THE HARDWARE TRADE.

Hall, Kay & Co.

Ireland, W. H.
Morland, Watson & Co.
Robertson, Jas.

THE business of the past week in this branch of trade has been only to a limited extent, and the active season may be considered at an end. Merchants have been principally engaged in shipping goods already sold, in order to secure water carriage, where possible, or to obtain the summer and contract rates of freight from the Grand Trunk, which terminate the 30th inst. We believe the only boats now running are those of Ireland's freight line, which will continue to carry freight up to the latest possible date.

PIG IRON—Has had little demand, and the market is, if anything, in favour of buyers. A sale of 100 tons Gartherris is reported at \$18 50 cash, equivalent to about \$19 50 on four months, but we do not hear of any other lots offering at these figures. Eglinton is held at quotations. Hull Charcoal is quoted at \$23 to \$24, according to quantity.

BAR IRON—Is firm at quotations, and will probably rule slightly higher in view of the heavier freights which any subsequent arrivals will be subjected to.

BAND AND HOOP IRON—Are without change.

BOILER PLATE—Is in good supply, and is offering readily at quotations.

CANADA PLATES—Are scarcely saleable.

TIN PLATES—Are about as before, large lots offer somewhat under quotations.

CUT NAILS—Are a little easier, with moderate sales.

THE LEATHER TRADE.

Akin & Kirkpatrick.
Bryson, Campbell.

Seymour, M. H.
Shaw, F. & Brothers.

THERE is no alteration of moment to advise since last report. The market is quiet, nor is it to be expected that there will be any greatly increased activity until the opening of the spring trade. Prices are

steady, favouring buyers on all descriptions of stock of an inferior character.

SPANISH SOLE—Prices firm, though there is no great demand.

SLAUGHTER—Scarce, with little or no inquiry.

HARNESSES—In pretty fair demand.

WAXED UPPER—Moderate call for good medium and light.

BUFF AND PEBBLED—Prime makes only meet with ready sale.

PATENT AND ENAMELLED—Only in moderate request.

CALFSKINS—No demand whatever.

SPLITS—In abundant supply.

SHEEPSKINS—Light Russets meet with moderate demand.

THE BOOT AND SHOE TRADE.

McLaren, W. & Co.

IN consequence of an advance in leather, prices of all goods are firm, with a slight upward tendency but with no change as yet in quotations.

FLOUR—With heavy arrivals and a restricted demand the tendency since our last has been steadily downward, latest reported transactions in City brands and ordinary Canada supers have been at \$5 to \$5 05, and the decline does not yet seem arrested. Strong sponging supers are in full supply and have suffered a corresponding decline, closing at \$5 10 to \$5 20. Extras and Fancies are practically nominal, the former at \$5 75 to \$5 90, and the latter at \$5 40 to \$5 50. No. 2 and lower grades though suffering some decline continue to meet a steady demand, at relatively high prices. Bags have also given way and may be quoted at \$2 40 to \$2 55 for fair to choice.

OATMEAL—There is little doing and rates are practically unchanged.

WHEAT—The arrivals have continued heavy, and most sales noted have been effected with extreme difficulty and at receding prices, latest transactions both in Upper Canada Spring and Red Winter have been at \$1 14 to \$1 15. Western No. 2 is offered for speedy delivery at \$1 08 to \$1 09, but no recent sales have transpired.

PEASE—Any transactions for some days past have been at a considerable reduction in value from rates ruling prior to close of ocean navigation, parcels from store have sold at 90c to 92c per 68lbs.

OATS—The urgency of shippers while completing cargoes some days ago, caused high rates for the time to rule, but prices have as suddenly dropped back and rates are now nominal at 47c to 49c.

BARLEY is in very small compass, and nothing of note changing hands, rates purely nominal.

CORN—No recent sales noted, nominal rates for broken parcels 82c to 85c.

PORK—Though rates are notably unchanged, the market is unsettled, and buyers restrict themselves to supplies for immediate wants. *Cutmeats* unchanged. *Lard* quiet at about 15c. *Hogs*—Little doing only straggling parcels yet coming in, and rates various according to condition.

BUTTER—Since close of ocean navigation the shipping demand has practically ceased, rates are nominally unchanged, but beyond retail lots of choice there is little doing.

ASHES—*Pots* are dull, but have not materially varied in price, closing rate for first sorts \$5 60 to \$5 70. *Pears* were slightly better at the close, late sales being at \$5 50 to \$5 55.
