Storm Cash pay for themselves quickly in bad weather. Storm cash does away with draughts and keeps the cold breeze out. Save your money and enjoy comfort and better health by ordering the storm cash for your house now. We can supply storm cash to suit your openings. Most likely one of our stock sizes will do—if not, send us the outside measurement of the storm cash you want and we will make them up for you. Our cash is made of bonded white pine, practically clear. They are carefully machined and fitted so as to have all joints weather-tight. Windows are glazed with clear glass, applied after priming, and secured by rubber's patents and best pure putty. We recommend always the 4 light storm cash even if your inside cash are in 2 lights only. They are stronger, cost less on account of the smaller size glass used, and if a light of glass is broken you can replace it easily and at less expense.

Size in stock ready for immediate shipment. Complete with glass and casement in bottom rail.	Price
2 lts. 24x34	\$3.35 each
2 lts. 28x28	4.10 each
2 lts. 30x30	4.45 each
4 lts. 12x24	3.15 each
4 lts. 14x28	3.85 each

N. B. & P. E. I. HOCKEY LEAGUE

Meeting At Moncton Decides on Three Sections—Officers Elected

Moncton, N. B., Nov. 30.—At a meeting of some twenty representatives of hockey clubs from New Brunswick and Prince Edward Island Amateur Hockey League Association was organized with the following officers:
President—Dr. Allan Starling, Fredericton.
Vice-President (Eastern Section)—S. F. Doyle, Charlottetown.
Vice-President (Western Section)—Max M. Mount, Campbellton.
Secretary—Treasurer—Myron V. Stokes, Sussex.
The Association is divided into three sections, Eastern, Northern and Southern.
The towns represented were Fredericton, Marysville, St. John, Sussex, Dorchester, Sackville, Charlottetown, Shediac, Campbellton and Edmundston. Besides these places the Association includes Moncton and Chatham.
After the formation of the Association the work of drafting a schedule was taken up but was not available tonight.
The first part of the meeting was taken up with a discussion as to an Eastern Hockey League but there was no action along this line.

S. M. HOSPITAL NEARLY READY

Heat Will be Turned on in About a Week—Many Rooms Being Furnished

Our readers throughout the district will be glad to learn that the Soldiers Memorial Hospital is nearing completion. The contractor of the heating plant feels confident that heat will be turned on in about a week, when work of furnishing will be rushed along. Already many of those who are furnished rooms have picked their rooms and the furnishings will be ordered at once. The elevator has arrived and will be in operation shortly. This means an expenditure of \$5000.00 which was not originally intended to be made at this time. The committee of the S. M. Hospital Aid have made lists of most of the furnishings required and orders have been placed for same. But there is much in the line of furnishings for any individual or society if they should care to undertake such work. A. A. Andrew would be pleased to give particulars in regard to same.

SCALERS SHOW INCREASED CUT

Small Operations Will Produce Fair Total in New Brunswick.

(Fredericton Mail.)
It is reported that indications at the present point to the cut of lumber on crown lands in the Province of New Brunswick being much larger than was expected at the beginning of the logging season. These indications are gratifying, as it had been thought that with a period of depression in the lumber market the cut on the crown lands would be exceedingly light. Conditions are very similar to those of last season, when it was forecasted that little lumber would be cut. The season as it progressed has opened up considerable quantities of some two hundred million feet produced. The scalers' reports from various parts of the province show that operators are cutting already and it is probable that before the winter is far advanced a very respectable total will be shown from the crown lands. The operations generally are in the central and north of the province and although small in comparison with some seasons a few years ago, go a considerable distance toward solution of the problem of unemployment. The southern portion of the province shows little activity, as all operators are waiting for improvement in the market.

JAS. D. SARGEANT'S HOME DESTROYED

Fire Completely Wrecks Building and All Contents Are Destroyed.

