

LISTERINE.

THE STANDARD
ANTISEPTIC.

LISTERINE is to make and maintain surgical cleanliness in the antiseptic and prophylactic treatment and care of all parts of the human body.

LISTERINE is of accurately determined and uniform antiseptic power, and of positive originality.

LISTERINE is kept in stock by all worthy pharmacists everywhere.

LISTERINE is taken as the standard of antiseptic preparations: The imitators all say, "It is something like LISTERINE."

**LAMBERT'S
LITHIATED
HYDRANGEA**

A valuable Renal Alterative and Anti-Lithic agent of marked service in the treatment of Cystitis, Gout, Rheumatism, and diseases of the Uric Diathesis generally.

DESCRIPTIVE LITERATURE UPON APPLICATION.

**LAMBERT PHARMACAL COMPANY,
ST. LOUIS.**

Why Not ?

Why not prescribe cream and call it something "just as good as cod-liver oil?"

Why not prescribe petroleum oil or kerosene and call it a "substitute for cod-liver oil?"

Because

There is no other oil like cod-liver oil. No other oil has the slightest resemblance to it in therapeutic power. No other oil is recommended in its place by a single authority on therapeutics.

It is a clear case of cod-liver oil—or nothing.

Scott's Emulsion

Contains the whole oil, thoroughly emulsified, and combined with the hypophosphites and glycerine. It has been the one standard for a quarter of a century. It never separates, and is practically odorless and tasteless.

SCOTT & BOWNE, Toronto
