

# A LINGERING COUGH

The cough that holds on in spite of all remedies needs energetic, and, above all, thorough treatment. A mere cough mixture won't do. Root out the cold that causes the cough.

How? Scott's Emulsion.

Why? Because Scott's Emulsion stops the irritation, soothes the tissues and heals the affected membranes.

When? Right away. Scott's Emulsion begins to help with the first dose. Its action is quick and effective.

In a word, Scott's Emulsion cures a cough because it cures the cold.

We'll send you a sample free upon request.

SCOTT & BOWNE, 55 Front St. W., Toronto.

CONVICTS' BIG GRAFT CROOKS FOR CANADA

## Prisoners at Kingston Receiving Luxuries Through Instructors.

Kingston, March 14.—Consideration of the charges against the two trade instructors in the penitentiary was adjourned for a week at the police court yesterday. Christopher Robinson is accused of carrying in two letters addressed to John W. Ball, a convict undergoing sentence in prison, and Benjamin H. Sherring, of carrying in one letter addressed "For Charlie." The offenses are statutory. R. G. Chamberlain, of the Dominion police force, laid the charges. Defendants did not plead. It is said that the information upon which the detective acted came from a jealous Toledo, Ohio, woman, who squealed after a quarrel with a woman who received letters from the convict. She also said money was inclosing in the letters for the use of the guards to secure the prisoners luxuries and tobacco.

## London Burglars Freed Providing They Come to This Country.

London, March 14.—The Old Bailey criminal court case, in which a Bailey was set free on the recorder receiving a promise that he would emigrate to Canada and start life afresh, provokes protests in the press. A Canadian writes the Daily Express: "This is very nice for Canada, and very amusing in view of the strong agitation to exclude criminal immigrants from England. I trust the recorder is aware that steamship companies carrying undesirable people to Canada are as much compelled to bring them back at their own expense." "Lambton" writes the Daily Mail protesting against Canada being made the dumping ground for criminals, and says: "We have no room in the Dominion for such persons, but do want straight-forward, honest men, who are able and willing to work. We have no use for any other class."

## How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Proprietors, Toledo, O. We, the undersigned, have known F. J. Price, 75c per bottle. Sold by all Druggists. Testimonials free. Hall's Family Pills are the best.

## BIG FREIGHT TIE-UP

### As Result of the Strike on the New Haven Railway.

New York, March 14.—A strike of the firemen and others employed in the marine department of the New York, New Haven and Hartford Railroad Company for increased pay was inaugurated today. It resulted in the tying up of the entire freight and passenger service between One Hundred and Twenty-ninth street, Port Morris, and Oak Point and Jersey City. It is estimated that fully 10,000 tons of freight consigned to New England points is held up at Jersey City.

# STUDENTS DEBATE TURNED WIFE AND WESTERN POINTS OF THE PROVINCE CHILDREN OUT OF A PASSIONATE DRUNKARD.

## Consider It Necessary to Success in Business.

### NEWS FROM MEDICAL SCHOOL.

#### Dr. Campbell Replaces Dr. Neu in Lectures on Physiology—Preaching Allocations.

The second of the series of debates at the Western University held in place of the Tuesday morning rhetoric lecture, proved last week to be the most interesting debate held for some time. The subject was, "Resolved, that a university education is necessary for one to become a successful business man." Miss Sage and Mr. Colgrove supported the affirmative very ably. Their opponents, Miss Owens and Mr. Landon, acquitted themselves even more creditably by arguments which showed thought and careful preparation. A lively interest was kept up all through the hour, and the discussion, to which the debate was opened afterwards, would probably have lasted longer if time had permitted. The affirmative maintained that for a man to become successful in business he needs the thorough mental training a university education gives him. They claimed that the higher education broadens the mind and view, gives fondness for study, teaches self-control and a necessary self-reliance. They also teach the student a knowledge of not only how to learn, but where and what to learn. They also mentioned the friendships formed at college, too, are of value.

## Wife Writes a Grateful Letter to the Samaritan Remedy Company, Whose Tasteless Samaria Prescription Enabled Her to Reform Her Drunken Husband.

### A PASSIONATE DRUNKARD.

"How could I express my gratitude for the good your remedy has done for us. My husband was before, he has been drunk only twice since I have started to give him the tablets, and since I have given him the four tablets at a time he has stopped drinking altogether. Just think how good it is to be able to sleep in peace, and to be sure he will not get up in the middle of the night and break all the furniture in the house, and to be sure that the next night I will sleep in the house and not freeze in the open air with my children. Let me thank you a thousand times, and may God send you all His blessing. Write to the Samaritan Remedy Co., 262 Jarvis Street, Toronto, Canada."

