

SNAP-SHOTS AT VARIOUS SPORTS

Rube Waddell is reported to be in splendid shape. The other day he was taken from his cage for a little exercise. He escaped from his keepers, and headed for the morass to hunt crocodiles and other birds of prey. He put in a strenuous training season this winter with his left foot on the rail.

B. Nelson handed it to one T. McGovern last night in bunches. The record of the fight confirms our previous impression that Terrorless Terry is a dead one. There does not seem to be anyone of Battling's weight good enough to trim him.

The Petterboro Intermediate O. H. A. champions beat Smith's Falls, winners of the Federal League senior championship, last night. It will likely cause several remarks from Toronto to the effect that O. H. A. hockey is the fastest article yet discovered. These exhibitions do not signify. The Marlboros once trimmed Kenora, but no one imagined that the westerners were outclassed.

Maryland's Legislature has decided that boxing must go except in institutions of learning. We can see Al Herford at the head of the university of the many art, and if he is looking for text-books we recommend the following:

Missouri isn't such a dead sporting center. The champion corn husker resides in Sedalia, and the best potato racer in St. Louis.

Mr. John M. Wilson, treasurer of the Marlboro hockey team, writes to the News explaining the club's situation in regard to the men who figured in the recent game in the north. One thing is worthy of particular mention, and that is the fact that it states that its club representative on the O. H. A. executive, Mr. L. Burns, was in favor of a proper legal course in connection with the Rowe matter. Mr. Wilson's explanation is received by this paper as very satisfactory in every regard, especially in the matter of the three players in question. There is one thing that strikes us as being peculiar, and that is the fact that Mr. Burns was prepared to act along proper lines in the Rowe case. Now we would not have known anything about that had not Mr. Wilson corrected us. We would do neither Mr. Burns nor the Marlboro Club an injustice did we know it, but we were in no position to judge on the matter, as nothing was given out by the O. H. A. executive in this matter. We still adhere to our previous contention that the whole matter was high-handed and illegal, but we have no intention to do an injury to Mr. Burns wilfully. We were persuaded and backed up by the Globe accounts of O. H. A. doings, that Mr. Burns was a party to the deal. We willingly correct that impression. But the right we do demand is that the doings of the O. H. A. executive be made known to the members of the association. Closed corporation is never in favor, and we will not support the executive in its actions unless it makes it possible for everybody to know just what is being done.

The best St. Bernard at the Buffalo Bench Show was a dog bred by H. Stapleford, of Watford, named Mayor of Watford. He cleaned up everything in his breed. He was catalogued at \$1,000.

It always takes those New York War correspondents to discover the new curves. Their latest is the "woodpecker dip," a ball thrown by Ferguson, one of McGraw's recruits, a jump ball "that starts fast and finishes slow." Next we'll have the kingfisher dive or the catbird wiggle. McGraw is drilling Catcher Fitzgerald at first base, and also in the outfield in addition to letting him take his turn behind the bat. McGraw's idea is that every catcher should be a good utility man.

Carrying watches in trotting and pacing races has long been considered a pernicious practice for many reasons obvious to one familiar with the sport, but the new rule which forbids a driver to carry a watch in a race will in all probability be as inoperative as the hobbie rule. The new rule says that no driver shall carry a watch in a race except by permission of the judges. Leaving the application of the rule to the discretion of the stand seems to be a woeful mistake. Why should the judges allow one driver to carry a watch, but refuse another driver the same privilege?—Toronto Star.

The idea of a new club in addition to the Montreal, Shamrock and Nationals seems to be a pretty well founded one.

There will be lots of money behind the new club if it is finally decided to launch it, and there will be lots of available material to make it one of the foremost clubs in the country.

Not only that, but there will be considerable sympathy from certain outside clubs, particularly the Capitals, who have become convinced from watching the results in other branches of sport, that the men who will be at the back of the new club, if it does become a matter of fact, are men who can be trusted to make a success of any new combination in which they might take part.

