Catarrh

Invites Consumption

It weakens the delicate long tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

THE U. S. ARMY CANTEEN

General Corbin Will Recommend Its

Re-establishment.

Washington, D. C., Nov. 2. - Gen. Corbin, in his annual report, will recommend the re-establishment of the rmy canteen, and Secretary Root will concur in this recommendation. Gen. Miles does not favor this action, and it is believed he opposes it in his report now in the hands of the Secretary of War. General Miles is of the opinion that the abolition of the canteen was beneficial to the soldiers. He is the only officer of prominence who holds this view.

Secretary Root, Gen. Corbin, and practically every commanding officer of the army is of the belief that the present system has a bad effect on the health and morals of the men. All the reports of the general officers of the army show an increased number of desertions and that more men have been tried for drunkenness since the abolition of the canteen than during

its existence. This law was adopted when the majority. Hume Gibbons was adend house were quate to the part of David Hirsh. attending the Miss Meta Rogers, while possessed of galleries of the senate and house were Woman's Christian Temperance Union, a pleasing presence and considerable and was passed as a compliment to that body and because a previous law abolishing the canteen had been nullified by Attorney-General Griggs, whose construction of it was considridiculous. Congress resented this, but as the abolition of the canteen has proved disastrous to the army there is every reason to believe it will be repealed at the next session of congress.

STILL THERE ARE DEFICITS

Government Has Given Large Sums to Toronto University.

Toronto, Nov. 1. - The trustees of Toronto University have held a number of conferences recently with Premier Ross and Hon. R. Harcourt, and as a result the estimates for the university for the year 1902-03 are about completed.

Mr. Harcourt has given out some interesting information regarding the provincial aid which has been received by the university within the past five years. Five years ago a block of land in New Ontario was set aside for the benefit of the university, and since cars; oats, 230 cars; hogs, 38,000 head.

The leading futures closed: Wheat—Dec., 72c to 72½c; May, 73½c to 73%c.
Corn—Nov., 53%c; Dec., 50½c; Jan., 42½c; May, 42%c. Oats—Nov., 25%c; Dec., 25%c; old. 27%c; May, 31½c.
Pork—Jan., \$15 32½; May, \$14 50. Lard—Nov., \$16 50; Dec., \$9 52½; Jan., \$9 12½; May, \$16 50; Dec., \$9 52½; Jan., \$9 12½; May, \$17 72½. Rye—Dec., 50¼c; May, \$2%c. Clover—Oct., \$11. Timothy—Oct., \$4 10; Jan., \$4 20. Barley—Cash, 35c to 58c. 1898 the proceeds of sales in the block institution. Thus the new sources of revenue established within five years, if capitalized on a 4 per cent basis, amount to more than \$1,000,000 this does not include the new science building which the Government is erecting at the head of McCaul street

at an expense of \$20,000. "The last word has not yet been said," said Mr. Harcourt. "The university has been having deficits and the probability is that these deficits will increase rather than decrease. The number of students is increasing and additions to the teaching staff, and this and that department are from time to time required, besides additions to equipment. The total revenue of the university in 1900 was \$121,771; in 1901, \$149,039, but the ficit continued. So strong a hold has the institution in the Province that I am sure aid will be forthcoming commensurate with the requirements. The prospects are that the present academic year will be the brightest in the history of the university.'

TECHNICAL EDUCATION. Albert H. Leake, inspector of technica? education for Ontario, has just returned the Boston Atlas and Bee and other from an inspection trip, and reports that everything is progressing favorably in the different schools under his supervision throughout the province. Normal technical schools are now established in Ottawa, London and Toronto. He said that he hoped to see a school of this kind established in every town in the province. The following places have now got one: Stratford, Kingston, Brampton, Renfrew, Peterboro and Cornwall.

A BAD RUNAWAY. Rochester, N. Y., Nov. 2.-This afternoon a team of spirited horses ran away in the center of a funeral procession in Mount Hope Cemetery, and only the quick action of the driver saved the occupants of the carriage from being dashed over a 100-foot embankment to the tracks of the Lehigh Valley Railway below. The funeral was that of August Sell, a prominent German-American. In the sixth carriage was Mrs. Sell, the wife of the deceased, and Rev. C. N. Conrad. While passing through the cemetery the team became frightened and bolted papers. His rank of major came from straight for the high embankment. The driver managed to pull the horses into a mounted cannon. The carriage was wrecked and the occupants thrown out. Mrs. Sell was badly bruised, and Rev. Mr. Conrad was picked up unconscious, but rallied in a short time.