The coming missionary loan exhibition, to be held at the Agricultural Hall, will be given by Rev. Canon Smith. Mr. Henry Shore led the study class in the life of Miss Isabella Thoburn, and Mr. Anderson Davidson commenced a series of lectures last Tuesday afternoon on church law and the canons.

## DO YOU KNOW

That It Is No Use Eating Unless You Digest Your Food—That If Your Stomach Won't Digest It, DODD'S DYSPEPSIA TABLETS WILL.

Do you know that the stomach is the seat of health as well as the root of disease? Do you know that if the stomach is out of order, the whole body is affected, is unable to do its regular work, is unable to resist any disease that may be floating around, and is all the while working towards disease on its own account? It is only natural. The man who can't get food for his stomach grows just as fat as a pig, and the man who is unable to digest the food he eats, just as well never be eaten. That's why Dyspepsia is worn out and dithered. They are just like people who have been starved for a time. DODD'S DYSPEPSIA TABLETS are made just to fit such cases. They digest the food themselves, and thus while the body receives its natural nourishment and thrives, the resting stomach gradually recovers its natural powers. That's why DODD'S DYSPEPSIA TABLETS cure as well as relieve. That's why Ademar Coderre, of St. Jacques de Lachapelle, Quebec, writes: "I am suffering from Dyspepsia caused by inflammation of the stomach. I took three bottles of DODD'S DYSPEPSIA TABLETS, and I am completely cured and I have stayed cured ever since."

## RAILROADER LOSES LEG

An Employee of the U. E. and D. R. R. Run Over at Walkerville.

Walkerville, March 14.—Adam Boyd, an employee in the Lake Erie and Detroit River Railway yards, had a leg run over by a yard engine here yesterday. Boyd was walking along the railway, when he noticed the yard engine coming. He stepped out on another track, but was struck by the engine, and an incoming passenger train. He realized his danger, and in trying to get out of the way of the passenger train was struck by the yard engine.

## PACIFIC TRAGEDY

Disappearance of an Unknown Vessel Off Californian Coast.

San Francisco, March 14.—Great mystery attaches to the disappearance and identity of a steamer which is reported to have sent up signals of distress on the night of March 12, and which suddenly disappeared as if swallowed up by the sea. Just before her disappearance, the observers saw a bright star on the horizon, and a vessel was swung on the port side in a frantic manner, indicating that great trouble must have befallen her. To the watchers at the Point Reyes lighthouse, it looked as if those on board were preparing to land, but nothing to indicate a wreck was visible. The steamer Columbia, from Portland, Oregon, arrived today, and her commander saw no wreckage or any other indications that a vessel had gone to the bottom. The steamer Corona, from Eureka, Cal., signaled that she had passed through immense quantities of wreckage, 2-30 ft high, at point about 30 miles southeast of Point Arena. Investigation indicates that this wreckage was the wreck of the steamer Columbia, which was lost during a storm on the morning of March 8. The steamer was on her way to Seattle several days ago. The opinion about the Point Reyes people may have seen signs of the wreck, but they do not indicate that the vessel was not in great danger.

Four great coal stations are about to be exploited in South Africa. The most southerly field lies between Ladysmith and the northern boundary of Natal. The region is the best in the world to supply a large part of the world's demand for coal. Natal exported 294,000 tons in 1901. The total assets of Chicago University are \$15,128,775. President Harper wishes to increase the salaries as follows: Professors, from \$3,000 to \$4,000; associate professors, from \$2,500 to \$3,000; assistant professors, from \$2,000 to \$2,500. A pension system is also being considered.

## WESTERN POINTS OF THE PROVINCE

### OF THE PROVINCE.

#### KENT.

Mrs. John Campbell has sold 25 acres, being part of lot 8, con. 10, Orford, to Mr. Robert Richardson for \$5,000. Mr. John Milne, of London, has sold lot 8, con. 9, Orford, to Mr. Daniel McIntyre. Consideration, \$4,000.

#### LAMBTON.

Robins, bluebirds and song sparrows have arrived, and present weather indicates an early spring. "Cooper Villa," Corunna, was totally destroyed, with all its contents, by a fire which began about 1 o'clock Tuesday morning. Mr. and Mrs. McCullough, who occupied it, narrowly escaped with their lives, and did not save anything. The fire started in two places outside, some way apart, and it is thought to have been maliciously done.