All this may mean the breaking up of the National Amateur Lacrosse Union, and the formation of a new league or union, or the existence of two bodies, which probably will be compelled to amalgamate later on the same plan as the two big hockey organizations were compelled to do.

The Howards' five-man team of Chicago accomplished the unheard-of feat of rolling a score of 1,207 plus in a single game, and averaged 1,124 flat for three games. Roy Stokke averaged 261 1-3, which beats the world's record of 159 flat, held by Evan Edwards, of Columbus, Ohio. Stokke, after rolling 227 in the first game, opened the second with the 8-10 split, then put in 111 strikes for a 279 score. He started the third and last game with nine more strikes, making 20 in a row for him. In the big game, the 1,207 effort, Ray Stokke had 278, C. H. Wood 256, Dave Woodbury 251, Bartech 218 and Herb Schulze 203. This came after 1,095 had been rolled in the first game, and was followed up with 1,089, which gave the other team record—1,124 flat for three games.

"Mooney" Gibson has returned to Pittsburgh and has gone south with his team. It is confidently expected that "Mooney" will have a great season, and that he will become one of the greatest backstops the great American game has seen. With Heinie Peltz on the slick list, Gibson will be called on to do most of the catching. He ought to be a star. Here's that Canada's greatest backstop may make good.

BASEBALL.

WILL GIVE AN AT HOME.

The Rambler baseball team, of the East London League, is giving an "At Home" to their friends in the city hall on Friday evening next. An enjoyable time is anticipated.

BARROW GETS TWO.

Toronto, March 14.—Manager Barrow has put through two important deals. The release of Third Baseman Fricke was purchased from the Seattle Club, of the Pacific Coast League. Fricke, who is a big fellow, led the league in hitting and was eighteenth in batting for eighteen games. He is only a youngster, and Mr. Barrow considered that a "comer" was of more value than a veteran star, and Fricke, the Southern League, for whom he had an option, was passed up. The other deal was the trade of First Baseman Stapp for Pitcher McCarthy, of Montreal. The latter refused to return to Bannock's club, and as Stapp is loath to come back to Toronto, despite the fact that he was paid two months' salary while he was ill, and given a bonus last summer, the trade was easily arranged. McCarthy is a star. He pitched a no-hit game last season and always performed well in Toronto.

LAJOIE IN GOOD FORM.

Atlanta, Ga., March 14.—Manager Lajoie, of the Cleveland team, jumped into practice here and showed all of his old-time form and dash. His injured foot, which forced him to quit the game last season and put the Naps out of the pennant chase, is in excellent shape and causes the king no pain or inconvenience.

BILLIARDS.

WRIGHT TAKES FIRST.

Chicago, March 14.—The first game in the amateur billiard tournament today was won by Wright, of San Francisco, over Norris, of New York. The record of 300 to 179. Wright made the high run of the tournament, as far as it has progressed. He scored 111 in his third inning, which eclipses by 23 points the high run of last year's tournament.

Champion Got Much Best of Fight With McGovern

Terrible Tenny Not Equal to the Dane in Six Rounds at Philadelphia.

Philadelphia, March 14.—Before one of the biggest crowds in the history of the prize ring in America, Battling Nelson and Terry McGovern went six bruising rounds, with honors decidedly in favor of the conqueror of Jimmy Britt.

During the first two rounds neither of the fighters seemed inclined to take any chances, each being apparently inclined to work out his opponent. The evident displeasure of the crowd woke the men up, and they started in at a fast clip. All the old-time vigor of the ex-champion was there; all the old-time ability to give punishment was there, but against the cool, calculating methods of the Dane they were of no avail. Nelson was hit hard and then the ex-champion was there; all the old-time ability to give punishment was there, but against the cool, calculating methods of the Dane they were of no avail.

McGovern entered the ring at 10:05. He was given a tremendous ovation. His seconds were Hughie McGovern, Joe Humphries, John Burdick, Samuel Harris and "Terry Lee." Nelson came out at about the same time. He was followed by his manager, "Billy" Nolan; Kid Atell, Jimmy Gardner, Eddie Kelly and Johnny Loftus, his seconds.

