

The Investing Public

Is requested to consider the following facts about the

VICTORY=TRIUMPH Gold Mining Company

The Victory may now rank as a developed mine.

The tunnel is now in 160 feet on ORE ALL THE WAY.

The ore is low grade, but when concentrated will yield large profits on treatment.

From a point 90 feet in to the face of the tunnel there is a continuous body of paying ore. A considerable percentage of it will pay to ship as it comes from the mine.

The following statements about the Victory can not be challenged:

1 That the LARGEST BODY OF ORE has been opened up at the LEAST COST compared with any mine in British Columbia opened during the last two years

2 That every foot of work done is bringing more ore in sight than on any mine in British Columbia at the same stage of development.

3 That as an early dividend payer the Victory compares favorably with any property in process of development.

4 That the SURFACE CROPPING ahead of the tunnel gives every reason for supposing that within the next two months a wonderful chute of ore will be opened up at a depth of over TWO HUNDRED FEET.

Treasury Stock now 15 Cents.
