SNAP-SHOTS AT VARIOUS SPORTS.

They are already framing up games for the Canadian Rugby championship betwene the Tigers and the Rough Riders. The city under the bluff seems to have the football craze in great shape. But they have not played a strong team yet, and so their claims to be the best team in Canada need to be taken with a little grain of salt. The Tigers are a fast scoring bunch, but they will have to be a great deal faster to win the Dominion champion-

The Toronto sportsmen have begun to listen to outsiders' advice about a harness meet, if the following article from the News is correct. We hope It is. It could be made to pay, and Toronto could easily be the Memphis of Canada in a harness horse world: "Dan Patch and his wonderful performance at the exhibition track on Saturday has created a new interest in the light harness horse game in Toronto. The trial has been the talk of the town for the past couple of days. A movement will be started by a number of horsemen whereby they will try to persuade the Toronto Exhibition Association to build a mile track at the fair grounds.

"This would give better harness horse racing in Toronto. With a mile track a well-known horseman stated that it was almost a sure thing that

this city could get dates in the Grand Circult meeting. "The dates for Toronto could be worked in between Detroit and Buftalo, which would not mean too much traveling for the horses. From such a meeting the owners of the track would derive a great revenue. Then better purses could be given at the fair, which would also be an inducement for many owners to bring their horses here.

"There are some fast ones owned in Canada, but they are never seen here, and all the public know of them is from the results published from the numerous meetings in which they compete. This would also encourage the purchase of a better class of horses and the breeding of them in Canada."

A literary chap on a Montreal paper gets this off regarding the Rough Riders-Montreal Rugby game. It is almost as good as Jack London's "abysmal brutes" article: "Like a big, heavy street roller, puffing and advancing laboriously, but surely, the Rough Rider team on Saturday crushed all hopes of championship out of the team representing the M. A. A. A. Like the relentless car of the Juggernaut, the Ottawa team trod them down in the dust, all in the regular way of play, and without much unnecessary cruelty or dirty work, but none the less effectually. There was no hope from the start."

They are still using columns of space to figure out what happened to the Athletics. It was owing largely to the fact that the Giants were the better team. No, this is not original.

Now the automobilists allege their machines were tampered with. If there is anything in professional sports that cannot be put under suspicion, will someone kindly rise and particularize?

Christy Matthewson is listening to the siren voice of the theatrical promoter. The crop of pugilist actors and divorcees must have been burne up by the frost this year.

Newspapers that are paying telegraph tolls on Battling Nelson's impressions of footbail would not quote him in that connection if the matter were obtainable at first hand.

So Francis Nelson is going to step out of the O. H. A. too. Well, we're sorry to lose you, also. A few of the old-timers should stay with it awhile, as some of the younger generation might get in and put the O. H. A. to the bad. You never can tell what will happen if any of the C. L. A, outfit get into the executive.

A Toronto dispatch says that the Victorias are ready for the Tigers. Please omit flowers. Friends will kindly look at the corpse before the struggle. It will not look the same after.

Nelson and Terry McGovern have been matched for a six-round go. Nelson does not display more than human intelligence in that. The Terrible One will beat him in that journey, as the Battling One cannot go a short distance to advantage. It may be for the purpose of dragging Terry in a long session, and then the slaughter.

Some Canadian now rises to remark that Dan Patch was stolen from him several years ago, and that he wants him back. The man resides at Port Arthur. They must use a fine line of dope in that country. They ought to take him back into the woods in his slumbrous state, for it would be a shame to wake him from such a lovely dream.

So they want to match Kaufmann against Marvin Hart, the booby champion. Somebody win slap Marvin real hard if he does not be careful. Isn't he a regular limb?

This is about the time of year that they regulate the speed of autos. Next July they will figure out how fast iceboats can go with safety.

Jimmy Britt now declares that he allowed Nelson to win the last fight, that he might have a chance to win the championship back. It sometimes affects them that way. They had to send McGovern to a "bughouse."

They want to see Canadian Rugby in the States, and are asking for two teams from Montreal and the east to play a couple of games in Philadelphia. Can it be possible they have not heard of the Hamilton Tigers? It will be awful reading the Hamilton papers after they hear that.

The Winnipeg papers are knocking the Argonauts' Henley crew, and declare that the crew as now constituted can never win the championship. The first man they pitch out of the boat is Joe Wright. Well, Joe has been in the game farther back than the memory of the oldest inhabitant, but since the rejuvenation of Stansbury everything is possible in the rowing world. And, at that, Joe is about the best stroke in the business.

Everybody is going over to see the Juniors beat the Woodstock team at

terms may be. One more chance is all held engagements at Eastbourne, I want, and if Nelson can convince me that he is a better man I'll take (Cambridge), and with Cambridge Unidown my fight sign and go in some other business. We have won a fight each, and the public will demand that eleven.

Canadian Rugby Teams May Play in the United States

geles, Cal., soon.

Montreal, Oct. 25 .- That two Montreal teams will play before an American crowd and show how Rugby is played in the Dominion is a probability now being discussed. Dr. Austin Irvine has received a letter from a friend in the United States asking him to gather two teams and bring them to Philadelphia to play on Franklin Field on Nov. 9, the purpose being to illustrate Canadian methods. The reason of this is that great efforts are being made to clean America fcotball of its rough features, and those who have the matter in hand are of the opinion that it would be well to see how the game is played by other peoples, hence the invitation to Dr. Irvine. The latter was requested to communicate with Dr. Newton, of the Cornell University, regarding the proposal.

As the time is rather limited, Dr. Irvine thought it would be a difficult matter to gather together two first-class teams, so he replied suggesting that a later date be named and the Canadian exhibition be put or as a sort of curtain-raiser to some of the big college games. Meanwhile he has handed the letter received to the executive of the Montreal Football Club for matter wili be opened and two Canadian teams will have an opportunity of showing the points of Rugby as played in this section to an American gathering. It is probable of course, that the feam would be composite ones, including representatives from all the senior teams of the Q. R. F. U.

For Family Colds

A reliable cough and cold cure should be always in the house ready for use the moment the first symptoms appear. It is always easier, cheaper and better to check a cold in the very beginning.

It is safer, too. Shiloh's Consumption Cure, the Lung Tonic, has been tested for thirty-three years, and tens of thousands of homes in Canada and the United States to-day are never without it.

A dealer writes: "Shiloh's Consumption Cure is without doubt the best remedy for Coughs and Colds on the market. Once used, my customers will buy no other.—L. Elsley, Nassagawe, a, Ont." If it were anything but the best would this be so? Try it in your own family. If it does not cure, you get back all it cost you. We take all the chances. Neither you nor your dealer can lose. Isn't that

fair? 25c. is the price. All dealers in

medicine sell