The cheering for the Dane had scarcely ceased when the scales were brought into the ring and the weighing was done in full view of the spectators. Their exact weight was not announced, but both were under 133 pounds. After a flashlight photograph had been taken of the two men, the referee called the men to the center of the ring and gave them instructions.

Round 1—Nelson missed a left and both clinched, and it was twenty seconds before they were separated. The crowd hissed, and Nelson led with left to head. They again clinched and the referee warned McGovern for holding. There was another clinch and McGovern sent a hard left to the head. They were clinched at the bell and as they went to their corners there was nothing but hisses.

Round 2—McGovern missed a left for the wind, and then they again

began to wrestle; McGovern sent left to wind and left right to head. They rushed to a clinch and then McGovern drove a right to the head, which jarred the Battler. Nelson cautioned for using his shoulder. Nelson missed a straight left and again they clinched. The boys did not move six feet from the center of the ring and were still clinched at the bell. Groans and hisses greeted the men as they went to their corners.

Round 3—McGovern tried the left to wind twice, but was blocked in both attempts. They clinched and the referee could not get them to break. Nelson drove two lefts to the face, and there was the same old clinch. McGovern drove a left to the jaw and missed a hard right. McGovern up-percut with a hard right and then he sent a right to the jaw. Nelson sent a left to the head and ducked a vicious left. Nelson sent another left to the face and the men were clinched at the bell.

Round 4—McGovern swung wild with his right, but drove a left to the wind. Nelson sent a left to the face and then they clinched and wrestled across the ring. Nelson pounded McGovern's kidneys, Nelson sent a left to the jaw, Nelson sent a left to the face and McGovern missed a swing for the jaw. Nelson was growing stronger, while McGovern seemed to be weakening. Nelson sent a hard left and a right to the jaw. McGovern was weak as he went to his corner. It was the first round in which there was any real fighting.

Round 5—McGovern sent a left to the head and Nelson countered it with a left to the wind. Nelson sent a left to the stomach. McGovern rushed to a clinch and refused to break when ordered by the referee. McGovern sent three lefts to the face, but the blows did not have any appreciable effect on Nelson. When they broke, Nelson drove a terrific right to McGovern's jaw, which made the Brooklyn boy wobble. They clinched and they broke away the bell rang.

Round 6—Nelson missed a right swing and then rushed to a clinch. McGovern missed a right for the wind and then sent a right uppercut to the wind. Nelson sent a left light to the face and then missed a terrific right to McGovern's chin. Nelson drove McGovern into a neutral corner and landed two hard blows on the wind. McGovern was almost out when the going sounded. It was Nelson's fight.

Brantford, March 14.—The second annual show of the Brantford Horse Show Association will be held this year on May 24 and 25, and from the present outlook the prospects are the brightest possible. Hon. Adam Beck of London, has signified his intention of coming with a big string. The officers elected were as follows: Honorary president, Mayor Waterous; president, Lloyd Harris; first vice-president, Harry Cockshutt; second vice-president, W. R. Turnbull; third vice-president, John A. Sanderson; secretary, treasurer, W. T. Henderson.

PLAYED THE GAME UNDER PROTEST

Medicals Objected to T. N. B. C. Having Harvey on Their Team—Issue Challenge.

The T. N. B. C. defeated the Medicals last night in the Y. M. C. A. basketball series by a score of 51 to 44. The game was played under protest, as the Medicals claim that Harvey, of the winners, is not eligible. Harvey came here from Hamilton not long since. He put up a swell game last night, and was the main cause of the Medicals' defeat. The Medicals have challenged the T. N. B. C. to a game without Harvey, and are confident they can beat them. The Businessmen defeated the Medicals in a close game by a score of 50 to 47. It was a good game, and the teams lined up as follows:

T. N. B. C. (6)—Dole and Wickett, guards; Harvey, center; Marshall and Canfield, forwards.
 Medicals (4)—Wood and Polsson, guards; Moore, center; Ross and Crawford, forwards.

Second Game.

