"ST. AUGUSTINE"

Sacramental Wine.

The REV. DR. COCHRANE writes:—
BRANTFORD, May 23rd, 1895.

Messrs. J. S. Hamilton & Co.
GENTLEMEN.—The St. Augustine Wine used in my own church on sacramental occasions, as well as in many other churches, I have always heard spoken of in the highest terms and is admirably suited for the purpose. Its deservedly high reputation for purity can be relied upon. The unfermented grape juice also commends itself to those who prefer that the wine should not be fermented and should have a large and increasing sale in our Presbyterian and other Churches.

Wm. COCHRANE.

The child of a German professor died in consequence of an injection of diphtheria serum. A maid-servant in the doctor's family had been sent to the hospital on suspicion of suffering from diphtheria. The doctor allowed himself to be persuaded to inject his little son, aged one year and nine months, with anti-toxin as a precautionary measure. A few minutes after the operation, which the unfortunate father himself performed, the child, who was before in the best of health, was dead.

THE DOCTORS WERE WRONG.

THEY SAID MR. REUBEN PETCH WAS PERMANENTLY DISABLED.

They Apparently Had Good Grounds for Their Report and on the Strength of it He was Paid a \$1,500 Disability Insurance—Another Case in Which Dr. Williams' Pink Pills Have Brought Health After all Other Means Failed.

From the Meaford Monitor.

Mr. Reuben Petch is a resident of Griersville who has been known to the editor of The Monitor for a considerable number of years. For several years Mr. Petch has been in bad health, has been an intense sufferer and was declared incurable by a number of physicians, and was paid a disability insurance of \$1,500. Lately, to the astonishment of those who had known that he was pronounced incurable, Mr. Petch has been brought back almost to his former health. This restoration he attributes to the use of Dr. Williams' Pink Pills, and knowing that his story would interest the readers of The Monitor, a reporter was sent to interview him. The following is Mr. Petch's narrative as given the reporter.

"I had been sick for some five years. I consulted in that time no less than six of the best physicians I could find, but none seemed to help me so far as medicine was concerned. My limbs and body were puffed or bloated so I could not

get my clothes on. I had lost the use of my limbs entirely. When I began taking Dr. Williams' Pink Pills I could not dress myself and had not dressed myself for two years previous. I could not even open my mouth enough to receive any solid food, and I had to be fed with a spoon. I seemed to have lockjaw. I could not get up or down the doorsteps, and if I fell down I had to lie there until I was helped up. I could not get around without a cane and a crutch. My flesh seemed to be dead. You might have made a pin-cushion of me and I would feel no hurt. The doctors told me I could never get better. They said I had palsy on one side, caused by spinal sclerosis, the effect of la grippe. You might roast me and I would not sweat. I was a member of the Mutual Aid Association of Toronto, and as, under their rules I was entitled to a disability insurance, I made application for it. I was examined by two doctors on behalf of the Association and pronounced permanently disabled, and was in due time paid my disability insurance of \$1,500. This was about two years after I first took sick. Things went on in this way for a considerably period, and my helplessness was, if anything, on the increase. I was continually reading about the cures through the use of Dr. Williams' Pink Pills, and at last determined to try them. After using four or five boxes there was a change. It first made itself manifest by my beginning to sweat freely. I made up my mind to give them a thorough trial and to my surprise I have gained in health and strength ever since. I take no other medicine except Pink Pills. I began taking them when all other medicines and the doctors had failed to do me any good. I could not get off my chair without help. I never expected to get better but Pink Pills have rescued me from a living death, and now I am happy to say I can work and walk and get around finely. I eat heartily, sleep soundly, and feel like a new man, and I ascribe the cause entirely to Dr. Williams' Pink Pills. I cannot say too much in their praise and recommend them highly to all similarly afflicted."

The above is Mr. Petch's unvarnished statement of his case and we might add, we know him

JOHN GRAY,
Synod Clerk.

to be a respectable, reliable gentleman, who has no interest in making the statement only to do good to others who might become afflicted as he was.

This strong testimony proves the claim made that Dr. Williams' Pink Pills cure when other medicines fail, and that they deserve to rank as the greatest discovery of modern medical science. The public should always be on their guard against imitations and substitutes, which some scrupulous dealers for the sake of extra profit, urge upon purchasers. There is no other remedy "just the same as" or "just as good" as Dr. Williams' Pink Pills and the genuine always have the full trade mark, Dr. Williams' Pink Pills for Pale People, on the wrapper around every box.
