THE COOK'S FRIEND
BAKING POWDER

For making without Yeast, and by a more wholesome process, all kinds of Bread, Bolls, Buns, Tea Cakes, and Pancakes; also, Pie-Crust and other Pastry.

This valuable preparation entirely dispenses with Yeast in the making of Healthy and Nutritious Bread.

In making Pie-Crust and Pastry, the aid of a small quantity of the Cook's Friend will enable thrifty housekeepers to save three-quarters of the usual quantity of Shortening; and Pastry made with it is lighter and more healthy than when made with Butter alone.

Full directions for use are on each packet, also the registered trade mark, without which none is genuine. Particular attention is asked to this, as the great success of the Cook's Friend has called forth numerous imitators, but not one rival.

It needs but a single trial to secure its further and constant use, and verify the quotation at the head of this: "Once used, always used."

The Cook's Friend Baking Powder is manufactured only by

W. D. McLAREN,
MONTREAL.

And is for sale by respectable Grocers and Druggists throughout the Provinces