Businessmen (50)—Jackson and Brown, guards; McBride, center; Tumbling and Skinner, forwards.
 Medicals (47)—Wood and Cromble, guards; Brown, center; McLaren and Willis, forwards.

The T. N. B. C. stepped into first place in the league by their victory last night. They have won a game more than the Pirates. Both teams have lost the same number of games. The standing to date is:

Won.	Lost.	P.C.
T. N. B. C. 7	2,770
Pirates 6	2,770
Medicals 4	6,444
Businessmen 3	6,375
Medicals 3	6,285

ALISA CRAIG'S FAST STICK

HANDLERS TAKE A PAIR

The Alisa Craig hockey club defeated the Stratford team in a fast and clear game of hockey in Alisa Craig by the score of 7 to 3. It was one of the fastest and best games ever witnessed there. At half-time the score was 8 to 2. The teams lined up as follows: Stratford—Goal, Reg. Rankin; point, Hamilton; coverpoint, Ramsey Rankin; center, Barnes; left wing, Switzer; right wing, McCallum; rover, Lloyd. Alisa Craig—Goal, Wilkins; point, Hal Morgan; coverpoint, E. White; left wing, Neil; right wing, McNeil.

LAW IS A CANDIDATE.

Toronto, March 14.—Benny Law, of Toronto Junction, will be a candidate for the C. L. A. council.

CUP HOLDERS GET A BAD BEATING

Ottawas Lose First Game to the Fast Wanderers, Nine to One.

Montreal, March 14.—The Wanderers secured a decided lead in the contest for the hockey championship by defeating the Ottawas in the first game tonight by 9 games to 1.

This will be a big lead for the Ottawas to wipe out in the return match at Ottawa on Saturday night, and the supporters of the home team are now confident that they will secure the championship, as the majority of goals in the two matches will decide it.

The arena was packed by a great crowd tonight to witness the match, and the greatest excitement prevailed. Both teams were in good condition and the match had not proceeded far when it was apparent that the home team were superior to the visitors.

At half time the score stood 4 to 0 in favor of the Wanderers.

In the second half all the visitors could do was to score one game, while the Wanderers added five more to their score. The teams were:

Wanderers (9).—Menard, goal; Schuch, point; Kennedy, cover; Patrick, Glass, Russell and Johnson, forwards.
 Ottawas (1).—Hague, goal; Palford, point; Moore, cover; A. Smith, T. McGee, Westwick and H. Smith, forwards. Referee—Bob Meldrum.

FEDERAL CHAMPIONS BEATEN.

Peterboro, March 14.—In a very excellent game of hockey tonight Peterboro, O. H. A. intermediate champions, proved the victors and their title to the championship with a score of 9 goals to Smith's Falls' 4.

Smith's Falls are the Federal League champions. There was some beautiful playing on both sides. The lineup: Peterboro—Wasson, goal; Glover, point; Crowley, coverpoint; Morgan, center; Whitcroft, rover; Graham, right wing; Cavanagh, left wing.

Smith's Falls—Mereu, goal; Hummel, point; Armstrong, coverpoint; Fraser, center; Ross, rover; Serviss, right wing; McNeil, left wing.

LOST BY A GOAL.

Coldwater, March 14.—The Victoria Harbor intermediate hockey team defeated the home team last night by a score of 7 to 6; half-time score was 6 to 2 in favor of the Harbor.

KENORA CHALLENGES FOR THE CUP.

Kenora, March 14.—The executive of the Kenora Thistles last night wired a challenge for the Stanley cup to the Victoria Harbor team.

This is contrary to expectations, but the Thistles never were in better shape, and if good ice can be secured they believe they can lift the cup.

Obstacles stood in the way of a match so long that they seemed unmountable, as the Turk wanted to take any kind of a hold he could get. Any one who saw Hachenschmidt wrestle here last year would not blame Madral, but the Russian Lion was as stubborn about giving in to such a place as he is about the mat. However, the match was finally made and the following are the rules to govern:

MUST NOT PULL EARS.
 Rule 1. Although wrestlers are allowed to catch hold where they please, they must not scratch, throttle, pull each other's ears, or attempt to maim one another by unfair practices.

