ADVICE TO MOTHERS.—Mrs. Winslow's SORRELING SAUCE should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as bright as a button. It is very pleasant to taste. It cools the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

ILLUMINATED
ADDRESSES
A. H. HOWARD
DESIGNER
 11 KING ST. W. TORONTO

TO THE ELECTORS
OF
CENTRE TORONTO.

Having accepted the nomination of the Liberal Convention, I am in the field as the Opposition candidate for the House of Commons, and I beg to say before you very briefly my views upon some important political questions.

The enormous and rapid increase of both the public debt and the annual expenditure during the last eight years demands the strictest economy and retrenchment; and we can no longer entrust the control of the finances of the country to those who have been so wasteful and extravagant in the past. Moreover, the appointment of Sir Charles Tupper to the office of Finance Minister, has filled the business interests of Canada with intense alarm.

I believe that no representative of the people should be allowed to enrich himself at the public expense, whether by railroad subsidies, "blind shares," timber limits or otherwise; and I call upon all honest men, irrespective of politics, to condemn a Government which has permitted and encouraged so many scandalous transactions of that nature.

I am, and have always been, an earnest advocate of morality and temperance, and believe that necessary legislation in that direction must be no longer blocked by an irresponsible Senate, but that prompt and radical constitutional changes are required in that body.

I favour residential manhood suffrage as the basis for a Dominion Franchise. The system of assisted immigration should be abolished, and a Factory Act should be passed by the Dominion Parliament, if the courts decide that it is within the jurisdiction of the Federal powers to do so. In any event, every facility should be granted for such legislation by the proper body, whether it be Federal or Provincial.

I strongly condemn the land monopolies which have been established in the North-West. The reduction of letter postage from three to two cents will receive my strong support.

While condemning the "cruel and callous neglect" of the Half breeds and Indians in the North-West by the present Government, which brought about the rebellion, I cannot applaud too highly the noble conduct of our volunteers, who responded so promptly and bravely to their country's call.

In reference to the cry that a change in the Government would injure the interests of the manufacturers, allow me to quote the words of the Hon. Edward Blake, pronounced at Malvern the other day, and with which I entirely agree: "It is clearer than ever that a very high scale of taxation must be retained, AND THAT MANUFACTURERS HAVE NOTHING TO FEAR." Some may rejoice at this condition, some may regret it, but all candid and reasonable men must admit that, after all, it is the condition.

Yours respectfully,

JOHN HARVIE.
