# COLUMBUS

### Rubber Boots

WEAR is what you want in Rubber Boots and WEAR is the one big feature in the "Columbus" brand. Note the arrows in the illustration. They point to the parts of the boot where the hardest wear comes.

### "Columbus" **Rubber Boots**

are made to stand hard usage. They are made of the finest grade of Rubber and the process by which they are cured - Steam Pressure Cure — gives them a lasting quality that makes them wear indefinitely.

The back part of the leg is also reinforced at the right spot.

It is a real economy to buy these Boots.

You don't know how good a pair of Rubber Boots can be until you've tried the "Columbus" brand.

> The back-heel is double strength, in keeping with the sole and heel.

ASK FOR THEM AT YOUR DEALER'S.

The "Columbus" label on front of leg is a guarantee of quality.

### "Columbus" **Rubber Boots**

are made in Montreal. Every wearer therefore saves the 141/4 p.c. difference in exchange. which is added to the price of every pair imported from the United States.

The extra piece at the instep doubles the wear at this point.

The heavy solid heels also add to the durability.

The thick milled soles add mile upon mile of