Rule 2. The referee is invested with full power to decide any point which may arise in a contest not provided for in the rules or articles of agreement, and subject to no appeal in a court of law.

Rule 3. The wrestlers must not be rubbed with grease, resin, or any pernicious drug, and may compete either in stockinged feet or canvas shoes and bathing trunks only, should they elect to do so.

Rule 4. A wrestler is not allowed to press his knees into his opponent's stomach, nor is he allowed to dig his knuckles into his adversary's ribs when in holds either upstanding or on the floor. Such practice shall be deemed foul. The same refers to twisting an opponent's arm in order to cause pain, thus rendering him helpless, and not with the object of throwing him.

Rule 5. Placing a hand or both hands over an opponent's face and gouging are forbidden, and a wrestler deliberately going down on all fours without being legitimately thrown to the satisfaction of the referee shall be disqualified, the same as in a prize fight in the old time, when "going down to avoid" meant disqualification to the cowardly delinquent.

Rule 6. The double Nelson, being accounted a dangerous maneuver, is barred.

STRANGLE HOLD BARRED.
 Rule 7. The strangle hold, which can seldom be used successfully in an upstanding position, is also barred, as it is useless when the wrestlers are on the floor as a means of securing a pin fall (viz., two shoulders down at the same time), but is resorted to with the view of rendering an opponent unconscious while he is in most cases lying

CHAMPION HONORS TO WINGHAM SEVEN

Defeat the Harriston Boys in the Last of the Northern League Games.

Wingham, March 14.—The final game for the championship of the Northern Hockey League was played on Wingham ice tonight, and was won by the locals 9 to 1.

This is the sixth time these two teams have met, and tonight's score was most decisive.

The feature of the game was the form displayed by the locals, who played the Harristons off their feet. THE KINGS FAMILY CHAMPIONS.

Guelph, March 14.—Fourteen contradictions to the cry of race suicide skated onto the ice at the Royal City rink tonight to decide the family hockey championship of the city. It was the return game between the seven sons of John Mickus, of Waterloo, and Charles King, of Guelph. The first game in Waterloo last night resulted in a tie, nine all. That of tonight was won by the King sept by 9 goals to 5, and the round consequently comes to the Guelph team by 18 to 14.

There was some fast individual playing by Norman and Art King for the winners, and by John, the star goalkeeper, and Eddie Mickus, for the Waterloo team.

The score at half-time was 6 to 1 in favor of the Kings. The line-up was as follows:

Kings—Eddie, goal; Harry, point; Lorne, cover; Bert, Arthur, Vincent, Norman, forwards.
 Mickus—Andrew, goal; Walter, point; Albert, cover; John, Harvey, Eddie, William, forwards.

The best of feeling prevailed throughout the game, and the penalties imposed were few and all for inadvertent offenses. Little Punch Mickus, the 10-year-old darling, who played point for the losers, was allowed to make an end-to-end rush and score.

After the contest the visitors were hospitably entertained at a banquet by the King boys at the Commercial Hotel.

TILLSONBURG WINS ONE.

Tillsonburg, March 14.—The hockey match tonight between Tillsonburg Pan-Drieds and the Ingersoll intermediate team resulted 12 to 2 in favor of Tillsonburg.

THE BERLIN BANQUET.

Berlin, March 14.—At a meeting of the special committee in charge of the bazaar to be held at the O. H. A. senior champions and the intermediates, it was decided to hold the event in Concordia Hall at 8 o'clock on Friday, March 22. The O. H. A. executive, the captains of the various teams in group 2, and president of the Toronto Argonauts, will be the guests of the local club, and a number of the leading sporting writers in Toronto and London will also be invited.

Lion and Turk to Wrestle Under Odd Set of Rules

New York, March 15.—The Russian Lion and the Terrible Turk will meet in combat. Champion George Hackenschmidt and Almad Madral are to wrestle in London for the world's championship, so a dispatch from abroad says, but the most startling part of it all is the rules.

