MARKET LOCAL — PROVISIONS
STILL RISING, WITH GRAIN ON
THE TURN.

Chicago, July 12.

What difference there existed in the market this morning arose from an apparent cessation of downward prices in grain. There were $\frac{1}{2}$ advances at the opening on all classes of wheat and corn, also in July oats. September and December oats opened with the figures at which they closed yesterday. This was but a slight movement towards a higher grain market. It was, however, a commencement, and it was continuously followed up as the day advanced. In its earlier stages the market was strong, not, indeed, in a spasmodic way, but naturally, beginning and progressing quietly but surely. Whether a bullish grain business has set in, remains to be seen, but symptoms were pointing in that direction. Sales of provisions however, showed at the opening no abatement in their upward movement. September pork, starting with an advance of 10 cents on yesterday's close, bettered this in the morning by another 2, 3, and 2 cents, reaching 9.07. September ribs, from a close at 5.12, rose early in the day to 5.25. Most of the business was in these two classes of provisions.

New York provision market is cabled as proceeding on the same lines.

Barrett was a large buyer of wheat at these slightly improved prices, which it is thought will work higher, owing to there being very little wheat offered.

Hogs received to-day, 28,000, and 30,000 estimated for to-morrow.

Primary receipts last week, 1,619,005; shipments, 1,141,710; last year shipments being 156,515, with shipments, 98,156.

Car lots received: Wheat 90, shipments 9,000; corn 415, shipments 218,205; oats, 163, shipments 9,805.