An alarm was rung in from box 27 about 8.20 Saturday morning for a fire in the residence of Mr. James D. Sargeant. So quickly did the flames spread that Mrs. Sargeant and son Ernest, who were up stairs were obliged to escape by jumping from the second windows and both suffered injuries from the drop. The flames responded promptly, but the entire interior of the building was in flames, it being sheathed with wood and just freshly painted and varnished. After two hours fight the fire was subdued, not however before the entire building with all contents were totally destroyed. The loss will be heavy and only a small amount is covered by insurance. Mr. and Mrs. Sargeant have the sympathy of all in their loss as both are well known for their kindness and generosity to neighbors in times of trouble.

GEORGE SARGEANT REPORTED MISSING

Left Escuminac in Goose Boat Monday Evening Nov. 21st.

The Restigouche has added another tragedy to its list it is feared. The victim is George Sargeant. George Sargeant, who has been employed with the Shives Lumber Co. Ltd., for years, running their gasoline boats, went to Escuminac shooting geese about two weeks ago. Monday evening, Nov. 21st, he borrowed a small goose shooting boat and went out at the mouth of Escuminac river. This was the last seen of him. Tuesday it was discovered that he had not arrived here and enquiries were at once started, and a search for the boat made. A wrecked boat was found near Oak Bay, but this was not the one used by Sargeant. Later another boat, partly broken, was found about six miles below Escuminac. This is being brought up and it is feared it is the one used. It looks as if the boat had filled and the unfortunate young man perished in the cold waters of the river.

CONSIDERATION NEEDED.
It might be well for the Electors of the County of Restigouche to consider well the condition of affairs politically. It is universally allowed throughout the Dominion that the Conservatives will not be returned, in sufficient numbers to enable them to carry on a Government. This being so it is reasonable to suppose that the Liberals in all probability will be returned in sufficient numbers to be in a position to make terms with the Progressives to secure their support and the result will be a Liberal administration. Then if you accede to what reasonable people are convinced is a true forecast where will Restigouche be? In the opposition, of course. It certainly might be all right to be in opposition when a principal is at stake, but does Restigouche County want to stand in opposition to a Liberal Government whose ambition is to do things for the country and whose highest aim will be to ameliorate the condition of the people and develop the resources of the country. Policies which call for the use of the best minds and the greatest service that can be obtained and will not by a vote drop us more deeply into an opposition deeper than we already are. Vote for the Liberal policy and the Liberal Candidate.

PREDICTS LIBERAL VICTORY IN N. B.

Hon. J. E. Michaud Back from Tour of New Brunswick.

St. John, Nov. 28.—Victory for the Liberals, in many cases with sweeping majorities, was predicted by Hon. J. E. Michaud, Secretary of the Liberal Executive for the Province, after a tour in which he personally covered a large portion of the territory. Speaking of the remaining seats, Mr. Michaud stated that the Liberals have an excellent fighting chance in three other districts, and that in one a Progressive candidate is conceded a winner. Mr. Michaud arrived in the city Friday night and will leave for Edmundston to-night. Taking the Province by constituencies, Mr. Michaud said that beginning with Restigouche-Madawaska, the Liberals of Madawaska have not yet seen the government candidate, W. S. Montgomery, Dalhousie. The contest there will be a joke, with the Liberal taking the seat with a tremendous vote. The Liberal representative is sure of a majority of at least one thousand, while in Gloucester, it is only a question of how many thousands Mr. Turgeon's majority will be, should the electors take the trouble to go to the polls in the cold weather. Northumberland will elect Morris without question, he says; Kent will return Legere, Liberal, as Doucette, protection farmer, is not receiving any recognition, even from U. F. A., while Westmorland will send Copp back to Ottawa with a handsome majority.

In Charlotte, developments are daily becoming more favorable for Todd, Hon. Michaud says, and his chances of election are good. The York-Sunbury contest indicates that Osborne had the country sections from the start and is rapidly gaining ground in the larger centres, with conservatives conceding him a majority in Fredericton. Royal has developed into a stiff fight, with the Liberal standard bearer making an excellent showing. In Carleton-Victoria, Caldwell, Progressive candidate will win by a large majority.

Mr. Michaud said he would leave the St. John-Albert pretention to the press.