Petrolina has never witnessed a prettier sight than the new G. T. R. depot when it lit up with electricity. The Munroe family, who live on the eighth concession of Brooke, seem to be in a unky family. Shortly after a year ago, one of the sisters, who was then at home, went to the well for a pail of water. She started to go to the well, and her folks, going in search of her, found her lying beside the pump dead. Heart failure seemed to have been the cause of her death. About a year ago, while working at a barn-raising on the premises of Alvin Zeller, a young man fell from a load of hay into the ditch, on his head, and fractured his skull, and last Wednesday, when he was kicked on the left arm by a horse, and the arm was broken about four inches above the wrist. Surely this is a sad chain of fatalities.—Petrolina Topic.

#### MIDDLESEX.

Mr. George Lovat and family, of the second concession, moved to near Ingersoll last week. The Lovats, who have been in the family lived on the Logan farm, they have won the respect and good-will of the community and they go to their new home with the best wishes of their many friends of West Nisour.

Grace Church opening will be held on Sunday and Monday, March 15 and 16. On Sunday three services will be held, at 10:30 a.m. and 7:30 p.m., conducted by Rev. Robert Knowles, of Galt.

Strathroy Dispatch: E. Rowland & Co., bankers of this town, who recently chased from Sheriff Cameron the Parker farm, in Adelaide village, have again sold it. Mr. Brooks, of Lobo, for \$5,000. Mr. Henry Anderson has purchased from Mrs. Murdoch, of London, the dwelling and land occupied by him on the east side of Caradoc street. The purchase price was, we believe, something over \$1,000.

T. W. Scott, former principal of Luan public school, but more recently one of Blyth's most progressive merchants, has been appointed manager of the Bank of Hamilton, Blyth.

E. W. Wallace of London Township, and Joseph Mosse of Prospect Hill, left Granton this week for the Northwest, each taking a car of settlers' effects.

It is reported that Mr. Archibald Smith, formerly instructor of creameries of the Western Dairy-men's Association, and also department of the Western Dairy School at Strathroy, has resigned, and that his resignation has been accepted.

A meeting of the board of directors of the Western Dairy-men's Association is to occur on Thursday evening for the purpose of discussing the organization for the year and the appointing of the remaining instructors.

A farewell party for Mr. and Mrs. John Cobban was held at the home of the latter's mother, Mrs. Nagle, at Christina, recently, when the whole party, including Mr. and Mrs. Cobban and Mr. Marshall, while Mr. Collins and Mr. Marshall presented Mrs. Cobban with a fur collar and Mr. Cobban with a fur cap. Mr. and Mrs. Cobban are leaving for Montana.

#### OXFORD.

J. V. Wadland has just completed the sale of Mr. Thompson's farm of 50 acres, on the eighth line of West Zorra, to Mr. George McDonald, for the sum of \$1,000. Mr. Hopwood will move into Woodstock.

On Thursday Mr. and Mrs. T. Sinclair, of Woodstock, former residents of Dereham Township, reached the 20th milestone on their matrimonial journey. The occasion was very fittingly celebrated by a silver wedding, at which over 90 old-time friends and relatives were present from London, St. Marys, Ingersoll, Dereham, and other places.

The death took place at Braemar on Tuesday of Catherine Sutherland, wife of Andrew Ross, at the age of 67 years. Mrs. Ross was born in Scotland. She is survived by a husband and one son.

Since making the report of the Walmer factory meeting, it is learned that this has been their best year, having made a profit of eleven and a half tons of butter, thus beating their previous record of 1887 by over 10 tons of cheese. The amount distributed to 200 patrons was \$9,082, an average of nearly \$40, and ranging in amounts from \$5 to \$104. They have decided to charge \$10 per 100 pounds of cheese for shareholders, and \$15 for non-shareholders.

A very pretty double wedding took place at the home of Mr. and Mrs. Wm. Brash, con. 14, Blainford, on March 7, when the bride, Miss Elizabeth Kattie, was united in wedlock to H. Volmer, house agent and J. W. Zimmerman, the ceremony being performed by Rev. W. H. Johnston, B.A., of the Chesterfield Church.

#### WATERLOO.

The ice broke up at Galt at 4 o'clock today morning. It went off easily. The high water mark was a foot or more lower than last year, and since then has subsided four feet.

Mrs. John Edler, of Elmira, died very suddenly at her residence in that village on Monday morning. Shortly after breakfast, which was prepared by her, she became suddenly ill, and expired in a rocking-chair while her daughter went to the kitchen for assistance. Death was due to heart failure and dropsy. Deceased was a daughter of the late Rev. D. D. Dyer, and was about 50 years of age. Her husband predeceased her about four years ago. A family of nine children, the youngest 10 years of age, is left to mourn her loss.

