THE WEATHER PROPHECY.

Toronto, Feb. 25-11 p.m.—The storm center
is moving southward from the St. Lawrence
Valley with diminishing energy, and higher
pressure is spreading over the lake region from
the west and northwest. To-night the weather
is mild and rainy in Quebec and the Maritime
Provinces, fair and a little colder in Ontario,
and fine and cold in Manitoba and the North-
west Territories. Minimum at Hamilton, 32°
above zero; Windsor, 3° below—5° above;
Toronto, 49°-49°; Montreal, 33°-40°; Quebec,
35°-44°; Halifax, 32°-37°.
Local temperatures—Highest, 45° above zero;
lowest, 25° above zero.

TO-DAY'S PROBABILITIES.
Toronto, Feb. 26-1 a.m.—The indica-
tions for the next 24 hours for the lower lake
region (covering the peninsula and as far
east as the Gulf of St. Lawrence) are: Fresh to strong west
to north-west winds; fair and colder.

Vote for Conciliation, Reciprocity and
Hyman.

—Mr. A. M. Childs, of Hamilton, is
visiting friends on William street.

—The inimitable Bengough appears in
Victoria Hall this evening under the
auspices of the F. C. C. C.

—The ice above the waterworks dam has
been to a great extent broken up, very
little now remaining to prevent the flow of
the river.

—Thomas Watson, of Horton street
west, complains that a number of small
boys in his neighborhood annoy him by
throwing stones at the side of his house.

—Mr. Theo. Fox's chimney became

usually yesterday morning and threatened to
make things warm, as it were, around the
premises on Clarence street. A few buckets
of water somewhat mollified affairs.

—At the annual meeting of the Dominion
Shorthorn Breeders' Association held in
Toronto yesterday a vote of sympathy on
account of the death of Mr. Weld, of the
London Farmer's Advocate, was passed.

—The river was sufficiently high yesterday
morning to cause some uneasiness to the
residents of London West. Their fears
were soon set at rest, as the water went
down almost as rapidly as it had risen.

—Rev. E. E. Scott, of Belmont, has re-
ceived an invitation from Dundas street
Center Methodist Church to become their
pastor, subject to the approval of the
Stationing Committee.

—A group of Grand Trunk officials met
in this city yesterday. They were Mr. W.
McWood, superintendent of the car de-
partment, Montreal; Mr. J. Holland, me-
chanical engineer, of Montreal, and Mr.
Joseph Hobson, chief engineer, Hamilton.

—The east side of Richmond street, be-
tween Oxford and Piccadilly, was converted
into a small lake by Tuesday evening's rain
storm. The pavement is several inches
lower than the sodding on either side of it,
and forms an excellent basin for superfluous
water.

—In the case of Toth vs. Frederick, at
Toronto, judgment upon the application
of the defendant for his discharge from
custody under an order of arrest made by
the judge of the County Court of the
county of Middlesex. Order made for dis-
charge on the ground that it was not shown
that the defendant intended to leave the
jurisdiction. Costs in the cause. W. R.
Meredith, Q.C., for the defendant; Ayles-
worth, Q.C., for the plaintiff.

—A grand organ recital, conducted by
London talent, was held in the Baptist
Tabernacle, Ingersoll, Tuesday night before
a large and critical audience. Prof. W. C.
Barrow, of the London Academy of Music,
and J. W. Blair, of the Dundas street
Church choir, were the contributors, and
very heartily were their selections received.
The programme was a difficult one, but well
rendered.

The Bill To Be Paid.
Chairman Jones, Commissioner Davis,
City Engineer Tracy, Secretary Ellwood and
Inspector Platt attended a meeting of the
Water Commissioners yesterday afternoon.
City Solicitor Meredith recommended as
the best method of settling the Colville
springs appropriation account that a check
for \$6,000, with six months' interest at 6
per cent., be handed into court. The
treasurer was instructed accordingly. Mr.
A. E. Allen's communication, expressing
his submission to his alleged exorbitant
water rate account, was filed. The en-
gineer's pumping report and the considera-
tion of the estimates, as per the Council's
request, were laid over until next meeting.
Usual accounts were passed.

Mr. Watson's Concert.
Mr. A. J. Watson's concert given to his
customers and friends last evening in Vic-
toria Hall was a highly successful affair,
the edifice being more than filled. Mrs.
Ada H. Gauld's readings were most enjoy-
able, her distinct manner showing rare
powers and eliciting hearty appreciation,
particularly in her admirable rendition of
Frank Desprez's "Lascia." Mrs. Gauld's
genuine ability as an elocutist is well
known in London. Miss Rietta Mutch and
Dr. Ziegler, as the soloists, were in good
voice and repeatedly encouraged. Messrs.
Forbes, Dwyer, French and Standfield
made a capital quartet, their selections
being executed in faultless style. Mr. W.
S. Corbin showed decided musical talent in
his solo with guitar accompaniment, while
the performances of the London
Harmony Club were up to their usual
standard. Mr. Allen was an almost
perfect accompanist.

