NEW BRUNSWICK MILITIA.

: : IN THE MARCH NUMBER OF : :

The New Brunswick Magazine

: : WILL APPEAR THE FIRST OF THREE PAPERS : :

By Lieut. Colonel Maunsell,

Late District Officer Commanding Military District No. 8,
Commanding Royal Regiment of Canadian Infantry and
Inspector of Infantry. These papers will be a retrospect
of more than thirty years of the

History of the Militia of the Province.

Colonel Maunsell is the man who is qualified to speak not
only "from the book" but from personal knowledge.
To his efforts the militia owes much of its present effi-
ciency, and his record of events will be a most important
addition to the recorded history of New Brunswick.
It should be read and preserved by every man who is
interested in the past and present of our citizen soldiers.
