The announcement that appeared in the daily papers last Tuesday, Nov. 14, to the effect that the Silver Jubilee of St. Mary's Academy was postponed until Dec. 14 had been made in our own columns just one week before, viz., Nov. 7.

The Mrs. Hazen, whom Admiral Dewey has just married, is a convert to the Catholic faith. This effectually precludes his becoming President, not because the law of the U. S. forbids, but because the majority of the voters are intolerant.

The long expected chime of bells for the Immaculate Conception Church is now in that church and the belfry for them has been strengthened. The order for these beautiful bells, and they are indeed beautiful, was given last February and they were cast according to Father Cherrier's directions. It is hoped that

"What a difference in the suffering at time of childbirth"

When Dr. R. V. Pierce's medicines are used," writes Mrs. Edmon Jacobs, of Bargarville, Johnson County, Ind., "I had not heard of Dr. Pierce's medicines three years ago when I was confined, so had to suffer almost death. Before baby was born I could not be on my feet without two persons holding me. The baby was a boy weighing nine and three-quarter pounds, and for some weeks after his birth I suffered severe pain. Last fall, following the advice of a neighbor, my husband bought me Doctor Pierce's Favorite Prescription. I gave birth to a baby boy weighing ten and three-quarter pounds. I was only in labor two hours and was on my feet without help until thirty minutes before my baby was born. He is now three months old and weighs nineteen pounds. I know it was Dr. Pierce's medicine that saved me from suffering. I advise all women to take Dr. Pierce's Favorite Prescription, also his 'Pleasant Pellets' if necessary."

Following the advice of a neighbor, "What a weight of confirmatory evidence there is in those six words. The neighbor had tried the 'Favorite Prescription' and recommended it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are unimportant. Mrs. Jacobs' experience is a fact. Her neighbor's experience is a fact. The written experiences of 250,000 other women are facts. There is no theory about it. There can be no question about it. In every neighborhood in this broad land there are women who have been cured by the 'Favorite Prescription.' It has cured more cases of female complaint than all other medicines for women combined. It is the only medicine of its kind invented by a skilled specialist in medicine—a regularly graduated physician of more than thirty years' actual experience.