Idea of a Conference of Leaders Welcomed-Another Scandal in Sight -Cholera at Jerusalem

London, Nov. 3. - The Boer commandant, Viljoen, has written a letter to Earl Roberts, in which he offers his services to the British army if the Boers are enlisted to take the field against the forces of the Mullah in Somaliland.

It was announced from Johannesburg, Oct. 31, that a number of former Boer commandants and British officers had offered their services and those of 1,000 men, half British and half Boers, for duty in Somaliland.

THE LIBERAL LEADER. Lord Rosebery, speaking at a crowded meeting here Saturday, welcomed

the suggestion of a conference between the Liberal leaders. He said he was willing to promote to the utmost in his power the success of such a proposal. He, however, reiterated his abnegation of home rule, and said he did not see any prospect of the Liberals coming into power in the near future. He believed that as a matter of policy the Government might give the Boers more money, and he declared that if premier he would have made Lord Kitchener secretary of state for war.

Lord Rosebery further said it was the duty of the Liberals to remove any possible belief from the minds of the Trish that any independent parlia-ment or anything leading up thereto could be entertained by Great Britain. He was willing to admit that it would be well if there could be developed from the basis of local bodies a scheme applicable to England, Scotland, Ireland and Wales, which would relieve Parliament of business relating to purely domestic concerns. Mr. Redmond's recent announcement that in future the settlement of the Irish land roblem must take precedence over home rule, said Lord Rosebery, had quite changed the character of the Irish question. A hopeful sign, he added, was that Ireland seems to have progressed towards the idea of a con-ference between landlords and tenants. BERNHARDT DID NOT MAKE HIT. 600,000 PILGRIMS. One-third of the population of Vienna made pilgrimages Saturday and Sunday, All Saints' Day, and All Souls' day, respectively, to the Central Cemetery of Vienna. The pilgrims started in the early morning and returned late

at night. Some went on foot, while others used vehicles of all descriptions. It is estimated that 600,000 persons visited the graves in the cemetery on hese two days. The pilgrims all carried wreaths or flowers and before the tombs and in the long grass burned countless candles. The monuments to Mozart, Beetho-

en and Schubert, as well as the lot where are buried the 600 victims of the Ring Theater fire of 1881, attracted housands of visitors. This cemetery is the largest in Europe and contains 622,000 graves.

For Meritorious Service in South Africa

During the Later Phase of the Campaign-Who Gets It?

Ottawa, Ont., Nov. 3. - Saturday's militia order contains the text of a new army order, 232, respecting the grant of the King's South African war medals. It says the King has been gracious- berry & Co's. ly pleased to approve that a second war medal, bearing his effigy, shall be granted "in recognition of the services rendered by the troops in the later phases of the campaign in South Africa, and to reward those soldiers who, by their long service in the field, have brought the war to a successful termination." This medal will be known as the "King's South Africal medal." The ribbon will be orange, white green, in three stripes of equal width and so worn that the green stripe of the ribbon shall be on the right.

Provided the claims are approved by the commander-in-chief, the medal, in silver, will be issued to all officers. warrant officers, non-commissioned officers and men of the British, Indian and colonial forces; to civilian, medical practitioners and others employed in military hospitals in South Africa, and to all nursing sisters, as defined in army order 195 of 1901; provided that (a) they were actually serving in South Africa on or after the first of January, 1902, and (b) that on that they had completed eighteen months' war service or subsequently completed such service before the first of June, 1902.

Two clasps will also be granted-(a), clasp, "South Africa, 1901," to all who served in South Africa between Jan. 1, 1901, and Dec. 31, 1901, both dates inclusive; (b) a clasp, "South Africa, 1902," to all who served in South Africa between Jan. 1, 1902, and May 31 1902 both dates inclusive. The above clasps will be worn with