THE WORLD OF WORK.

**Three Thousand Singer Machine Men on
Strike—Trouble in Queensland.**

An official of the Pennsylvania Railroad
Company says the question of an advance
for the wages of its employees is not even being
considered.

About 3,000 men employed at the Singer
sewing machine works at Glasgow struck
because of the dismissal of unionist work-
men. The strike interferes with the labor
of 5,000 workmen.

A dispatch from Liverpool says: "A
slowly but surely spreading stagnation is
causing considerable alarm among the
weaving establishments of East Lancashire.
Ten thousand looms are already idle, and
in Blackburn alone 3,000 operatives are
idle."

A Brisbane, Queensland, dispatch says:
"Four hundred troops faced 500 armed
union men who threatened to attack the
non-union shears at Clermont. The union
men have been summoned to surrender
their weapons."

The great lung healer is found in ex-
cellent medicine sold as Bickel's Anti-Con-
sumptive Syrup. It soothes and diminishes
the sensibility of the membrane of the
throat and air passages and is a sovereign
remedy for all coughs, colds, hoarseness,
pain or soreness in the chest, bronchitis,
etc. It has cured many when supposed to
be far advanced in consumption.

Not Much Protection for Work-
ing Men and Farmers
in This List.

We give below a few samples of what the
contented artisan and farmer has to pay to
protect the few following lines, also a com-
parative showing of what the wealthy class
get the same goods for. Our authority is
the books of wholesale importers.

**Shirts—Duties on white shirts \$1 per
dozen and 50 per cent. A good un-
launders shirt for the workman, cost,
say in Troy, N.Y., \$4.50 per dozen. Add
\$1 per dozen and 50 per cent., or about
55 per cent. duties. A fine shirt of the
same class for the wealthy man cost, say
in Troy, N.Y., \$9 per dozen. Add \$1 per
dozen and 50 per cent., or about 40 per
cent. duties.**

**Collars—Cotton, celluloid and linen, duties,
24 cents per dozen and 50 per cent.
Cheap collars for the workman's
family, cost, say, 75 cents per dozen in
Britain or the United States. Add 24
cents per dozen and 50 per cent. makes
the duties about 65 per cent. The fine
goods for the wealthy man cost, say, \$1.50
per dozen in Britain or the United States.
Add 24 cents per dozen and 50 per cent.
makes the duties almost 45 per cent.**

**Shirts—For the workman, made of
winey, melton, or flannel, etc., 10 cents
per pound and 25 per cent. A good
heavy shirt made in Britain cost, say,
24s, or \$6 per dozen; weight, about 18
pounds to the dozen. Duties for the
workman, 55 per cent.**

A good fine shirt for the man of means
made in Britain cost, say, 48s, or \$12 per
dozen; weight, about 9 pounds to the
dozen. Duties for the rich man, 32 1/2 per
cent.

**Socks—Of all kinds—Duties 10 cents per
pound and 30 per cent. A heavy knit
sock in Britain cost, say, 4s 6d, or \$1.12
per dozen; weight, 3 pounds to the
dozen. Duties for the farmer, 57 1/2 per
cent. A fine sock for the rich man cost,
say, 12s, or \$3 per dozen; weight, 1 1/2
pounds to the dozen. Duties for the rich
man, 35 per cent.**

**Indian rubber clothing—Duties 10 cents
per pound and 25 per cent. A heavy
rubber coat for a farmer cost in the
United States \$1.50; weight 4 1/2 pounds.
Duties 55 per cent. A fine rubber coat
for the gentleman cost, in the United
States, say, \$5; weight 2 1/2 pounds.
Duties 33 1/2 per cent.**

**Cloths, tweeds, etc.—Duties 10 cents per
pound and 20 per cent. A heavy cloth
for workman's suit cost, in Britain,
say, 2s, or 50 cents per yard; weight one
pound to the yard. Duties 40 per cent.**

A fine cloth for the rich man cost, say,
4s, or \$1 in Britain; weight 1 1/2 pound to
the yard. Duties 25 per cent. And so
on to the end of the chapter. Truly we
should be a prosperous and happy people.

Why will you allow a cough to lacerate
your throat or lungs and run the risk of
filling a consumptive's grave, when, by the
timely use of Bickel's Anti-Consumptive
Syrup the pain can be allayed and the
danger avoided? This Syrup is pleasant to
the taste, and unsurpassed for relieving,
healing and curing all affections of the
throat and lungs, coughs, colds, bronchitis,
etc.

If you will imagine a big shoe lined with
soft deer skin on the inside and covered with
many beads on the outside, and the whole
fastened to a frame which may be swung
over the back, you will get a fair idea of the
Sioux cradle.

Nothing impure or injurious contaminates
the popular antidote to pain, throat and
lung remedy and general corrective, Dr.
Thomas' Electric Oil. It may be used
without the slightest apprehension of any
other than salutary consequences. Coughs,
rheumatism, earache, bruises, cuts and sores
succumb to its action.