Fifteen of them have been framed, and they are more suitable for a dog fight in this country than a catch-as-catch-can wrestling bout for the best three falls in five. Biting, scratching and pulling each other's ears are stipulated, as being barred, and other specifications are drawn up in a style that must be truly English.

Obstacles stood in the way of a match so long that they seemed unmountable, as the Turk wanted to take any kind of a hold he could get. Any one who saw Hachenschmidt wrestle here last year would not blame Madral, but the Russian Lion was as stubborn about giving in to such a place as he is about the mat. However, the match was finally made and the following are the rules to govern:

MUST NOT PULL EARS.
 Rule 1. Although wrestlers are allowed to catch hold where they please, they must not scratch, throttle, pull each other's ears, or attempt to maim one another by unfair practices.

Rule 2. The referee is invested with full power to decide any point which may arise in a contest not provided for in the rules or articles of agreement, and subject to no appeal in a court of law.

Rule 3. The wrestlers must not be rubbed with grease, resin, or any pernicious drug, and may compete either in stockinged feet or canvas shoes and bathing trunks only, should they elect to do so.

Rule 4. A wrestler is not allowed to press his knees into his opponent's stomach, nor is he allowed to dig his knuckles into his adversary's ribs when in holds either upstanding or on the floor. Such practice shall be deemed foul. The same refers to twisting an opponent's arm in order to cause pain, thus rendering him helpless, and not with the object of throwing him.

Rule 5. Placing a hand or both hands over an opponent's face and gouging are forbidden, and a wrestler deliberately going down on all fours without being legitimately thrown to the satisfaction of the referee shall be disqualified, the same as in a prize fight in the old time, when "going down to avoid" meant disqualification to the cowardly delinquent.

Rule 6. The double Nelson, being accounted a dangerous maneuver, is barred.

STRANGLE HOLD BARRED.
 Rule 7. The strangle hold, which can seldom be used successfully in an upstanding position, is also barred, as it is useless when the wrestlers are on the floor as a means of securing a pin fall (viz., two shoulders down at the same time), but is resorted to with the view of rendering an opponent unconscious while he is in most cases lying

on the mat face downward on the floor.

Rule 8. A wrestler is not allowed to get his rival's head in chancery and hold it there so as to choke him, and although not forbidden to take a head without trying to throw his man is foul and merits disqualification.

Rule 9. The hammerlock, which is usually applied when the combatants are on the floor or mat, is barred, as it is merely a vehicle for maintaining the opponent, and legitimate wrestling was never established with that object.

Rule 10. Butting, sometimes resorted to in Japanese wrestling, is barred, being simply a relic of barbarism.

Rule 11. When a contest is proceeding, should the wrestlers get beyond the boundary of the ring, or should one shoulder of one of the contending parties be off the mat, or should the referee shall separate them and place the men in the same position in which they left off. But should a competitor deliberately roll himself off the mat, or crawl off with his feet sometimes done, with the object of securing a rest, he shall be cautioned twice, and if repeated disqualification shall ensue.

Rule 12. Should the referee be proved prejudiced, the promoters, or those interested in the match, can disengage with him and agree upon another official. When a new referee has been appointed during a contest the wrestlers must commence afresh as if no contest had been previously decided, nothing had taken place previously.

MIGHT WRESTLE FOR DAYS.
 Rule 13. When a match is not concluded on the day appointed the referee shall order the combatants to meet again and recommence wrestling at the same time and place every day (except Sunday) until a decision is arrived at. When the men have agreed to wrestle to a certain weight, they shall reweigh at each meeting, a provision which prevents the man who has had to reduce himself putting on flesh and thus securing an advantage over his opponent.

Rule 14. It shall be unfair for one competitor to pick up his opponent and throw him off the mat—i. e., on any unpadded part of the floor or mat, and a repetition shall bring disqualification.

Rule 15. In former times 15 minutes' rest was allowed between each fall, but in the present day 10 minutes is considered sufficient. The competitors shall be allowed one second fall, who must not be changed during the contest. A second is not
