Markets.

Toronto Markets.

"CANADA FARMER" Office, June 11th, 1868.

The market has recovered from the decline mentioned in our last review, and prices are now advancing slowly, and have reached a point considerably higher than our quotations of last number.

Flour—The market has improved during the week, and a considerable advance over last quotations has been established. No. 1 Super now sells without much difficulty at \$6. Several lots changed hands at that price yesterday and to-day; in the higher grades there has been nothing doing, and prices are entirely nominal.

Oatmeal—There has been nothing doing in this article during the week. Quotations are nominal.

Cornmeal—The market is dull and nominal. Nothing doing.

Wheat—In sympathy with markets east and west, the market here has improved. An advance of from 5c to 7c over last week's quotation has been established. Fall is now in fair demand at from \$1.45 to \$1.50 several car lots have changed hands at these prices. Spring wheat has also advanced; lots have been bought at from \$1.40 to \$1.42, these prices ruling to day on a change. The demand has considerably improved, but there is still not much doing.

Oats—The market is dull, several sales of car lots were made during the week at 62c.

Rye—The demand has become very light. For a few car lots \$1.05 would still be paid.

Peas—The market has been very dull during the week. No sales were reported; quotations are, therefore, nominal.

Pork—The market is dull and only a retail trade doing, nominally unchanged, worth \$23.

Bacon—Slow of sale at from 10c to 11c for Cumberland.

Cut Meats—Trade is confined to retail lots. We quote hams—smoked, 12c to 12 1/2c; canvassed, 13 1/2c.

Butter—The market has been steadily declining, and prices may now be quoted at from 12c to 13c. The recent fine weather is having a depressing effect upon the market, increasing the supplies largely and bringing down prices.

Eggs—Market firm and higher. There is a shipping demand for New York. Worth from 10c to 11c for shipping.

Cheese—Very little in the market. Only a retail trade doing—worth about 11c.

Lard—Nominal, none in the market.

Potatoes—There is a fair supply. The current rates are 65c to 70c per bush by the load, and 50 to \$1 per bush by the bag.

Apples—The market is firm; choice samples bring as high as \$3. Dried, dull; worth \$1.25 to \$1.50.

Plaster—The market is fairly active; selling prices \$1.05 to \$1.10 on the wharf.

Water Lime—Selling at \$1.60.

Hay—As high as \$22 was paid for a few loads to-day, prices ranged from \$11 to \$21.

Straw—Prices range from \$12 to \$16.

New York Markets, June 10—Flour—Dull, receipts 5,000 bbls., sales 5,000 bbls at \$7.50 to \$8.10 for super state and western, \$3.50 to \$3.30 for common to choice extra state, \$5.25 to \$10 for common to choice extra western. Wheat—Quiet and weak, receipts, \$6,000 b. shels., sales 15,000 bushels at \$2.19 for No. 2 spring; and \$2.27 for No. 1 do. Rye quiet; receipts, 750 bushels, sales 400 bushels Southern at \$2.02. Corn lower, receipts, 100,000 bushels, sales 79,000 bushels at \$1.08 1/2 to \$1.09 for new mixed Western wheat; and \$1.15 for white Western. Barley quiet. Oats easier; receipts, 25,000 bushels; sales 47,000 bushels at 56c for western wheat. Pork dull and lower at \$23.25 to \$28.57 for mess. \$27.62 for old do. Lard steady and quiet at 18 1/2c and 17 1/2c to 18 1/2c for kettle rendered.
