Herald's European edition remarks editorially:

"Sunday being a dies non in England journalism, there has been for twenty-four hours a welcome lack of inflammatory news from the Far East. This spell of breathing time may be profitably spent in examining the situation under its true aspect.

"All the civilized world realizes that the underlying diplomatic fencing bout is a far greater matter than the mere safeguarding of Russian interests in Manchuria. It is the universal recognition of this fact that makes the nations of the earth follow the struggle with breathless attention. All feel instinctively that Japan is but a supernumerary in the drama. All divine that behind the scenes stands a far greater actor, stands the real antage nist, awaiting the right moment to step into the centre of the stage. No doubts exist as to the identity of that actor. It is England.

Chamberlain's Cough Remedy. This preparation is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cure of these diseases over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs the disease of all langerous results. It is especially prized by mothers because it contains nothing injuricus, and there is not the least danger in giving it even to babies. It always cures and cures quickly. Sold by S. N. Weare.

Is catarrh, which first attacks the nose and throat and finally spreads all through the system. The one sure cure is fragrant, healing Catarrhozone which is sent by the air you breath direct to the seat of the trouble. Mr. T. Y. MacVicar, of Yarmouth, suffered for years from catarrh, and says, "In my long experience with this loathsome disease I never used any remedy that relieved and cured me so promptly as Catarrhozone. When my nostrils were so stuffed up that I couldn't breath I found a few inhealations of Catarrhozone was sufficient to clear away the mucous.