Rev. Robert Walker, of Elora, died at his residence, Irvine Villa, on March 7. The deceased had resided there for nearly three years, and was universally respected. He was born near Brockville in 1829, and had occupied the following charges: Durham, Melbourne, Burk, Oneonta, Bethany, New, Stirling, Newcastle, Clifford, Walkerton, Warton, Minto, and Hagersville. His wife was Miss Ann Hays, daughter of a Mr. Hays of Minto, and he leaves a widow and family.

Widowly Mrs. (Rev) Gerald T. Johnson, of Cape Town, South Africa, Mrs. (Dr.) Newton, of New York; Willoughby Walker, a student of medicine, also at home at present.

A Guaranteed Cure for Piles. Iching, Blind, Bleeding and Protruding Piles. No cure, no pay. All druggists are authorized by the manufacturers of Pile Ointment to receive orders for this medicine. It is a cure of piles, no matter of how long standing, no ordinary cases in six days; the worst cases in four days. It is a guaranteed cure and rest. Relieves itching instantly. Bed room Suites, Sideboards, Spring Couches, Fire Chairs, at Hunt & Sons, Mattress and Feather Pillow Manufacturers, 603 Richmond street north. Telephone 597.

### WIRELESS TELEGRAPHY

A Public Demonstration of the DeForest System at Toronto. Toronto, March 14.—A public demonstration of the DeForest wireless telegraphy was given yesterday, when messages were exchanged between the mayors of Toronto and Hamilton. A number of men from the School of Science and others interested in telegraphy, including officials of the regular companies, were present. The transmission of a message creates a noise like a buzz saw in a planing mill, and is positively nerve-racking. Flashes of fire spit out from the machine, and most of those present at the experiments were glad to hold their hands to their ears in a futile endeavor to avoid the racket.

A Hamilton druggist sells the well-known Dyspepsia Remedy at McCurdy's Pharmacy, Hamilton, Ont., the young man who sold a package of Hutch Tablets to a customer, and was asked whether there was much demand for them, said: "There is nothing in the store which sells as well as Hutch Tablets do. The demand is as steady as for anything we carry in stock."

When asked who seemed to be the best patrons for it, he replied that young and old, male and female, seem to buy them. In fact, they seem to be in general demand. The advertisements seem to create the demand, but their merit is sold by everyone who is constantly increasing. We buy in hundred-dollar lots and a hundred dollars' worth only lasts a short time."

His name is sold by druggists or 200 sent for \$1.00 by the Woodward Chemical Company, Buffalo and Toronto.

The oyster is the one creature in all the world that doesn't look forward eagerly to an opening. USEFUL AT ALL TIMES.—In winter or in summer Parmelee's Vegetable Pills will cope with and overcome any irregularities of the digestive organs which change when the temperature, or variation of temperature, may bring about. They should be always kept at hand, and once they are used, you will become known, no one will be without them. There is nothing nauseating in their structure, and the most delicate can use them confidently.

The average married man would rather move than go through a siege of spring house-cleaning. Use Levee's Dry Soap (a powder) to wash woollens and flannels,—you'll like it.

# A Half Million People

Wrote Me and Got Well.

And I took the entire risk. They simply gave me their addresses and stated which book they needed. That is all I ask of you. I will then mail you an order on your druggist for six bottles of Dr. Shoop's Restorative. You may take it a month on trial. If it succeeds, the cost is \$5.00. If it fails, I will pay the druggist myself. And your mere word shall decide it. I have the records of nearly 550,000 sick ones who have accepted that offer. They were all difficult cases—some of them desperate. People don't write me about mild attacks. They buy one or two bottles, get well, and I never hear from them. Yet 39 out of each 40 who secured those six bottles paid for them gladly, because they were cured. On Jan. 11, 1903, I published in the Chicago papers the names and addresses of one thousand people in that city alone whom I had cured of chronic diseases in just the past six months. I need not tell you that no other remedy ever made a record like that. And no other remedy for chronic diseases could be supplied on an offer like mine, without ruining the man who made it. The reason for it all is that my Restorative strengthens the inside nerves. It brings back the power that operates the vital organs. It is the result of my lifetime's work. Common treatments fail because they aim to doctor the organ that is weak, and such results at best are but temporary. A weak organ must have more nerve power, just as a weak engine must have more steam. And that is all that is needed—all that medicine can do.

**CUT OUT THIS COUPON.** For we all resolve to send for something, but forget. Mark the book desired and mail this with your name and address to Dr. Shoop, Box 41, Racine, Wis. Book 1 on Dyspepsia. Book 4 for Women. Book 2 on the Heart. Book 5 for Men (sealed). Book 3 on the Kidneys. Book 6 on Rheumatism. Mild cases, not chronic, are often cured by one or two bottles. At All Druggists.
