano design, was built to pierce armored airplanes, tanks, submarines and dirigibles. The motor is a modification of those used in the war. Unlike the airplane machine gun, which shoot through propeller blades, the airplane cannon is arranged inside the propeller shaft and shoots through the hub of the propeller. Two machine guns are attached to and synchronized with the motor for use in cases where the heavier shots would be unnecessary.
