

## PORTAGE LA PRAIRIE.

Goldie & Co. have let contract for a \$1,500 addition to their brewery.

The Ogilvie elevator is nearly completed. The C.P.R. have run a switch past it.

The brick for the Brandon court house is being shipped from W. P. Smith's yard here.

The paper mill has considerable difficulty at present in obtaining sufficient straw to keep it in active operation.

The Assiniboine mills have shut down a short time, in order to put the mills in good shape to handle the new crop.

Mr. J. Robertson has been placed in charge of the Campbell & Fulton estate by Mr. Dowling, the assignee, who has returned to Ontario.

Mr. A. Mowat is retiring from the banking firm of Alloway, Champion & Mowat, with which he has been connected for the past two or three years.

The crops are looking well, and in about a week harvesting operations will be in full blast. It is feared that some of the late grain may be injured by frost.

The Portage Knitting Company is applying for letters patent of incorporation. The applicants are:—Thomas Garland, F. McLean, W. R. Black, Robt. Watson, H. Leroy, H. C. Patterson, W. P. Smith, E. W. Snider and D. Rodger. The capital stock of the company is placed at \$100,000, divided into one thousand shares of \$100 each. The object of the company is the manufacture of woollen goods of all kinds.

## MANITOBA CITY.

We want now a few reliable men of capital and energy. With such the success of and growth of Manitoba City is beyond question.

Our long tried patience has at last been rewarded by seeing the announcement over Mr. Van Horn's signature, that a station has been permanently located at Manitoba City. This announcement gave great satisfaction to all persons in this section of country, and all were still further pleased when they saw Mr. Stewart with a large force of men and teams commence to grade up the road from the present terminus to the site of the new station. They are getting on rapidly with the work, and we expect to see sidings and all completed in three or four weeks.

We understand it is the intention of the C. P.R. Co. to erect a large and substantial passenger station, as well as commodious freight sheds, also that they will make this the end of a division and erect a round house and repair shops here.

Mr. John Stewart deserves the success which he has thus far obtained in getting the town site located beyond the possibility of a doubt, for no person in any enterprise has displayed more energy or patience than he. And now that there will certainly be a most substantial boom here in his favor we understand he intends to deal liberally with all who desire to purchase lots. Already we have had several parties here seeing what are the prospects. All seem highly delighted with the situation. One gentleman has bought forty or fifty lots, and has two car loads of material on the ground for the erection of two stores. Several other buildings are projected, amongst them one or two large hotels,

and five or six implement warehouses, and just here we might mention that the amount of farm implements and machinery sold here during this season has run up to about \$100,000, and we are told by agents that this is one of the best points in Manitoba for these goods.
